

Edison Electric Institute Overview

Edison Electric Institute

Power by AssociationSM

EEI Membership

- EEI's U.S. shareholder-owned electric company members serve 95 percent of the ultimate customers in this segment of the industry, and represent approximately 70 percent of the U.S. electric power industry.
- EEI advocates on behalf of its members before Congress, federal and state regulatory agencies, the courts, and various industry organizations.
- EEI maintains comprehensive statistical data on shareholder-owned electric companies and the electricity industry.

Current Issues

- Rate cases and alternative forms of regulation
- Infrastructure (generation, transmission, distribution)
- Smart Grid
- Cyber security
- Environmental regulations from EPA affecting air emissions, water use and coal ash
- Impact of environmental regulations on reliability

Current Issues

- Shale gas
 - Issues surrounding its extraction
 - Necessity of building pipelines where needed
- Financial reform and its impact on use of derivatives in managing financial risk
- Transmission incentives
- Electric transportation
- Renewable requirements
