## Strategies for communication

- Regular meetings with major stakeholders
- Promotion
- Trainings for EAs /ESCos
- Incentives for customers who achieved ahead of planned ee targets
- Penalties and other regulatory instruments for unachieved ee targets or inefficient utilization

## Balancing interests

- EEA/EEU/EEP are urging for full implementation of ee frameworks
- Incurs additional costs on customers especially industries to replace ee equipment
- Causes differences on action plans of implementation
- Gradual implementation of the framework is expected
- EEA must convince both parties to agree on the action plans.
