Such detailed report shall contain all the required statistics for the period of twelve months ending on the last day of any particular month prescribed by the commission for any public service company. Such reports shall be made out under oath and filed with the commission at its office in Olympia on such date as the commission specifies by rule, unless additional time be granted in any case by the commission. The commission shall have authority to require any public service company to file monthly reports of earnings and expenses, and to file periodical or special, or both periodical and special, reports concerning any matter about which the commission is authorized or required by this or any other law, to inquire into or keep itself informed about, or which it is required to enforce, such periodical or special reports to be under oath whenever the commission so requires. The commission

may, in its discretion, prescribe the forms of any and all reports, accounts, records and memoranda to be furnished and kept by any public service company whose line or lines extend beyond the limits of this state, which are operated partly within and partly without the state, so that the same shall show any information required by the commission concerning the traffic movement, receipts and expenditures appertaining to those parts of the line within the state. [1961 c 14 § 81.04.090. Prior: 1911 c 117 § 78, part; RRS § 10416, part.]

**RCW 81.04.100 Production of out-of-state books and records.** The commission may by order with or without hearing require the production within this state, at such time and place as it may designate, of any books, accounts, papers or records kept by any public service company in any office or place without this state, or at the option of the company verified copies thereof, so that an examination thereof may be made by the commission or under its direction. [1961 c 14 § 81.04.100. Prior: 1933 c 165 § 2; 1911 c 117 § 79; RRS § 10421.]

**RCW 81.04.110 Complaint--Hearing.** Complaint may be made by the commission of its own motion or by any person or corporation, chamber of commerce, board of trade, or any commercial, mercantile, agricultural or manufacturing society, or any body politic or municipal corporation, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public service company or any person, persons, or entity acting as a public service company in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission.

When two or more public service companies or a person, persons, or entity acting as a public service company, (meaning to exclude municipal and other public corporations) are engaged in competition in any locality or localities in the state, either may make complaint against the other or others that the rates, charges, rules, regulations or practices of such other or others with or in respect to which the complainant is in competition, are unreasonable, unremunerative, discriminatory, illegal, unfair or intending or tending to oppress the complainant, to stifle competition, or to create or encourage the creation of monopoly, and upon such complaint or upon complaint of the commission upon its own motion, the commission shall have power, after notice and hearing as in other cases, to, by its order, subject to appeal as in other cases, correct the abuse complained of by establishing such uniform rates, charges, rules, regulations or practices in lieu of those complained of, to be observed by all of such competing public service companies in the locality or localities specified as shall be found reasonable, remunerative, nondiscriminatory, legal, and fair or tending to prevent oppression or monopoly or

to encourage competition, and upon any such hearing it shall be proper for the commission to take into consideration the rates, charges, rules, regulations and practices of the public service company or companies complained of in any other locality or localities in the state.

All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of complaints or grievances or misjoinder of parties; and in any review of the courts of orders of the commission the same rule shall apply and pertain with regard to the joinder of complaints and parties as herein provided: PROVIDED, All grievances to be inquired into shall be plainly set forth in the complaint. No complaint shall be dismissed because of the absence of direct damage to the complainant.

Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or company complained of, which shall be accompanied by a notice fixing the time when and place where a hearing will be had upon such complaint. The time fixed for such hearing shall not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. Rules of practice and procedure not otherwise provided for in this title may be prescribed by the commission. [1994 c 37 § 2; 1961 c 14 § 81.04.110. Prior: 1913 c 145 § 1; 1911 c 117 § 80; RRS § 10422.]

#### **NOTES:**

**Intent--1994 c 37:** "It is the intent of the legislature to clarify that the utilities and transportation commission has the authority to make more efficient use of its resources, provide quicker resolution of complaints regarding transportation tariff matters, eliminate duplicative hearings on classification and violation matters, and to make certain that criminal proceedings involving alleged violations of transportation tariffs not be dismissed because of confusion regarding whether a defendant has received a classification by the commission." [1994 c 37 § 1.]

**RCW 81.04.120 Hearing--Order--Record.** At the time fixed for the hearing mentioned in RCW 81.04.110, the complainant and the person or corporation complained of shall be entitled to be heard and introduce such evidence as he or it may desire. The commission shall issue process to enforce the attendance of all necessary witnesses. At the conclusion of such hearing the commission shall make and render findings concerning the subject matter and facts inquired into and enter its order based thereon. A copy of such order, certified under the seal of the commission, shall be served upon the person or corporation complained of, or his or its attorney, which order shall, of its own force, take effect and become operative twenty days after

the service thereof, except as otherwise provided. Where an order cannot, in the judgment of the commission, be complied with within twenty days, the commission may prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. A full and complete record of all proceedings had before the commission, or any member thereof, on any formal hearing had, and all testimony shall be taken down by a stenographer appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. In case of an action to review any order of the commission, a transcript of such testimony, together with all exhibits introduced, and of the record and proceedings in the cause, shall constitute the record of the commission. [1961 c 14 § 81.04.120. Prior: 1911 c 117 § 81; RRS § 10423.]

**RCW 81.04.130 Suspension of tariff change.** Whenever any public service company, other than a railroad company, files with the commission any schedule, classification, rule, or regulation, the effect of which is to change any rate, fare, charge, rental, or toll previously charged, the commission has power, either upon its own motion or upon complaint, upon notice, to hold a hearing concerning the proposed change and the reasonableness and justness of it. Pending the hearing and the decision the commission may suspend the operation of the rate, fare, charge, rental, or toll, if the change is proposed by a common carrier subject to the jurisdiction of the commission, other than a solid waste collection company, for a period not exceeding seven months, and, if proposed by a solid waste collection company, for a period not exceeding ten months from the time the change would otherwise go into effect. After a full hearing the commission may make such order in reference to the change as would be provided in a hearing initiated after the change had become effective.

At any hearing involving any change in any schedule, classification, rule, or regulation the effect of which is to increase any rate, fare, charge, rental, or toll theretofore charged, the burden of proof to show that such increase is just and reasonable is upon the public service company. When any common carrier subject to the jurisdiction of the commission files any tariff, classification, rule, or regulation the effect of which is to decrease any rate, fare, or charge, the burden of proof to show that such decrease is just and reasonable is upon the common carrier. [1993 c 300 § 1; 1984 c 143 § 1; 1961 c 14 § 81.04.130. Prior: 1941 c 162 § 1; 1937 c 169 § 2; 1933 c 165 § 3; 1915 c 133 § 1; 1911 c 117 § 82; Rem. Supp. 1941 § 10424.]

**RCW 81.04.140 Order requiring joint action.** Whenever any order of the commission shall require joint action by two or

more public service companies, such order shall specify that the same shall be made at their joint cost, and the companies affected shall have thirty days, or such further time, as the commission may prescribe, within which to agree upon the part or division of cost which each shall bear, and costs of operation and maintenance in the future, or the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations. If at the expiration of such time such companies shall fail to file with the commission a statement that an agreement has been made for the division or apportionment of such cost, the division of costs of operation and maintenance to be incurred in the future and the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations, the commission shall have authority, after further hearing, to enter a supplemental order fixing the proportion of such cost or expense to be borne by each company, and the manner in which the same shall be paid and secured. [1961 c 14 § 81.04.140. Prior: 1911 c 117 § 83; RRS § 10425.]

**RCW 81.04.150 Remunerative rate--No change without approval prohibited.** Whenever the commission finds, after hearing had upon its own motion or upon complaint as provided in this chapter, that any rate, toll, rental, or charge that has been the subject of complaint and inquiry is sufficiently remunerative to the public service company, other than a railroad company, affected by it, the commission may order that the rate, toll, rental, or charge shall not be changed, altered, abrogated, or discontinued, nor shall there be any change in the classification that will change or alter the rate, toll, rental, or charge without first obtaining the consent of the commission authorizing the change to be made. [1984 c 143 § 2; 1961 c 14 § 81.04.150. Prior: 1911 c 117 § 84; RRS § 10426.]

**RCW 81.04.160 Rules and regulations.** The commission is hereby authorized and empowered to adopt, promulgate and issue rules and regulations covering the bulletining of trains, showing the time of arrival and departure of all trains, and the probable arrival and departure of delayed trains; the conditions to be contained in and become a part of contracts for transportation of persons and property, and any and all services concerning the same, or connected therewith; the time that station rooms and offices shall be kept open; rules governing demurrage and reciprocal demurrage, and to provide reasonable penalties to expedite the prompt movement of freight and release of cars, the limits of express deliveries in cities and towns, and generally such rules as pertain to the comfort and convenience of the public concerning the subjects treated of in this title. Such rules and regulations shall be promulgated and issued by the commission on its own motion, and shall be served

on the public service company affected thereby as other orders of the commission are served. Any public service company affected thereby, and deeming such rules and regulations, or any of them, improper, unjust, unreasonable, or contrary to law, may within twenty days from the date of service of such order upon it file objections thereto with the commission, specifying the particular grounds of such objections. The commission shall, upon receipt of such objections, fix a time and place for hearing the same, and after a full hearing may make such changes or modifications thereto, if any, as the evidence may justify. The commission shall have, and it is hereby given, power to adopt rules to govern its proceedings, and to regulate the mode and manner of all investigations and hearings: PROVIDED, No person desiring to be present at such hearing shall be denied permission. Actions may be instituted to review rules and regulations promulgated under this section as in the case of orders of the commission. [1961 c 14 § 81.04.160. Prior: 1911 c 117 § 85; RRS § 10427.]

**RCW 81.04.170 Review of orders.** Any complainant or any public service company affected by any findings or order of the commission, and deeming such findings or order to be contrary to law, may, within thirty days after the service of the findings or order upon him or it, apply to the superior court of Thurston county for a writ of review, for the purpose of having the reasonableness and lawfulness of such findings or order inquired into and determined. Such writ shall be made returnable not later than thirty days from and after the date of the issuance thereof, unless upon notice to all parties affected further time be allowed by the court, and shall direct the commission to certify its record in the case to the court. Such cause shall be heard by the court without the intervention of a jury on the evidence and exhibits introduced before the commission and certified to by it. Upon such hearing the superior court shall enter judgment either affirming or setting aside or remanding for further action the findings or order of the commission under review. The reasonable cost of preparing the transcript of testimony taken before the commission shall be assessable as part of the statutory court costs, and the amount thereof, if collected by the commission, shall be deposited in the public service revolving fund. In case such findings or order be set aside, or reversed and remanded, the court shall make specific findings based upon evidence in the record indicating clearly all respects in which the commission's findings or order are erroneous. [1961 c 14 § 81.04.170. Prior: 1937 c 169 § 3; 1911 c 117 § 86; RRS § 10428.]

**RCW 81.04.180 Supersedeas.** The pendency of any writ of review shall not of itself stay or suspend the operation of the order of the commission, but the superior court in its

discretion may restrain or suspend, in whole or in part, the operation of the commission's order pending the final hearing and determination of the suit.

No order so restraining or suspending an order of the commission relating to rates, fares, charges, tolls or rentals, or rules or regulations, practices, classifications or contracts affecting the same, shall be made by the superior court otherwise than upon three days' notice and after hearing, and if a supersedeas is granted the order granting the same shall contain a specific finding, based upon evidence submitted to the court making the order, and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner, and specifying the nature of the damage.

In case the order of the commission under review is superseded by the court, it shall require a bond, with good and sufficient surety, conditioned that such company petitioning for such review shall answer for all damages caused by the delay in the enforcement of the order of the commission, and all compensation for whatever sums for transportation any person or corporation shall be compelled to pay pending the review proceedings in excess of the sum such person or corporations would have been compelled to pay if the order of the commission had not been suspended.

The court may, in addition to or in lieu of the bond herein provided for, require such other or further security for the payment of such excess charges or damages as it may deem proper. [1961 c 14 § 81.04.180. Prior: 1933 c 165 § 6; prior: 1931 c 119 § 2; 1911 c 117 § 87; RRS § 10429.]

**RCW 81.04.190 Appellate review.** The commission, any public service company or any complainant may, after the entry of judgment in the superior court in any action of review, seek appellate review as in other cases. [1988 c 202 § 63; 1971 ex.s. c 107 § 5; 1961 c 14 § 81.04.190. Prior: 1911 c 117 § 88; RRS § 10430.]

**Rules of court:** Cf. RAP 2.2.

**Severability--1988 c 202:** See note following RCW 2.24.050.

**RCW 81.04.200 Rehearing before commission.** Any public service company affected by any order of the commission, and deeming itself aggrieved, may, after the expiration of two years from the date of such order taking effect, petition the commission for a rehearing upon the matters involved in such order, setting forth in such petition the grounds and reasons for such rehearing, which grounds and reasons may comprise and consist of changed conditions since the issuance of such order,

or by showing a result injuriously affecting the petitioner which was not considered or anticipated at the former hearing, or that the effect of such order has been such as was not contemplated by the commission or the petitioner, or for any good and sufficient cause which for any reason was not considered and determined in such former hearing. Upon the filing of such petition, such proceedings shall be had thereon as are provided for hearings upon complaint, and such orders may be reviewed as are other orders of the commission: PROVIDED, That no order superseding the order of the commission denying such rehearing shall be granted by the court pending the review. In case any order of the commission shall not be reviewed, but shall be complied with by the public service company, such petition for rehearing may be filed within six months from and after the date of the taking effect of such order, and the proceedings thereon shall be as in this section provided. The commission, may, in its discretion, permit the filing of a petition for rehearing at any time. No order of the commission upon a rehearing shall affect any right of action or penalty accruing under the original order unless so ordered by the commission. [1961 c 14 § 81.04.200. Prior: 1911 c 117 § 89; RRS § 10431.]

**RCW 81.04.210 Commission may change orders.** The commission may at any time, upon notice to the public service company affected, and after opportunity to be heard as provided in the case of complaints rescind, alter or amend any order or rule made, issued or promulgated by it, and any order or rule rescinding, altering or amending any prior order or rule shall, when served upon the public service company affected, have the same effect as herein provided for original orders and rules. [1961 c 14 § 81.04.210. Prior: 1911 c 117 § 90; RRS § 10432.]

**RCW 81.04.220 Reparations.** When complaint has been made to the commission concerning the reasonableness of any rate, fare, toll, rental or charge for any service performed by any public service company, and the same has been investigated by the commission, and the commission has determined that the public service company has charged an excessive or exorbitant amount for such service, and the commission has determined that any party complainant is entitled to an award of damages, the commission shall order that the public service company pay to the complainant the excess amount found to have been charged, whether such excess amount was charged and collected before or after the filing of said complaint, with interest from the date of the collection of said excess amount. [1961 c 14 § 81.04.220. Prior: 1943 c 258 § 1; 1937 c 29 § 1; Rem. Supp. 1943 § 10433.]

**RCW 81.04.230 Overcharges--Refund.** When complaint has been made to the commission that any public service company has charged an amount for any service rendered in excess of the lawful rate in force at the time such charge was made, and the same has been investigated and the commission has determined that the overcharge allegation is true, the commission may order that the public service company pay to the complainant the amount of the overcharge so found, whether such overcharge was made before or after the filing of said complaint, with interest from the date of collection of such overcharge. [1961 c 14 § 81.04.230. Prior: 1937 c 29 § 2; RRS § 10433-1.]

**RCW 81.04.235 Limitation of actions.** All complaints against public service companies for recovery of overcharges shall be filed with the commission within two years from the time the cause of action accrues, and not after, except as hereinafter provided, and except that if claim for the overcharge has been presented in writing to the public service company within the two-year period of limitation, said period shall be extended to include six months from the time notice in writing is given by the public service company to the claimant of disallowance of the claim, or any part or parts thereof, specified in the notice.

If on or before expiration of the two-year period of limitation for the recovery of overcharges, a public service company begins action under RCW 81.28.270 for recovery of charges in respect of the same transportation service, or, without beginning action, collects charges in respect of that service, said period of limitation shall be extended to include ninety days from the time such action is begun or such charges are collected by the carrier.

All complaints against public service companies for the recovery of damages not based on overcharges shall be filed with the commission within six months from the time the cause of action accrues except as hereinafter provided.

The six-month period of limitation for recovery of damages not based on overcharges shall be extended for a like period and under the same conditions as prescribed for recovery of overcharges. If the six-month period for recovery of damages not based on overcharges has expired at the time action is commenced under RCW 81.28.270 for recovery of charges with respect to the same transportation service, or, without beginning such action, charges are collected with respect to that service, complaints therefor shall be filed with the commission within ninety days from the commencement of such action or the collection of such charges by the carrier. [1963 c 59 § 4; 1961 c 14 § 81.04.235. Prior: 1955 c 79 § 5.]

**RCW 81.04.236 When cause of action deemed to accrue.** The cause of action for the purposes of RCW 81.04.235, 81.04.240,

and 81.28.270 shall be deemed to accrue: (a) In respect of a shipment of property, upon delivery or tender of delivery thereof by the carrier, and not after; (b) in respect of goods or service or services other than a shipment of property, upon the rendering of an invoice or statement of charges by the public service company, and not after.

The provisions of this section shall extend to and embrace cases in which the cause of action has heretofore accrued as well as cases in which the cause of action may hereafter accrue. [1961 c 14 § 81.04.236. Prior: 1955 c 79 § 6.]

**RCW 81.04.240 Action in court on reparations and overcharges.** If the public service company does not comply with the order of the commission for the payment of damages or overcharges within the time limited in the order, action may be brought in any superior court where service may be had upon the company to recover the amount of damages or overcharges with interest. The commission shall certify and file its record in the case, including all exhibits, with the clerk of the court within thirty days after such action is started and the action shall be heard on the evidence and exhibits introduced before the commission and certified to by it.

If the complainant shall prevail in the action, the court shall enter judgment for the amount of damages or overcharges with interest and shall allow complainant a reasonable attorney's fee, and the cost of preparing and certifying the record for the benefit of and to be paid to the commission by complainant, and deposited by the commission in the public service revolving fund, said sums to be fixed and collected as a part of the costs of the action.

If the order of the commission is found contrary to law or erroneous by reason of the rejection of testimony properly offered, the court shall remand the cause to the commission with instructions to receive the testimony so proffered and rejected and enter a new order based upon the evidence theretofore taken and such as it is directed to receive.

The court may remand any action which is reversed by it to the commission for further action.

Appeals to the supreme court shall lie as in other civil cases. Action to recover damages or overcharges shall be filed in the superior court within one year from the date of the order of the commission.

The procedure provided in this section is exclusive, and neither the supreme court nor any superior court shall have jurisdiction save in the manner hereinbefore provided. [1961 c 14 § 81.04.240. Prior: 1955 c 79 § 4; 1943 c 258 § 2; 1937 c 29 § 3; Rem. Supp. 1943 § 10433-2.]

**RCW 81.04.250 Determination of rates.** The commission has the power upon complaint or upon its own motion to prescribe and

authorize just and reasonable rates for the transportation of persons or property by carriers other than railroad companies, and shall exercise that power whenever and as often as it deems necessary or proper. The commission shall, before any hearing is had upon the complaint or motion, notify the complainants and the carrier concerned of the time and place of the hearing by giving at least ten days' written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of prescribing and authorizing the rates. The notice is sufficient to authorize the commission to inquire into and pass upon the matters designated in this section.

In exercising this power the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing just and reasonable rates.

In the exercise of this power the commission may give consideration, in addition to other factors, to the following:

(1) To the effect of the rates upon movement of traffic by the carriers;

(2) To the public need for adequate transportation facilities, equipment, and service at the lowest level of charges consistent with the provision, maintenance, and renewal of the facilities, equipment and service; and

(3) To the carrier need for revenue of a level that under honest, efficient, and economical management is sufficient to cover the cost (including all operating expenses, depreciation accruals, rents, and taxes of every kind) of providing adequate transportation service, plus an amount equal to the percentage of that cost as is reasonably necessary for the provision, maintenance, and renewal of the transportation facilities or equipment and a reasonable profit to the carrier. The relation of carrier expenses to carrier revenues may be deemed the proper test of a reasonable profit.

This section does not apply to railroad companies, which shall be regulated in this regard by \*chapter 81.34 RCW and rules adopted thereunder. [1984 c 143 § 3; 1961 c 14 § 81.04.250. Prior: 1951 c 75 § 1; 1933 c 165 § 4; 1913 c 182 § 1; 1911 c 117 § 92; RRS § 10441.]

#### **NOTES:**

**\*Reviser's note:** Chapter 81.34 RCW was repealed by 1991 c 49 § 1.

**RCW 81.04.260 Summary proceedings.** Whenever the commission shall be of opinion that any public service company is failing or omitting, or about to fail or omit, to do anything required of it by law, or by order, direction or requirement of the commission, or is doing anything, or about to do anything, or permitting anything, or about to permit anything to be done contrary to or in violation of law or of any order, direction or

requirement of the commission authorized by this title, it shall direct the attorney general to commence an action or proceeding in the superior court of the state of Washington for Thurston county, or in the superior court of any county in which such company may do business, in the name of the state of Washington on the relation of the commission, for the purpose of having such violations or threatened violations stopped and prevented, either by mandamus or injunction. The attorney general shall thereupon begin such action or proceeding by petition to such superior court, alleging the violation complained of, and praying for appropriate relief by way of mandamus or injunction. It shall thereupon be the duty of the court to specify a time, not exceeding twenty days after the service of the copy of the petition, within which the public service company complained of must answer the petition. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances in such manner as the court shall direct, without other or formal pleadings, and without respect to any technical requirement. Such persons or corporations as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that the writ of mandamus or injunction, or both, issue as prayed for in the petition, or in such other modified form as the court may determine will afford appropriate relief. Appellate review of the final judgment may be sought in the same manner and with the same effect as review of judgments of the superior court in actions to review orders of the commission. All provisions of this chapter relating to the time of review, the manner of perfecting the same, the filing of briefs, hearings and supersedeas, shall apply to appeals to the supreme court or the court of appeals under the provisions of this section. [1988 c 202 § 64; 1971 c 81 § 143; 1961 c 14 § 81.04.260. Prior: 1911 c 117 § 93; RRS § 10442.]

**NOTES:**

**Severability--1988 c 202:** See note following RCW 2.24.050.

**RCW 81.04.270 Merchandise accounts to be kept separate.**

Any public service company engaging in the sale of merchandise or appliances or equipment shall keep separate accounts, as prescribed by the commission, of its capital employed in such business and of its revenues therefrom and operating expenses thereof. The capital employed in such business shall not constitute a part of the fair value of said company's property for rate making purposes, nor shall the revenues from or operating expenses of such business constitute a part of the operating revenues and expenses of said company as a public

service company. [1961 c 14 § 81.04.270. Prior: 1933 c 165 § 8; RRS § 10458-2.]

**RCW 81.04.280 Purchase and sale of stock by employees.** No public service company shall permit any employee to sell, offer for sale, or solicit the purchase of any security of any other person or corporation during such hours as such employee is engaged to perform any duty of such public service company; nor shall any public service company by any means or device require any employee to purchase or contract to purchase any of its securities or those of any other person or corporation; nor shall any public service company require any employee to permit the deduction from his wages or salary of any sum as a payment or to be applied as a payment of any purchase or contract to purchase any security of such public service company or of any other person or corporation. [1961 c 14 § 81.04.280. Prior: 1933 c 165 § 9; RRS § 10458-3.]

**RCW 81.04.290 Sale of stock to employees and patrons.** A corporate public service company, either heretofore or hereafter organized under the laws of this state, may sell to its employees and patrons any increase of its capital stock, or part thereof, without first offering it to existing stockholders: PROVIDED, That such sale is approved by the holders of a majority of the capital stock, at a regular or special meeting held after notice given as to the time, place, and object thereof as provided by law and the bylaws of the company. Such sales shall be at prices and in amounts for each purchaser and upon terms and conditions as set forth in the resolution passed at the stockholders' meeting, or in a resolution passed at a subsequent meeting of the board of trustees if the resolution passed at the stockholders' meeting shall authorize the board to determine prices, amounts, terms, and conditions, except that in either event a minimum price for the stock must be fixed in the resolution passed at the stockholders' meeting. [1961 c 14 § 81.04.290. Prior: 1955 c 79 § 7; 1923 c 110 § 1; RRS § 10344-1.]

**RCW 81.04.300 Budgets to be filed by companies--**  
**Supplementary budgets.** The commission may regulate, restrict, and control the budgets of expenditures of public service companies. Each company shall prepare a budget showing the amount of money which, in its judgment, will be needed during the ensuing year for maintenance, operation, and construction, classified by accounts as prescribed by the commission, and shall within ten days of the date it is approved by the company file it with the commission for its investigation and approval or rejection. When a budget has been filed with the commission it shall examine into and investigate it to determine whether

the expenditures therein proposed are fair and reasonable and not contrary to public interest.

Adjustments or additions to budget expenditures may be made from time to time during the year by filing a supplementary budget with the commission for its investigation and approval or rejection. [1961 c 14 § 81.04.300. Prior: 1959 c 248 § 15; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

**RCW 81.04.310 Commission's control over expenditures.** The commission may, both as to original and supplementary budgets, prior to the making or contracting for the expenditure of any item therein, and after notice to the company and a hearing thereon, reject any item of the budget. The commission may require any company to furnish further information, data, or detail as to any proposed item of expenditure.

Failure of the commission to object to any item of expenditure within sixty days of the filing of any original budget or within thirty days of the filing of any supplementary budget shall constitute authority to the company to proceed with the making of or contracting for such expenditure, but such authority may be terminated at any time by objection made thereto by the commission prior to the making of or contracting for such expenditure.

Examination, investigation, and determination of the budget by the commission shall not bar or estop it from later determining whether any of the expenditures made thereunder are fair, reasonable, and commensurate with the service, material, supplies, or equipment received. [1961 c 14 § 81.04.310. Prior: 1959 c 248 § 16; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

**RCW 81.04.320 Budget rules and regulations.** The commission may prescribe the necessary rules and regulations to place RCW 81.04.300 through 81.04.330 in operation. It may by general order, exempt in whole or in part from the operation thereof companies whose gross operating revenues are less than twenty-five thousand dollars a year. The commission may upon request of any company withhold from publication during such time as the commission may deem advisable, any portion of any original or supplementary budget relating to proposed capital expenditures. [1961 c 14 § 81.04.320. Prior: 1959 c 248 § 17; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

**RCW 81.04.330 Effect of unauthorized expenditure--  
Emergencies.** Any public service company may make or contract for any rejected item of expenditure, but in such case the same shall not be allowed as an operating expense, or as to items of construction, as a part of the fair value of the company's property used and useful in serving the public: PROVIDED, That

such items of construction may at any time thereafter be so allowed in whole or in part upon proof that they are used and useful. Any company may upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, riot, or insurrection, or for the immediate preservation or restoration to condition of usefulness of any of its property, the usefulness of which has been destroyed by accident, make the necessary expenditure therefor free from the operation of RCW 81.04.300 through 81.04.330.

Any finding and order entered by the commission shall be in effect until vacated and set aside in proper proceedings for review thereof. [1961 c 14 § 81.04.330. Prior: 1959 c 248 § 18; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

**RCW 81.04.350 Depreciation and retirement accounts.** The commission shall have power after hearing to require any or all public service companies to carry proper and adequate depreciation or retirement accounts in accordance with such rules, regulations and forms of accounts as the commission may prescribe. The commission may from time to time ascertain and by order fix the proper and adequate rates of depreciation or retirement of the several classes of property of each public service company. Each public service company shall conform its depreciation or retirement accounts to the rates so prescribed. In fixing the rate of the annual depreciation or retirement charge, the commission may consider the rate and amount theretofore charged by the company for depreciation or retirement.

The commission shall have and exercise like power and authority over all other reserve accounts of public service companies. [1961 c 14 § 81.04.350. Prior: 1937 c 169 § 4; 1933 c 165 § 13; RRS § 10458-7.]

**RCW 81.04.360 Excessive earnings to reserve fund.** If any public service company earns in the period of five consecutive years immediately preceding the commission order fixing rates for such company a net utility operating income in excess of a reasonable rate of return upon the fair value of its property used and useful in the public service, the commission shall take official notice of such fact and of whether any such excess earnings shall have been invested in such company's plant or otherwise used for purposes beneficial to the consumers of such company and may consider such facts in fixing rates for such company. [1961 c 14 § 81.04.360. Prior: 1959 c 285 § 3; 1933 c 165 § 14; RRS § 10458-8.]

Any public service company which shall violate or fail to comply with any provision of this title, or which fails, omits or neglects to obey, observe or comply with any order, rule, or any direction, demand or requirement of the commission, shall be subject to a penalty of not to exceed the sum of one thousand dollars for each and every offense. Every violation of any such order, direction or requirement of this title shall be a separate and distinct offense, and in case of a continuing violation every day's continuance thereof shall be and be deemed to be a separate and distinct offense. **RCW 81.04.385 Penalties--Violations by officers, agents, and employees of public service companies and persons or entities acting as public service companies.** Every officer, agent or employee of any public service company or any person, persons, or entity acting as a public service company, who shall violate or fail to comply with, or who procures, aids or abets any violation by any public service company of any provision of this title, or who shall fail to obey, observe or comply with any order of the commission, or any provision of any order of the commission, or who procures, aids or abets any such public service company in its failure to obey, observe and comply with any such order or provision, shall be guilty of a gross misdemeanor. Every such violation shall be a separate and distinct offense, and the penalty shall be recovered in an action as provided in RCW 81.04.400. [1961 c 14 § 81.04.387. **RCW 81.16.020 Dealings with affiliated interests--Prior filing with commission required--Commission may disapprove.**

Every public service company shall file with the commission a verified copy, or a verified summary if unwritten, of a contract or arrangement providing for the furnishing of management, supervisory construction, engineering, accounting, legal,

financial, or similar services, or any contract or arrangement for the purchase, sale, lease, or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than those enumerated in this section, hereafter made or entered into between a public service company and any affiliated interest as defined in this chapter, including open account advances from or to the affiliated interests. The filing must be made prior to the effective date of the contract or arrangement. Modifications or amendments to the contracts or arrangements with affiliated interests must be filed with the commission prior to the effective date of the modification or amendment. The commission may at any time after receipt of the contract or arrangement institute an investigation and disapprove the contract, arrangement, or amendment thereto if the commission finds the public service company has failed to prove that it is reasonable and consistent with the public interest. The commission may disapprove any such contract or arrangement if satisfactory proof is not submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service described in this section. [1998 c 47 § 6; 1961 c 14 § 81.16.020. Prior: 1941 c 160 § 1; 1933 c 152 § 1; Rem. Supp. 1941 § 10440-2.]

**RCW 81.16.030 Payments to affiliated interest disallowed if not reasonable.** In any proceeding, whether upon the commission's own motion or upon complaint, involving the rates or practices of any public service company, the commission may exclude from the accounts of the public service company any payment or compensation to an affiliated interest for any services rendered or property or service furnished, as described in this section, under existing contracts or arrangements with the affiliated interest unless the public service company establishes the reasonableness of the payment or compensation. In the proceeding the commission shall disallow the payment or compensation, in whole or in part, in the absence of satisfactory proof that it is reasonable in amount. In such a proceeding, any payment or compensation may be disapproved or disallowed by the commission, in whole or in part, if satisfactory proof is not submitted to the commission of the cost to the affiliated interest of rendering the service or furnishing the property or service described in this section. [1998 c 47 § 7; 1961 c 14 § 81.16.030. Prior: 1933 c 152 § 3; RRS § 10440-3.]

**RCW 81.16.040 Satisfactory proof, what constitutes.** No proof shall be satisfactory, within the meaning of RCW 81.16.010 through 81.16.030, unless it includes the original (or verified copies) of the relevant cost records and other relevant accounts of the affiliated interest, or such abstract thereof or summary

taken therefrom, as the commission may deem adequate, properly identified and duly authenticated: PROVIDED, HOWEVER, That the commission may, where reasonable, approve or disapprove such contracts or arrangements without the submission of such cost records or accounts. [1961 c 14 § 81.16.040. Prior: 1933 c 152 § 4; RRS § 10440-4.]

**RCW 81.16.050 Commission's control is continuing.** The commission shall have continuing supervisory control over the terms and conditions of such contracts and arrangements as are herein described so far as necessary to protect and promote the public interest. The commission shall have the same jurisdiction over the modifications or amendment of contracts or arrangements as are herein described as it has over such original contracts or arrangements. The fact that a contract or arrangement has been filed with, or the commission has approved entry into such contracts or arrangements, as described herein, shall not preclude disallowance or disapproval of payments made pursuant thereto, if upon actual experience under such contract or arrangement, it appears that the payments provided for or made were or are unreasonable. Every order of the commission approving any such contract or arrangement shall be expressly conditioned upon the reserved power of the commission to revise and amend the terms and conditions thereof, if, when and as necessary to protect and promote the public interest. [1998 c 47 § 8; 1961 c 14 § 81.16.050. Prior: 1933 c 152 § 5; RRS § 10440-5.]

**RCW 81.16.060 Summary order on nonapproved payments.** Whenever the commission shall find upon investigation that any public service company is giving effect to any such contract or arrangement without such contract or arrangement having been filed or approved, the commission may issue a summary order prohibiting the public service company from treating any payments made under the terms of such contract or arrangement as operating expenses or as capital expenditures for rate or valuation purposes, unless and until such contract or arrangement has been filed with the commission or until payments have received the approval of the commission. [1998 c 47 § 9; 1961 c 14 § 81.16.060. Prior: 1933 c 152 § 6; RRS § 10440-6.]

**RCW 81.16.070 Summary order on payments after disallowance.** Whenever the commission finds upon investigation that any public service company is making payments to an affiliated interest, although the payments have been disallowed or disapproved by the commission in a proceeding involving the public service company's rates or practices, the commission shall issue a summary order directing the public service company to not treat the payments as operating expenses or capital

expenditures for rate or valuation purposes, unless and until the payments have received the approval of the commission. [1998 c 47 § 10; 1961 c 14 § 81.16.070. Prior: 1933 c 152 § 7; RRS § 10440-7.]

**RCW 81.16.075 Application of chapter--Solid waste collection companies.** This chapter does not apply to a determination of the base for collection rates for solid waste collection companies meeting the requirements under RCW 81.77.160(3). [1997 c 434 § 2.]

**RCW 81.16.080 Court action to enforce orders.** The superior court of Thurston county is authorized to enforce such orders to cease and desist by appropriate process, including the issuance of a preliminary injunction, upon the suit of the commission. [1961 c 14 § 81.16.080. Prior: 1933 c 152 § 8; RRS § 10440-8.]

**RCW 81.16.090 Review of orders.** Any public service company or affiliated interest deeming any decision or order of the commission to be in any respect or manner improper, unjust or unreasonable may have the same reviewed in the courts in the same manner and by the same procedure as is now provided by law for review of any other order or decision of the commission. [1961 c 14 § 81.16.090. Prior: 1933 c 152 § 9; RRS § 10440-9.]

The commission shall ascertain such expenses, and, after giving notice and an opportunity to be heard, shall render a bill therefor by registered mail to the public service company, either at the conclusion of the investigation, valuation, appraisal or services, or from time to time during its progress. Within thirty days after a bill has been mailed such public service company shall pay to the commission the amount of the bill, and the commission shall transmit such payment to the state treasurer who shall credit it to the public service revolving fund. Upon failure of the public service company to pay the bill, the attorney general shall proceed in the name of the state by civil action in the superior court for Thurston county against such public service company to collect the amount due, together with interest and costs of suit. [1961 c 14 § 81.20.030. Prior: 1939 c 203 § 2(b); RRS § 10458-6a(b).]

**RCW 81.20.040 Commission's determination of necessity as evidence.** In such action the commission's determination of the necessity of the investigation, valuation, appraisal or services shall be conclusive evidence of such necessity, and its findings and determination of facts expressed in bills rendered pursuant to RCW 81.20.020 through 81.20.060 or in any proceedings determinative of such bills shall be prima facie evidence of such facts. [1961 c 14 § 81.20.040. Prior: 1939 c 203 § 2(c); RRS § 10458-6a(c).]

[1961 c 14 § 81.20.050. Prior: 1939 c 203 § 2(d); RRS § 10458-6a(d).]

**RCW 81.20.060 Limitation on frequency of investigations.** Expenses of a complete valuation, rate and service investigation shall not be assessed against a public service company under this chapter if such company shall have been subjected to and paid the expenses of a complete valuation, rate and service investigation during the preceding five years, unless the properties or operations of the company have materially changed or there has been a substantial change in its value for rate making purposes or in other circumstances and conditions affecting rates and services. **RCW 81.24.060 Intent of legislature--Regulatory cost records to be kept by commission.** It is the intent and purpose of the legislature that the several groups of public service companies shall each contribute sufficient in fees to the commission to pay the reasonable cost of regulating the several groups respectively. The commission shall keep accurate records of the costs incurred in regulating and supervising the several groups of companies subject to regulation or supervision and such records shall be open to inspection by all interested parties. The records and data upon which the commission's determination is made shall be considered prima facie correct in any proceeding instituted to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses. **NOTES:**

**Intent--1987 c 202:** See note following RCW 2.04.190.

**RCW 81.24.090 Pipeline safety fee--Reports--Procedure to contest fees--Regulatory incentive program.** (1)(a) Every hazardous liquid pipeline company as defined in RCW 81.88.010 shall pay an annual pipeline safety fee to the commission. The pipeline safety fees received by the commission shall be deposited in the pipeline safety account created in RCW 81.88.050.

(b) The aggregate amount of fees set shall be sufficient to recover the reasonable costs of administering the pipeline safety program, taking into account federal funds used to offset the costs. The fees established under this section shall be designed to generate revenue not exceeding appropriated levels of funding for the current fiscal year. At a minimum, the fees established under this section shall be sufficient to adequately fund pipeline inspection personnel, the timely review of pipeline safety and integrity plans, the timely development of spill response plans, the timely development of accurate maps of pipeline locations, participation in federal pipeline safety efforts to the extent allowed by law, and the staffing of the citizens committee on pipeline safety.

(c) Increases in the aggregate amount of fees over the immediately preceding fiscal year are subject to the requirements of RCW 43.135.055.

(2) The commission shall by rule establish the methodology it will use to set the appropriate fee for each entity subject to this section. The methodology shall provide for an equitable distribution of program costs among all entities subject to the fee. The fee methodology shall provide for:

(a) Direct assignment of average costs associated with annual standard inspections, including the average number of inspection days per year. In establishing these directly assignable costs, the commission shall consider the requirements and guidelines of the federal government, state safety standards, and good engineering practice[s]; and

(b) A uniform and equitable means of estimating and allocating costs of other duties relating to inspecting pipelines for safety that are not directly assignable, including but not limited to design review and construction inspections, specialized inspections, incident investigations, geographic mapping system design and maintenance, and administrative support.

(3) The commission shall require reports from those entities subject to this section in the form and at such time as necessary to set the fees. After considering the reports supplied by the entities, the commission shall set the amount of the fee payable by each entity by general order entered before July 1st of each year.

(4) For companies subject to RCW 81.24.010, the commission shall collect the pipeline safety fee as part of the fee specified in RCW 81.24.010. The commission shall allocate the moneys collected under RCW 81.24.010 between the pipeline safety program and for other regulatory purposes. The commission shall adopt rules that assure that fee moneys related to the pipeline safety program are maintained separately from other moneys collected by the commission under this chapter.

(5) Any payment of the fee imposed by this section made after its due date must include a late fee of two percent of the amount due. Delinquent fees accrue interest at the rate of one percent per month.

(6) The commission shall keep accurate records of the costs incurred in administering its hazardous liquid pipeline safety program, and the records are open to inspection by interested parties. The records and data upon which the commission's determination is made shall be prima facie correct in any proceeding to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses.

(7) If any entity seeks to contest the imposition of a fee imposed under this section, that entity shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission.

(8) After establishing the fee methodology by rule as required in subsection (2) of this section, the commission shall create a regulatory incentive program for pipeline safety programs in collaboration with the citizens committee on pipeline safety. The regulatory incentive program created by the commission shall not shift costs among companies paying pipeline safety fees and shall not decrease revenue to pipeline safety programs. The regulatory incentive program shall not be implemented until after the review conducted according to RCW 81.88.150. [2001 c 238 § 3.]

**RCW 81.28.040 Tariff schedules to be filed with commission--Public schedules--Commission's powers as to schedules.** Every common carrier shall file with the commission and shall print and keep open for public inspection, schedules showing the rates, fares, charges, and classification for the transportation of persons and property within the state between each point upon the carrier's route and all other points thereon; and between each point upon its route and all points upon every route leased, operated, or controlled by it; and between each point on its route or upon any route leased, operated, or controlled by it and all points upon the route of any other common carrier, whenever a through route and joint rate have been established or ordered between any two such points. If no joint rate over a through route has been established, the several carriers participating in the through route shall file, print, and keep open for public inspection, the separately established rates, fares, charges, and classifications that apply to the through transportation. The schedules printed shall plainly state the places between which property and persons will be carried, shall also contain classification of passengers or property in force, and shall also state separately all terminal charges, storage charges, icing charges, and all other charges that the commission may require to be stated, all privileges or facilities granted or allowed, and any rules or regulations that may in any way change, affect, or determine any part, or the aggregate of, such rates, fares, and charges, or the value of the service rendered to the passenger, shipper, or consignee. The schedule shall be plainly printed in large type, and a copy of it shall be kept by every carrier readily accessible to inspection by the public in every station or office of the carrier where passengers or property are respectively received for transportation, when the station or office is in charge of any agent. All or any of the schedules kept as provided in this section shall be immediately produced by the carrier for inspection upon the demand of any person. A notice printed in bold type and stating that the schedules are on file with the agent and open to inspection by any person and that the agent will assist any person to determine from the schedules any transportation rates or fares or rules or regulations that are in force shall be kept posted by the carrier in two public and conspicuous places in every such station or office. The form of each schedule shall be prescribed by the commission.

The commission has power, from time to time, to determine and prescribe by order such changes in the form of the schedules as may be found expedient, and to modify the requirements of this section in respect to publishing, posting, and filing of schedules either in particular instances or by general rule or

In the case of a solid waste collection company, no such change may be made except after forty-five days' notice to the commission and to the public. The notice shall be published as provided in RCW 81.28.040 and shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rate, classification, fare, or charge will go into effect. All proposed changes shall be shown by printing, filing, and publishing new schedules or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. The commission, for good cause shown, may by order allow changes in rates without requiring the notice and the publication time periods specified in this section. When any change is made in any rate, fare, charge, classification, rule, or regulation, attention shall be directed to the change by some character on the schedule. The character and its placement shall be designated by the commission. The commission may, by order, for good cause shown, allow changes in any rate, fare, charge, classification, rule, or regulation without requiring any character to indicate each and every change to be made. Common carriers subject to the provisions of this title may carry, store or handle, free or at reduced rates, property for the United States, state, county or municipal governments, or for charitable purposes, or to or from fairs and exhibitions for exhibition thereat, and may carry, store or handle, free or at reduced rates, the household goods and personal effects of its employees and those entering or leaving its service and those killed or dying while in its service.

Nothing in this title shall be construed to prohibit the making of a special contract providing for the mutual exchange

of service between any railroad company and any telegraph or telephone company, where the line of such telegraph or telephone company is situated upon or along the railroad right of way and used by both of such companies. **RCW 81.28.180 Rate discrimination prohibited.** A common carrier shall not, directly or indirectly, by any special rate, rebate, drawback, or other device or method, charge, demand, collect, or receive from any person or corporation a greater or lesser compensation for any service rendered or to be rendered in the transportation of persons or property, except as authorized in this title, than it charges, demands, collects, or receives from any person or corporation for doing a like and contemporaneous service in the transportation of a like kind of traffic under the same or substantially similar circumstances and conditions. This section does not apply to railroad companies, which shall be regulated in this regard by \*chapter 81.34 RCW and rules adopted thereunder. [1984 c 143 § 6; 1961 c 14 § 81.28.180. Upon application of a common carrier the commission may by order authorize it to charge less for a longer than for a shorter distance for the transportation of persons or property in special cases after investigation by the commission, but the order must specify and prescribe the extent to which the common carrier making the application is relieved from the operation of this section. **RCW 81.44.020 Correction of unsafe or defective conditions--Failure to have walkways and handrails as unsafe or defective condition, when.** If upon investigation the commission shall find that the equipment or appliances in connection therewith, or the apparatus, tracks, bridges or other structures of any common carrier are defective, and that the operation thereof is dangerous to the employees of such common carrier or to the public, it shall immediately give notice to the superintendent or other officer of such common carrier of the repairs or reconstruction necessary to place the same in a safe condition, and may also prescribe the rate of speed for trains or cars passing over such dangerous or defective track, bridge or other structure until the repairs or reconstruction required are made, and may also prescribe the time within which the same shall be made. Or if, in its opinion, it is needful or proper, it may forbid the running of trains or cars over any defective track, bridge or structure until the same be repaired and placed in a safe condition. Failure of a railroad bridge or trestle to be equipped with walkways and handrails may be identified as an unsafe or defective condition under this section after hearing had by the commission upon complaint or on its own motion. The commission in making such determination shall balance considerations of employee and public safety with the potential for increased danger to the public resulting from adding such walkways or handrails to railway bridges: PROVIDED, That a railroad company and its employees shall not be liable for injury to or death of any person occurring on or about any railway bridge or trestle if such person was not a railway employee but was a trespasser or was otherwise not authorized to be in the location where such injury or death occurred.

(2) Couplers coupling automatically by impact, which can be coupled or uncoupled without the necessity of men going between the locomotive and the locomotive or car to which the same is being coupled or from which it is being uncoupled, and with suitable uncoupling levers;

(3) Proper sill steps and grab irons, and with proper footboards if used in switching service;

(4) Electric headlights of approved design on each end in operating condition at all times;

**RCW 81.48.010 Failure to ring bell--Penalty--Exception.**  
Every engineer driving a locomotive on any railway who shall fail to ring the bell or sound the whistle upon such locomotive, or cause the same to be rung or sounded at least eighty rods from any place where such railway crosses a traveled road or street on the same level (except in cities, or in counties that enact ordinances applying only to crossings equipped with supplemental safety measures as provided in RCW 81.48.015), or to continue the ringing of such bell or sounding of such whistle until such locomotive shall have crossed such road or street, shall be guilty of a misdemeanor.

This section shall not apply to an engineer operating a locomotive within yard limits or when on track, which is not main line track, where crossing speed is restricted by published special instruction or bulletin to ten miles per hour or less. [1995 c 315 § 1; 1961 c 14 § 81.48.010. Prior: 1909 c 249 § 276; RRS § 2528.]

**RCW 81.48.015 Limiting or prohibiting the sounding of locomotive horns--Supplemental safety measures--Notice.** (1) The

legislature hereby authorizes cities and counties to enact ordinances limiting or prohibiting the sounding of locomotive horns, provided the ordinance applies only at crossings equipped with supplemental safety measures. A supplemental safety measure is a safety device defined in P.L. 103-440, section 20153(a)(3), as that law existed on November 2, 1994. A supplemental safety measure that prevents careless movement over the crossing (e.g., as where adequate median barriers prevent movement around crossing gates extending over the full width of the lanes in a particular direction of travel), shall be deemed to conform to those standards required under P.L. 103-440 unless specifically rejected by emergency order issued by the United States secretary of the department of transportation.

(2) Prior to enacting the ordinance, the cities and counties shall provide written notification to the railroad companies affected by the proposed ordinance, and to the state utilities and transportation commission, for the purpose of providing an opportunity to comment on the proposed ordinance.

**RCW 81.48.040 Procedure to fix speed limits--Change in limits.** After due investigation, the commission shall make and issue an order fixing and regulating the speed of railway trains within the limits of cities and towns other than first class cities. The speed limit to be fixed by the commission shall be discretionary, and it may fix different rates of speed for different cities and towns, which rates of speed shall be

commensurate with the hazard presented and the practical operation of the trains. The commission shall also fix and regulate the speed of railway trains at grade crossings as defined in RCW 81.53.010 where such grade crossings are outside the limits of cities and towns when in the judgment of the commission the public safety so requires; such speed limit to be fixed shall be discretionary with the commission and may be different for different grade crossings and shall be commensurate with the hazard presented and the practical operation of trains. The commission shall have the right from time to time, as conditions change, to either increase or decrease speed limits established under RCW 81.48.030 and 81.48.040. [1994 c 81 § 84; 1971 ex.s. c 143 § 2; 1961 c 14 § 81.48.040. Prior: 1943 c 228 § 2; Rem. Supp. 1943 § 10547-2.]

**RCW 81.48.050 Trains to stop at railroad crossings.** All railroads and street railroads, operating in this state shall cause their trains and cars to come to a full stop at a distance not greater than five hundred feet before crossing the tracks of another railroad crossing at grade, excepting at crossings where there are established signal towers, and signal men, interlocking plants or gates. **RCW 81.52.010 Physical connections.** Whenever the commission shall find, after a hearing made upon complaint or upon its own motion, that the public necessities and conveniences would be subserved by having track connections made, between any two or more railroads at any of the points hereinafter specified, the commission shall order any two or more railroads of the same or similar gauge to make physical connections at any and all crossings, and at all points where a railroad shall begin or terminate at or near any other railroad, and at or near all towns or cities, so that the cars of any such railroad company may be speedily transferred from one railroad to another, and shall order whether the expense thereof shall to be borne jointly or otherwise. **RCW 81.52.030 Sidetrack and switch connection may be ordered by commission.** Whenever the commission shall find, after a hearing had upon its own motion or upon complaint, as herein provided, that application has been made by any shipper for a switching connection or connections with a lateral line of railway or private side track owned, operated or controlled by such shipper, or that application has been made by any shipper for the installation of a side track upon the property of such railroad, and that such switch connection or side track is reasonably practicable, can be put in with reasonable safety, and the business therefor is sufficient to justify the same, and

that the railroad company has refused to install or provide the same, the commission shall enter its order requiring such connection or the construction of such side track: PROVIDED, That such shipper so to be served shall pay the legitimate cost and expense of constructing such connection or side track as shall be determined in separate items by the commission, and before the railroad company shall be compelled to incur any cost in connection therewith the same shall be secured to the railroad company in such manner as the commission may require. Whenever such lateral line of railway private side track or side track upon the property of the railroad company shall be constructed under the provisions of this section, any person or corporation shall be entitled to connect therewith or use the same upon the payment to the shipper incurring the primary expense of a reasonable proportion of the cost thereof, to be determined by the commission after notice to the interested parties: PROVIDED, That such connection can be made without unreasonable interference with the right of such shipper incurring the primary expense. **RCW 81.52.060 Fences--Liability for injury to stock.**

Every such person, company or corporation owning or operating such railroad shall be liable for all damages sustained in the injury or killing of stock in any manner by reason of the failure of such person, company or corporation, to construct and maintain such fence or such crossing or cattle guard; but when such fences, crossings and guards have been duly made, and shall be kept in good repair, such person, company or corporation shall not be liable for any such damages, unless negligently or unlawfully done. Art. 12 § 13.

Traffic devices required by utilities and transportation  
commission: RCW 47.36.050.

**RCW 81.53.010 Definitions.** The term "commission," when used in this chapter, means the utilities and transportation commission of Washington.

The term "highway," when used in this chapter, includes all state and county roads, streets, alleys, avenues, boulevards, parkways and other public places actually open and in use, or to be opened and used, for travel by the public.

The term "railroad," when used in this chapter, means every railroad, including interurban and suburban electric railroads, by whatsoever power operated, for the public use in the conveyance of persons or property for hire, with all bridges, ferries, tunnels, equipment, switches, spurs, sidings, tracks, stations and terminal facilities of every kind, used, operated, controlled, managed, or owned by or in connection therewith. The said term shall also include every logging and other industrial railway owned or operated primarily for the purpose of carrying the property of its owners or operators or of a limited class of persons, with all tracks, spurs and sidings used in connection therewith. The said term shall not include street railways operating within the limits of any incorporated city or town.

The term "railroad company," when used in this chapter, includes every corporation, company, association, joint stock association, partnership or person, its, their or his lessees, trustees or receivers appointed by any court whatsoever, owning, operating, controlling or managing any railroad, as that term is defined in this section.

The term "over-crossing," when used in this chapter, means any point or place where a highway crosses a railroad by passing above the same.

The term "under-crossing," when used in this chapter, means any point or place where a highway crosses a railroad by passing under the same.

The term "over-crossing" or "under-crossing," shall also mean any point or place where one railroad crosses another railroad not at grade.

The term "grade crossing," when used in this chapter, means any point or place where a railroad crosses a highway or a highway crosses a railroad or one railroad crosses another, at a

common grade. [1961 c 14 § 81.53.010. Prior: 1959 c 283 § 2; prior: (i) 1913 c 30 § 1; RRS § 10511. (ii) 1941 c 161 § 1; Rem. Supp. 1941 § 10511-1. Formerly RCW 81.52.080, part.]

**RCW 81.53.020 Grade separation required where practicable.**

All railroads and extensions of railroads hereafter constructed shall cross existing railroads and highways by passing either over or under the same, when practicable, and shall in no instance cross any railroad or highway at grade without authority first being obtained from the commission to do so. All highways and extensions of highways hereafter laid out and constructed shall cross existing railroads by passing either over or under the same, when practicable, and shall in no instance cross any railroad at grade without authority first being obtained from the commission to do so: PROVIDED, That this section shall not be construed to prohibit a railroad company from constructing tracks at grade across other tracks owned or operated by it within established yard limits. In determining whether a separation of grades is practicable, the commission shall take into consideration the amount and character of travel on the railroad and on the highway; the grade and alignment of the railroad and the highway; the cost of separating grades; the topography of the country, and all other circumstances and conditions naturally involved in such an inquiry. [1961 c 14 § 81.53.020. Prior: 1913 c 30 § 2; RRS § 10512. Formerly RCW 81.52.090.]

**RCW 81.53.030 Petition for crossing--Hearing--Order.**

Whenever a railroad company desires to cross a highway or railroad at grade, it shall file a written petition with the commission setting forth the reasons why the crossing cannot be made either above or below grade. Whenever the legislative authority of a county, or the municipal authorities of a city, or the state officers authorized to lay out and construct state roads, or the state parks and recreation commission, desire to extend a highway across a railroad at grade, they shall file a written petition with the commission, setting forth the reasons why the crossing cannot be made either above or below grade. Upon receiving the petition the commission shall immediately investigate it, giving at least ten days' notice to the railroad company and the county or city affected thereby, of the time and place of the investigation, to the end that all parties interested may be present and heard. If the highway involved is a state road or parkway, the secretary of transportation or the state parks and recreation commission shall be notified of the time and place of hearing. The evidence introduced shall be reduced to writing and be filed by the commission. If it finds that it is not practicable to cross the railroad or highway either above or below grade, the commission shall enter a written order in the cause, either granting or denying the right

to construct a grade crossing at the point in question. The commission may provide in the order authorizing a grade crossing, or at any subsequent time, that the railroad company shall install and maintain proper signals, warnings, flagmen, interlocking devices, or other devices or means to secure the safety of the public and its employees. In respect to existing railroad grade crossings over highways the construction of which grade crossings was accomplished other than under a commission order authorizing it, the commission may in any event require the railroad company to install and maintain, at or near each crossing, on both sides of it, a sign known as the sawbuck crossing sign with the lettering "Railroad Crossing" inscribed thereon with a suitable inscription indicating the number of tracks. The sign shall be of standard design conforming to specifications furnished by the Washington state department of transportation. [1984 c 7 § 373; 1961 c 14 § 81.53.030. **NOTES:**

**Severability--1984 c 7:** See note following RCW 47.01.141.

**RCW 81.53.040 Supplemental hearing--Change of route.** If the commission finds that it is impracticable to construct an over-crossing or under-crossing on the established or proposed highway, and shall find that by deflecting the established or proposed highway a practicable and feasible over-crossing or under-crossing or a safer grade crossing can be provided, it shall continue the hearing and hold a supplemental hearing thereon. At least ten days' notice of the time and place of the supplemental hearing shall be given to all landowners that may be affected by the proposed change in location of the highways. At the supplemental hearing the commission shall inquire into the propriety and necessity of changing and deflecting the highway as proposed. If the proposed change in route of the highway involves the abandonment and vacation of a portion of an established highway, the owners of land contiguous to the portion of the highway to be vacated shall, in like manner, be notified of the time and place of the supplemental hearing. At the conclusion of the hearing, the commission shall enter its findings in writing, and shall determine the location of the crossing which may be constructed, and whether it shall be an under-crossing, over-crossing or grade crossing, and shall determine whether or not any proposed change in the route of an existing highway, or the abandonment of a portion thereof is advisable or necessary to secure an over-crossing, under-crossing, or safer grade crossing. [1961 c 14 § 81.53.040. Prior: 1955 c 310 § 4; prior: 1937 c 22 § 1, part; 1913 c 30 § 3, part; RRS § 10513, part. Formerly RCW 81.52.110.]

**RCW 81.53.050 Requirements of order on change of route.**

If the commission finds and determines that a change in route of an existing highway, or vacation of a portion thereof, is necessary or advisable, it shall further find and determine what private property or property rights it is necessary to take, damage, or injuriously affect for the purpose of constructing the highway along a new route, and what private property or property rights, will be affected by the proposed vacation of a portion of an existing highway. The property and property rights found necessary to be taken, damaged, or affected shall be described in the findings with reasonable accuracy. In any action brought to acquire the right to take or damage any such property or property rights, the findings of the commission shall be conclusive as to the necessity therefor. A copy of the findings shall be served upon all parties to the cause. [1961 c 14 § 81.53.050. Prior: 1955 c 310 § 5; 1937 c 22 § 1, part; 1913 c 30 § 3, part; RRS § 10513, part. Formerly RCW 81.52.120.]

**RCW 81.53.060 Petition for alteration of crossing--Closure of grade crossing without hearing.** The mayor and city council, or other governing body of any city or town, or the legislative authority of any county within which there exists any under-crossing, over-crossing, or grade crossing, or where any street or highway is proposed to be located or established across any railroad, or any railroad company whose road is crossed by any highway, may file with the commission their or its petition in writing, alleging that the public safety requires the establishment of an under-crossing or over-crossing, or an alteration in the method and manner of an existing crossing and its approaches, or in the style and nature of construction of an existing over-crossing, under-crossing, or grade crossing, or a change in the location of an existing highway or crossing, the closing or discontinuance of an existing highway crossing, and the diversion of travel thereon to another highway or crossing, or if not practicable, to change the crossing from grade or to close and discontinue the crossing, the opening of an additional crossing for the partial diversion of travel, and praying that this relief may be ordered. If the existing or proposed crossing is on a state road, highway, or parkway, the petition may be filed by the secretary of transportation or the state parks and recreation commission. Upon the petition being filed, the commission shall fix a time and place for hearing the petition and shall give not less than twenty days' notice to the petitioner, the railroad company, and the municipality or county in which the crossing is situated. If the highway involved is a state highway or parkway, like notice shall be given to the secretary of transportation or the state parks and recreation commission. If the change petitioned for requires that private

lands, property, or property rights be taken, damaged, or injuriously affected to open up a new route for the highway, or requires that any portion of any existing highway be vacated and abandoned, twenty days' notice of the hearing shall be given to the owner or owners of the private lands, property, and property rights which it is necessary to take, damage, or injuriously affect, and to the owner or owners of the private lands, property, or property rights that will be affected by the proposed vacation and abandonment of the existing highway. The commission shall also cause notice of the hearing to be published once in a newspaper of general circulation in the community where the crossing is situated, which publication shall appear at least two days before the date of hearing. At the time and place fixed in the notice, all persons and parties interested are entitled to be heard and introduce evidence. In the case of a petition for closure of a grade crossing the commission may order the grade crossing closed without hearing where: (1) Notice of the filing of the petition is posted at, or as near as practical to, the crossing; (2) notice of the filing of the petition is published once in a newspaper of general circulation in the community or area where the crossing is situated, which publication shall appear within the same week that the notice referred to in subsection (1) of this section is posted; and (3) no objections are received by the commission within twenty days from the date of the publication of the notice. #### **NOTES:**

**Severability--1984 c 7:** See note following RCW 47.01.141.

**RCW 81.53.070 Hearing.** At the conclusion of the hearing the commission shall make and file its written findings of fact concerning the matters inquired into in like manner as provided for findings of fact upon petition for new crossings. The commission shall also enter its order based upon said findings of fact, which shall specify whether the highway shall continue at grade or whether it shall be changed to cross over or under the railroad in its existing location or at some other point, and whether an over-crossing or under-crossing shall be established at the proposed location of any street or highway or at some other point, or whether the style and nature of construction of an existing crossing shall be changed, or whether said highway shall be closed and travel thereon diverted to another channel, or any other change that the commission may find advisable or necessary: PROVIDED, That in an emergency where a highway is relocated to avoid a grade crossing, or a new crossing is constructed in the vicinity of an existing crossing

in the interest of public safety, the commission may order such existing crossing closed without notice or hearing as specified herein. In case the order made requires that private lands, property, or property rights be taken, damaged or injuriously affected, the right to take, damage or injuriously affect the same shall be acquired as hereinafter provided.

Any petition herein authorized may be filed by the commission on its own motion, and proceedings thereon shall be the same as herein provided for the hearing and determination of a petition filed by a railroad company. [1961 c 14 § 81.53.070. Prior: 1937 c 22 § 2, part; 1921 c 138 § 1, part; 1913 c 30 § 4, part; RRS § 10514, part. Formerly RCW 81.52.140.]

**RCW 81.53.080 Restrictions on structures, railway equipment, in proximity of crossings--Minimum clearance for under-crossings.** After February 24, 1937, no building, loading platform, or other structure which will tend to obstruct the vision of travelers on a highway or parkway, of approaching railway traffic, shall be erected or placed on railroad or public highway rights of way within a distance of one hundred feet of any grade crossing located outside the corporate limits of any city or town unless authorized by the commission, and no trains, railway cars or equipment shall be spotted less than one hundred feet from any grade crossing within or without the corporate limits of any city or town except to serve station facilities and existing facilities of industries.

The commission shall have the power to specify the minimum vertical and horizontal clearance of under-crossings constructed, repaired or reconstructed after February 24, 1937, except as to primary state highways. [1969 ex.s. c 210 § 9; 1961 c 14 § 81.53.080. Prior: 1937 c 22 § 2, part; 1921 c 138 § 1, part; 1913 c 30 § 4, part; RRS § 10514, part. Formerly RCW 81.52.150.]

**RCW 81.53.090 Duty to maintain crossings.** When a highway crosses a railroad by an over-crossing or under-crossing, the framework and abutments of the over-crossing or under-crossing, as the case may be, shall be maintained and kept in repair by the railroad company, and the roadway thereover or thereunder and approaches thereto shall be maintained and kept in repair by the county or municipality in which the same are situated, or if the highway is a state road or parkway, the roadway over or under the railroad shall be maintained and kept in repair as provided by law for the maintenance and repair of state roads and parkways.

The railings of over-crossings shall be considered a part of the roadway. Whenever a highway intersects a railroad at common grade, the roadway approaches within one foot of the outside of either rail shall be maintained and kept in repair by highway authority, and the planking or other materials between

the rails and for one foot on the outside thereof shall be installed and maintained by the railroad company. At crossings involving more than one track, maintenance by the railroad company shall include that portion of the crossing between and for one foot on the outside of each outside rail. The minimum length of such planking or other materials shall be twenty feet on installation or repairs made after February 24, 1937. [1961 c 14 § 81.53.090. **RCW 81.53.091 Underpasses, overpasses constructed with aid of federal funds--Apportionment of maintenance cost between railroad and state.** See RCW 47.28.150.

**RCW 81.53.100 Cost when railroad crosses highway.**  
Whenever, under the provisions of this chapter, new railroads are constructed across existing highways, or highway changes are made either for the purpose of avoiding grade crossings on such new railroads, or for the purpose of crossing at a safer and more accessible point than otherwise available, the entire expense of crossing above or below the grade of the existing highway, or changing the route thereof, for the purpose mentioned in this section, shall be paid by the railroad company. [1961 c 14 § 81.53.100. Prior: 1937 c 22 § 4A; 1925 ex.s. c 73 § 1A; 1921 c 138 § 2A; 1913 c 30 § 6A; RRS § 10516A. Formerly RCW 81.52.170.]

**RCW 81.53.110 Cost when highway crosses railroad.**  
Whenever, under the provisions of this chapter, a new highway is constructed across a railroad, or an existing grade crossing is eliminated or changed (or the style or nature of construction of an existing crossing is changed), the entire expense of constructing a new grade crossing, an overcrossing, undercrossing, or safer grade crossing, or changing the nature and style of construction of an existing crossing, including the expense of constructing approaches to such crossing and the expense of securing rights of way for such approaches, as the case may be, shall be apportioned by the commission between the railroad, municipality or county affected, or if the highway is a state road or parkway, between the railroad and the state, in such manner as justice may require, regard being had for all facts relating to the establishment, reason for, and construction of said improvement. If the highway involved is a state road or parkway, the amount not apportioned to the railroad company shall be paid as provided by law for constructing such state road or parkway. [1961 c 14 § 81.53.110. Prior: 1937 c 22 § 4B; 1925 ex.s. c 73 § 1B; 1921 c 138 § 2B; 1913 c 30 § 6B; RRS § 10516B. Formerly RCW 81.52.180.]

**RCW 81.53.120 Cost when railroad crosses railroad.**

Whenever two or more lines of railroad owned or operated by different companies cross a highway, or each other, by an over-crossing, under-crossing, or grade crossing required or permitted by this chapter or by an order of the commission, the portion of the expense of making such crossing not chargeable to any municipality, county or to the state, and the expense of constructing and maintaining such signals, warnings, flagmen, interlocking devices, or other devices or means to secure the safety of the public and the employees of the railroad company, as the commission may require to be constructed and maintained, shall be apportioned between said railroad companies by the commission in such manner as justice may require, regard being had for all facts relating to the establishment, reason for, and construction of said improvement, unless said companies shall mutually agree upon an apportionment. If it becomes necessary for the commission to make an apportionment between the railroad companies, a hearing for that purpose shall be held, at least ten days' notice of which shall be given. [1961 c 14 § 81.53.120. Prior: 1937 c 22 § 4C; 1925 ex.s. c 73 § 1C; 1921 c 138 § 2C; 1913 c 30 § 6C; RRS § 10516C. Formerly RCW 81.52.190.]

**RCW 81.53.130 Apportionment of cost.** In the construction of new railroads across existing highways, the railroads shall do or cause to be done all the work of constructing the crossings and road changes that may be required, and shall acquire and furnish whatever property or easements may be necessary, and shall pay, as provided in RCW 81.53.100 through 81.53.120, the entire expense of such work including all compensation or damages for property or property rights taken, damaged or injuriously affected. In all other cases the construction work may be apportioned by the commission between the parties who may be required to contribute to the cost thereof as the parties may agree, or as the commission may consider advisable. All work within the limits of railroad rights of way shall in every case be done by the railroad company owning or operating the same. The cost of acquiring additional lands, rights or easements to provide for the change of existing crossings shall, unless the parties otherwise agree, in the first instance be paid by the municipality or county within which the crossing is located; or in the case of a state road or parkway, shall be paid in the manner provided by law for paying the cost of acquiring lands, rights or easements for the construction of state roads or parkways. The expense accruing on account of property taken or damaged shall be divided and paid in the manner provided for dividing and paying other costs of construction. Upon the completion of the work and its approval by the commission, an accounting shall be had, and if

it shall appear that any party has expended more than its proportion of the total cost, a settlement shall be forthwith made. If the parties shall be unable to agree upon a settlement, the commission shall arbitrate, adjust and settle the account after notice to the parties. In the event of failure and refusal of any party to pay its proportion of the expense, the sum with interest from the date of the settlement may be recovered in a civil action by the party entitled thereto. In cases where the commission has settled the account, the finding of the commission as to the amount due shall be conclusive in any civil action brought to recover the same if such finding has not been reviewed or appealed from as herein provided, and the time for review or appeal has expired. If any party shall seek review of any finding or order of the commission apportioning the cost between the parties liable therefor, the superior court, the court of appeals, or the supreme court, as the case may be, shall cause judgment to be entered in such review proceedings for such sum or sums as may be found lawfully or justly due by one party to another. An order of the commission refusing to grant an extension of time may be reviewed as provided for the review of other orders of the commission. [1961 c 14 § 81.53.140. When service is made by registered mail, the receipt of the receiving post office shall be sufficient proof of service. When, under the provisions of this chapter, it is necessary to serve notice of hearings before the commission on owners of private lands, property, or property rights, and such owners cannot be found, service may be made by publication in the manner provided by law for the publication of summons in civil actions, except that publication need be made but once each week for three consecutive weeks, and the hearing may be held at any time after the expiration of thirty days from the date of the first publication of the notice. **RCW 81.53.250 Employment of experts.** The commission may employ temporarily such experts, engineers, and inspectors as may be necessary to supervise changes in existing crossings undertaken under this chapter; the expense thereof shall be paid by the railroad upon the request and certificate of the commission, said expense to be included in the cost of the particular change of grade on account of which it is incurred, and apportioned as provided in this chapter.

The commission may also employ such engineers and other persons as permanent employees as may be necessary to properly administer this chapter. [1961 c 14 § 81.53.250. Prior: 1937 c 22 § 7; 1913 c 30 § 14; RRS § 10524. Formerly RCW 81.52.330.]

**RCW 81.53.261 Crossing signals, warning devices--Petition, motion--Hearing--Order--Costs apportionment--Records not evidence for actions--Appeal.** Whenever the secretary of transportation or the governing body of any city, town, or county, or any railroad company whose road is crossed by any highway, shall deem that the public safety requires signals or other warning devices, other than sawbuck signs, at any crossing of a railroad at common grade by any state, city, town, or county highway, road, street, alley, avenue, boulevard, parkway, or other public place actually open and in use or to be opened and used for travel by the public, he or it shall file with the utilities and transportation commission a petition in writing, alleging that the public safety requires the installation of specified signals or other warning devices at such crossing or specified changes in the method and manner of existing crossing warning devices. Upon receiving such petition, the commission

shall promptly set the matter for hearing, giving at least twenty days notice to the railroad company or companies and the county or municipality affected thereby, or the secretary of transportation in the case of a state highway, of the time and place of such hearing. At the time and place fixed in the notice, all persons and parties interested shall be entitled to be heard and introduce evidence, which shall be reduced to writing and filed by the commission. If the commission shall determine from the evidence that public safety does not require the installation of the signal, other warning device or change in the existing warning device specified in the petition, it shall make determinations to that effect and enter an order denying said petition in toto. If the commission shall determine from the evidence that public safety requires the installation of such signals or other warning devices at such crossing or such change in the existing warning devices at said crossing, it shall make determinations to that effect and enter an order directing the installation of such signals or other warning devices or directing that such changes shall be made in existing warning devices. The commission shall also at said hearing apportion the entire cost of installation and maintenance of such signals or other warning devices, other than sawbuck signs, as provided in RCW 81.53.271: PROVIDED, That upon agreement by all parties to waive hearing, the commission shall forthwith enter its order.

No railroad shall be required to install any such signal or other warning device until the public body involved has either paid or executed its promise to pay to the railroad its portion of the estimated cost thereof.

Nothing in this section shall be deemed to foreclose the right of the interested parties to enter into an agreement, franchise, or permit arrangement providing for the installation of signals or other warning devices at any such crossing or for the apportionment of the cost of installation and maintenance thereof, or compliance with an existing agreement, franchise, or permit arrangement providing for the same.

The hearing and determinations authorized by this section may be instituted by the commission on its own motion, and the proceedings, hearing, and consequences thereof shall be the same as for the hearing and determination of any petition authorized by this section.

No part of the record, or a copy thereof, of the hearing and determination provided for in this section and no finding, conclusion, or order made pursuant thereto shall be used as evidence in any trial, civil or criminal, arising out of an accident at or in the vicinity of any crossing prior to installation of signals or other warning devices pursuant to an order of the commission as a result of any such investigation.

Any order entered by the utilities and transportation commission under this section shall be subject to review, supersedeas and appeal as provided in RCW 81.04.170 through 81.04.190, respectively.

Nothing in this section shall be deemed to relieve any railroad from liability on account of failure to provide adequate protective devices at any such crossing. [1982 c 94 § 1; 1969 c 134 § 1.]

**NOTES:**

**Application--1982 c 94:** "The provisions of this act shall not apply to those petitions acted upon by the commission prior to July 10, 1982." [1982 c 94 § 5.]

**Reviser's note:** The term "this act" refers to the amendment by 1982 c 94 of RCW 81.53.261, 81.53.271, 81.53.281, and 81.53.295.

**RCW 81.53.271 Crossing signals, warning devices--Petition contents--Apportionment of installation and maintenance costs.** The petition shall set forth by description the location of the crossing or crossings, the type of signal or other warning device to be installed, the necessity from the standpoint of public safety for such installation, the approximate cost of installation and related work, and the approximate annual cost of maintenance. If the commission directs the installation of a grade crossing protective device, and a federal-aid funding program is available to participate in the costs of such installation, installation and maintenance costs of the device shall be apportioned in accordance with the provisions of RCW 81.53.295. Otherwise if installation is directed by the commission, it shall apportion the cost of installation and maintenance as provided in this section:

(1) Installation: (a) The first twenty thousand dollars shall be apportioned to the grade crossing protective fund created by RCW 81.53.281; and

(b) The remainder of the cost shall be apportioned as follows:

(i) Sixty percent to the grade crossing protective fund, created by RCW 81.53.281;

(ii) Thirty percent to the city, town, county, or state; and

(iii) Ten percent to the railroad:

PROVIDED, That, if the proposed installation is located at a new crossing requested by a city, town, county, or state, forty percent of the cost shall be apportioned to the city, town, county, or state, and none to the railroad. If the proposed installation is located at a new crossing requested by a railroad, then the entire cost shall be apportioned to the railroad. In the event the city, town, county, or state should concurrently petition the commission and secure an order authorizing the closure of an existing crossing or crossings in proximity to the crossing for which installation of signals or other warning devices shall have been directed, the

apportionment to the petitioning city, town, county, or state shall be reduced by ten percent of the total cost for each crossing ordered closed and the apportionment from the grade crossing protective fund increased accordingly. This exception shall not be construed to permit a charge to the grade crossing protective fund in an amount greater than the total cost otherwise apportionable to the city, town, county, or state. No reduction shall be applied where one crossing is closed and another opened in lieu thereof, nor to crossings of a private nature.

(2) Maintenance: (a) Twenty-five percent to the grade crossing protective fund, created by RCW 81.53.281; and

(b) Seventy-five percent to the railroad:

PROVIDED, That if the proposed installation is located at a new crossing requested by a railroad, then the entire cost shall be apportioned to the railroad. [2003 c 190 § 2; 1982 c 94 § 2; 1975 1st ex.s. c 189 § 1; 1973 1st ex.s. c 77 § 1; 1969 c 134 § 2.]

#### **NOTES:**

**Findings--2003 c 190:** "The legislature finds that grade crossing, rail trespass, and other safety issues continue to present a public safety problem.

The legislature further finds that with the increased importance of rail to freight and commuter mobility, there is a direct public benefit in assisting local communities and railroads to work together to address rail-related public safety concerns." [2003 c 190 § 1.].

**Application--1982 c 94:** See note following RCW 81.53.261.

**RCW 81.53.275 Crossing signals, warning devices--Apportionment when funds not available from grade crossing protective fund.** In the event funds are not available from the grade crossing protective fund, the commission shall apportion to the parties on the basis of the benefits to be derived by the public and the railroad, respectively, that part of the cost which would otherwise be assigned to the fund: PROVIDED, That in such instances the city, town, county or state shall not be assessed more than sixty percent of the total cost of installation on other than federal aid designated highway projects: AND PROVIDED FURTHER, That in such instances the entire cost of maintenance shall be apportioned to the railroad. [1969 ex.s. c 281 § 18; 1969 c 134 § 7.]

**RCW 81.53.281 Crossing signals, warning devices--Grade crossing protective fund--Created--Transfer of funds--Allocation of costs--Procedure--Federal funding.** There is hereby created in the state treasury a "grade crossing protective fund" to

carry out the provisions of RCW 81.53.261, 81.53.271, 81.53.281, 81.53.291, and 81.53.295; for grants and/or subsidies to public, private, and nonprofit entities for rail safety projects authorized or ordered by the commission; and for personnel and associated costs related to supervising and administering rail safety grants and/or subsidies. The commission shall transfer from the public service revolving fund's miscellaneous fees and penalties accounts moneys appropriated for these purposes as needed. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. Upon receipt of the estimate the commission shall pay to the department of transportation the percentage of the estimate specified in RCW 81.53.295, as now or hereafter amended, to be used as the grade crossing protective fund portion of the cost of the installation and related work.

The commission may adopt rules for the allocation of money from the grade crossing protective fund. [2003 c 190 § 3; 1998 c 245 § 166; 1987 c 257 § 1; 1985 c 405 § 509; 1982 c 94 § 3; 1975 1st ex.s. c 189 § 2; 1973 c 115 § 4; 1969 c 134 § 3.]

Operational scope--Election by first class cities--Procedure.**  
RCW 81.53.261 through 81.53.291 shall be operative within the limits of all cities, towns and counties, except cities of the first class. Cities of the first class may elect as to each particular crossing whether RCW 81.53.261 through 81.53.291 shall apply. Such election shall be made by the filing by such city of a petition as provided for in RCW 81.53.261 with the utilities and transportation commission, or by a statement filed with the commission accepting jurisdiction, when such petition is filed by others. [1969 c 134 § 4.]

**RCW 81.53.295 Crossing signals, warning devices, etc.--  
Federal funds used to pay installation costs--Grade crossing  
protective fund--State and local authorities to pay remaining  
installation costs--Railroad to pay maintenance costs.** Whenever

federal-aid highway funds are available and are used to pay a portion of the cost of installing a grade crossing protective device, and related work, at a railroad crossing of any state highway, city or town street, or county road at the then prevailing federal-aid matching rate, the grade crossing protective fund shall pay ten percent of the remaining cost of such installation and related work. The state or local authority having jurisdiction of such highway, street, or road shall pay the balance of the remaining cost of such installation and related work. The railroad whose road is crossed by the highway, street, or road shall thereafter pay the entire cost of maintaining the device. [1982 c 94 § 4; 1975 1st ex.s. c 189 § 3.]

**RCW 81.53.420 Traffic control devices during construction, repair, etc. of crossing or overpass--Rules.** The utilities and transportation commission shall adopt rules to implement the provisions of RCW 81.53.400 and 81.53.410 pursuant to chapter 34.05 RCW. The commission shall invite the participation of all interested parties in any hearings or proceedings taken under this section, including any parties who request notice of any proceedings.

Any rules adopted under this section and any devices employed under RCW 81.53.410 shall conform to the national standards established by the current manual, including any future revisions, on the Uniform Traffic Control Devices as approved by the American National Standards Institute as adopted by the federal highway administrator of the United States department of transportation.

Rules adopted by the commission shall specifically prescribe the duties, procedures, and equipment to be used by the flagpersons required by RCW 81.53.410.

**RCW 81.56.010 Distribution of cars.** Every railroad company shall upon reasonable notice, furnish to all persons and corporations who may apply therefor and offer property for transportation sufficient and suitable cars for the transportation of such property in carload lots. In case at any particular time a railroad company has not sufficient cars to meet all the requirements for transportation of property in carload lots, all cars available for such purpose shall be distributed among the several applicants therefor, without unjust discrimination between shippers, localities or competitive or noncompetitive points. [1961 c 14 § 81.56.010. Prior: 1911 c 117 § 11; RRS § 10347.]

**RCW 81.56.020 Distributing book must be kept.** Every railroad company shall keep, subject to the inspection of any bona fide shipper, a book or books known as "car distributing book," which shall be kept by such officer or officers, employees of such railroad, and in such manner and form as the commission shall direct, showing among other things all orders for cars received by such railroad company, the name of the person ordering the same, the time when and place where such cars are required, the time when and place where such cars were supplied, and such other matters and information as the commission may prescribe. [1961 c 14 § 81.56.020. Prior: 1911 c 117 § 12; RRS § 10348.]

**RCW 81.56.030 Discrimination prohibited--Connecting lines.** Every railroad company shall, under such regulations as may be

prescribed by the commission, afford all reasonable, proper and equal facilities for the interchange of passengers, tonnage and cars, loaded or empty, between the lines, owned, operated, controlled or leased by it and the lines of every other railroad company; and shall, under such regulations as the commission may prescribe, receive and transport, without delay or discrimination, the passengers, tonnage and cars, loaded or empty, of any connecting line of railroad: PROVIDED, That perishable freight of all kinds and livestock shall have precedence of shipment. Every railroad company as such is required to receive from every other railroad company at a connecting point the tonnage carried by such other railroad company in the cars in which the same may be loaded, and haul the same through to the point of destination if the destination be upon a line owned, operated or controlled by such railroad company, or, if the destination be upon the line of some other railroad company, to haul such tonnage in such cars through to the connecting point upon the line operated, owned, controlled or leased by it by way of route over which such car is billed, and there deliver the same to the next connecting carrier under such regulations as the commission may prescribe. [1961 c 14 § 81.56.030. Prior: 1911 c 117 § 24; RRS § 10360.]

**RCW 81.56.040 Equal privileges.** No railroad corporation or company organized or doing business in this state shall allow any telegraph or telephone company, or any individual, any facilities, privileges or rates for transportation of men or material, or for repairing their lines, not allowed to all telegraph and telephone companies and individuals. [1961 c 14 § 81.56.040. Prior: 1890 p 292 § 4; RRS § 11341.]

**RCW 81.56.050 Joint rates and through routes.** Whenever the commission shall be of opinion, after hearing had upon its own motion or upon complaint, that the rates and charges in force over two or more railroads, between any two points in the state, are unjust, unreasonable or excessive, or that no satisfactory through route or joint rate exists between such points, and that the public necessities and convenience demand the establishment of a through route and a joint rate between such points, the commission may order such railroads to establish such through route, and may establish and fix a joint rate which will be fair, just, reasonable and sufficient, to be followed, charged, enforced, demanded and collected in the future, and the commission may order that carload freight moving between such points shall be carried by the different companies, parties to such through route and joint rate, without being transferred from the originating cars. In case no agreement exists between such railroads for the interchange of cars, then the commission, before making such order, shall be empowered to, and it shall be its duty, to make rules for the expeditious and

safe return and proper compensation for the cars so loaded by the company or companies receiving the same. [1961 c 14 § 81.56.050. Prior: 1911 c 117 § 57; RRS § 10393.]

[1961 c 14 § 81.56.060. Prior: 1905 c 126 § 1; RRS § 10474.]

**RCW 81.56.070 Forest products--Charges, how based.** All charges for freight on said commodities, except where error is apparent, shall be based on the weights determined by the weighing stations within the limits of this state, and all bills of lading of railroad companies operating within the limits of this state shall specify these provisions: PROVIDED, That RCW 81.56.060 through 81.56.110 shall not apply to switching charges or to the handling of logs where the charge is by the car or by the thousand feet. [1961 c 14 § 81.56.070. Prior: 1905 c 126 § 2; RRS § 10475.]

**RCW 81.56.080 Forest products--Shipper's count and weight.** Any railroad company's employee acting as weigher shall upon request of any shipper give him a statement showing gross and net weight of any shipment by him. Sworn count and weight of shipper shall be presumptive evidence of true weight where error in railroad weights is apparent. [1961 c 14 § 81.56.080. Prior: 1905 c 126 § 3; RRS § 10476.]

**RCW 81.56.100 Forest products--Penalty.** In case of violation of the provisions of RCW 81.56.060 through 81.56.110 by any railroad company, it shall pay a penalty of twenty dollars for every car it shall neglect to weigh and bill within the state as above provided, to be recovered from such company in action where there is any agent of such railroad company who may be served with process, and the penalties recovered under RCW 81.56.060 through 81.56.110 shall be paid into the county treasury in such county where action is taken. impracticable to weigh. [1961 c 14 § 81.56.110. Prior: 1905 c 126 § 6; RRS § 10479.]

**RCW 81.56.120 Cruelty to stock in transit--Penalty.**

Railroad companies in carrying or transporting animals shall not permit them to be confined in cars for a longer period than forty-eight consecutive hours without unloading them for rest, water and feeding for a period of at least two consecutive hours, unless prevented from so unloading them by unavoidable accident. In estimating such confinement, the time during which the animals have been confined without such rest on connecting roads from which they are received shall be included. Animals so unloaded shall, during such rest, be properly fed, watered by the owner or person having the custody of them, or in case of his default in so doing, then by the railroad company transporting them, at the expense of said owner or person in custody thereof, and said company shall in such case have a lien upon such animals for food, care and custody furnished, and shall not be liable for such detention of such animals. **RCW 81.68.010 Definitions.** The definitions set forth in this section shall apply throughout this chapter, unless the context clearly indicates otherwise.

(1) "Corporation" means a corporation, company, association, or joint stock association.

(2) "Person" means an individual, firm, or a copartnership.

(3) "Auto transportation company" means every corporation or person, their lessees, trustees, receivers, or trustees appointed by any court whatsoever, owning, controlling, operating, or managing any motor propelled vehicle not usually operated on or over rails used in the business of transporting persons, and baggage, mail, and express on the vehicles of auto transportation companies carrying passengers, for compensation over any public highway in this state between fixed termini or over a regular route, and not operating exclusively within the incorporated limits of any city or town.

(4) "Public highway" means every street, road, or highway in this state.

(5) The words "between fixed termini or over a regular route" mean the termini or route between or over which any auto transportation company usually or ordinarily operates any motor propelled vehicle, even though there may be departure from the termini or route, whether the departures are periodic or irregular. Whether or not any motor propelled vehicle is operated by any auto transportation company "between fixed termini or over a regular route" within the meaning of this section is a question of fact, and the finding of the commission thereon is final and is not subject to review. [1989 c 163 § 1; 1984 c 166 § 1; 1979 c 111 § 16; 1975-'76 2nd ex.s. c 121 § 1; 1969 ex.s. c 210 § 10; 1961 c 14 § 81.68.010. Prior: 1935 c 120 § 1; 1921 c 111 § 1; RRS § 6387.]

**NOTES:**

**Severability--1979 c 111:** See note following RCW 46.74.010.

**RCW 81.68.015 Application of chapter restricted.** This chapter does not apply to corporations or persons, their lessees, trustees, receivers, or trustees appointed by any court whatsoever insofar as they own, control, operate, or manage taxicabs, hotel buses, school buses, motor propelled vehicles operated exclusively in transporting agricultural, horticultural, dairy, or other farm products from the point of production to the market, or any other carrier that does not come within the term "auto transportation company" as defined in RCW 81.68.010.

This chapter does not apply to persons operating motor vehicles when operated wholly within the limits of incorporated cities or towns, and for a distance not exceeding three road miles beyond the corporate limits of the city or town in Washington in which the original starting point of the vehicle is located, and which operation either alone or in conjunction with another vehicle or vehicles is not a part of any journey beyond the three-mile limit.

This chapter does not apply to commuter ride sharing or ride sharing for the elderly and the handicapped in accordance with \*RCW 46.74.010, so long as the ride-sharing operation does not compete with nor infringe upon comparable service actually being provided before the initiation of the ride-sharing operation by an existing auto transportation company certificated under this chapter. [1989 c 163 § 2; 1984 c 166 § 2.]

**NOTES:**

**\*Reviser's note:** RCW 46.74.010 was amended by 1996 c 244 § 2 changing the term "ride sharing for the elderly and the handicapped" to "ride sharing for persons with special transportation needs."

**RCW 81.68.020 Compliance with chapter required.** No corporation or person, their lessees, trustees, or receivers or trustees appointed by any court whatsoever, may engage in the business of operating as a common carrier any motor propelled vehicle for the transportation of persons, and baggage, mail, and express on the vehicles of auto transportation companies carrying passengers, between fixed termini or over a regular route for compensation on any public highway in this state, except in accordance with the provisions of this chapter. [1989 c 163 § 3; 1984 c 166 § 3; 1961 c 14 § 81.68.020. Prior: 1927 c 166 § 1; 1921 c 111 § 2; RRS § 6388.]

**RCW 81.68.030 Regulation by commission.** The commission is vested with power and authority, and it is its duty to supervise and regulate every auto transportation company in this state as provided in this section. Under this authority, it shall for each auto transportation company:

(1) Fix, alter, and amend just, fair, reasonable, and sufficient rates, fares, charges, classifications, rules, and regulations;

(2) Regulate the accounts, service, and safety of operations;

(3) Require the filing of annual and other reports and of other data;

(4) Supervise and regulate the companies in all other matters affecting the relationship between such companies and the traveling and shipping public;

(5) By general order or otherwise, prescribe rules and regulations in conformity with this chapter, applicable to any and all such companies, and within such limits make orders.

The commission may, at any time, by its order duly entered after a hearing had upon notice to the holder of any certificate under this chapter, and an opportunity to the holder to be heard, at which it shall be proven that the holder wilfully violates or refuses to observe any of the commission's proper orders, rules, or regulations, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, but the holder of the certificate has all the rights of rehearing, review, and appeal as to the order of the commission as is provided for in RCW 81.68.070. **RCW 81.68.040 Certificate of convenience and necessity.** No auto transportation company shall operate for the transportation of persons, and baggage, mail and express on the vehicles of auto transportation companies carrying passengers, for compensation between fixed termini or over a regular route in this state, without first having obtained from the commission under the provisions of this chapter a certificate declaring that public convenience and necessity require such operation; but a certificate shall be granted when it appears to the satisfaction of the commission that such person, firm or corporation was actually operating in good faith, over the route for which such certificate shall be sought on January 15, 1921. Any right, privilege, certificate held, owned or obtained by an auto transportation company may be sold, assigned, leased, transferred or inherited as other property, only upon authorization by the commission. The commission shall have power, after hearing, when the applicant requests a certificate to operate in a territory already served by a certificate holder under this chapter, only when the existing auto transportation company or companies serving such territory will not provide the

same to the satisfaction of the commission, and in all other cases with or without hearing, to issue said certificate as prayed for; or for good cause shown to refuse to issue same, or to issue it for the partial exercise only of said privilege sought, and may attach to the exercise of the rights granted by said certificate to such terms and conditions as, in its judgment, the public convenience and necessity may require. [1961 c 14 § 81.68.040. Prior: 1921 c 111 § 4; RRS § 6390.]

**RCW 81.68.045 Excursion service companies--Certificate.**

No excursion service company may operate for the transportation of persons for compensation without first having obtained from the commission under the provisions of this chapter a certificate to do so.

A certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is fit, willing, and able to properly perform the services proposed and conform to the provisions of this chapter and the rules of the commission adopted under this chapter, and that such operations will be consistent with the public interest. However, a certificate shall be granted when it appears to the satisfaction of the commission that the person, firm, or corporation was actually operating in good faith that type of service for which the certificate was sought on January 15, 1983. Any right, privilege, or certificate held, owned, or obtained by an excursion service company may be sold, assigned, leased, transferred, or inherited as other property only upon authorization by the commission. For good cause shown the commission may refuse to issue the certificate, or issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by the certificate such terms and conditions as, in its judgment, the public interest may require. [1984 c 166 § 5.]

**RCW 81.68.050 Filing fees.** Any application for a certificate of public convenience and necessity or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate of public convenience and necessity or any interest therein, shall be accompanied by such filing fees as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed two hundred dollars. [1973 c 115 § 5; 1961 c 14 § 81.68.050. Prior: 1955 c 125 § 9; prior: 1937 c 158 § 2, part; RRS § 10417-1, part.]

[1965 c 150 § 2.]

The service shall not pick up or drop off passengers after leaving and before returning to the area of origin. The excursions may or may not be regularly scheduled. Compensation for the transportation offered or afforded shall be computed, charged, or assessed by the excursion service company on an individual fare basis. [1989 c 163 § 6; 1988 c 30 § 1; 1969 c 132 § 1; 1965 c 150 § 3.]

**RCW 81.70.030 Exclusions.** Provisions of this chapter do not apply to:

**RCW 81.70.220 Certificate or registration required.** No person may engage in the business of a charter party carrier or excursion service carrier of persons over any public highway without first having obtained a certificate from the commission to do so or having registered as an interstate carrier. [1989 c 163 § 7; 1988 c 30 § 2.]

**RCW 81.70.230 Certificates--Application, issuance, safety fitness, financial responsibility.** (1) Applications for certificates shall be made to the commission in writing, verified under oath, and shall be in such form and contain such information as the commission by regulation may require. Every such application shall be accompanied by a fee as the commission may prescribe by rule.

(2) A certificate shall be issued to any qualified applicant authorizing, in whole or in part, the operations covered by the application if it is found that the applicant is fit, willing, and able to perform properly the service and to conform to the provisions of this chapter and the rules and regulations of the commission.

(3) Before a certificate is issued, the commission shall require the applicant to establish safety fitness and proof of minimum financial responsibility as provided in this chapter. [1988 c 30 § 3.]

**RCW 81.70.240 Certificates--Transfer restricted.** No certificate issued under this chapter or rights to conduct services under it may be leased, assigned, or otherwise transferred or encumbered, unless authorized by the commission. [1988 c 30 § 4.]

**RCW 81.70.250 Certificates--Grounds for cancellation, etc.**

The commission may cancel, revoke, or suspend any certificate issued under this chapter on any of the following grounds:

- (5) Failure of the certificate holder to operate and perform reasonable service. [1989 c 163 § 8; 1988 c 30 § 5.]

**RCW 81.70.260 Unlawful operation after certificate or registration canceled, etc.** After the cancellation or revocation of a certificate or interstate registration or during the period of its suspension, it is unlawful for a charter party carrier or excursion service carrier of passengers to conduct any operations as such a carrier. [1989 c 163 § 9; 1988 c 30 § 6.]

**RCW 81.70.270 Scope of regulation.** It is the duty of the commission to regulate charter party carriers and excursion service carriers with respect to safety of equipment, driver qualifications, and safety of operations. The commission shall establish such rules and regulations and require such reports as are necessary to carry out the provisions of this chapter. [1989 c 163 § 10; 1988 c 30 § 7.]

**RCW 81.70.280 Insurance or bond for liability and property damage.** (1) In granting certificates under this chapter, the commission shall require charter party carriers and excursion service carriers of passengers to procure and continue in effect during the life of the certificate, liability and property damage insurance from a company licensed to make liability insurance in the state of Washington or a surety bond of a company licensed to write surety bonds in the state of Washington on each motor-propelled vehicle used or to be used in transporting persons for compensation, in the following amounts:

- (b) Not less than three hundred thousand dollars for any vehicle having a capacity of sixteen passengers or less; and

(c) Not less than five hundred thousand dollars for any vehicle having a capacity of seventeen passengers or more for all receiving personal injury by reason of at least one act of negligence; and

(d) Not less than fifty thousand dollars for damage to property of any person other than the insured.

(2) The commission shall fix the amount of the insurance policy or policies or security deposit giving consideration to the character and amount of traffic, the number of persons affected, and the degree of danger which the proposed operation involves. Such liability and property damage insurance or surety bond shall be maintained in force on each motor-propelled vehicle while so used. Each policy for liability or property damage insurance or surety bond required herein shall be filed with the commission and kept in effect and a failure so to do is cause for revocation of the certificate. [1989 c 163 § 11; 1988 c 30 § 8.]

**RCW 81.70.290 Self-insurers.** A charter party carrier or excursion service carrier of passengers authorized to transport persons for compensation on the highways and engaging in interstate, or interstate and intrastate, operations within the state of Washington which is or becomes qualified as a self-insurer with the interstate commerce commission of the United States in accordance with the United States interstate commerce act applicable to self-insurance by motor carriers is exempt from RCW 81.70.280 relating to the carrying or filing of insurance policies or bonds in connection with such operations as long as such qualification remains effective.

The commission may require proof of the existence and continuation of qualification with the interstate commerce commission to be made by affidavit of the charter party carrier or excursion service carrier in a form the commission may prescribe. [1989 c 163 § 12; 1988 c 30 § 9.]

**RCW 81.70.300 Authority of commission and courts.** In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued by it, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, petitions for writs of review filed with the superior court, appeals or mandates filed with the supreme court or the court of appeals of this state, and may be considered and disposed of by said courts in a manner, under the conditions, subject to the limitations, and with the effect specified in this chapter. [1988 c 30 § 10.]

**RCW 81.70.310 Application of Title 81 RCW.** All applicable provisions of this title relating to procedure, powers of the

commission, and penalties shall apply to the operation and regulation of persons under this chapter, except as those provisions may conflict with the provisions of this chapter and rules and regulations issued thereunder by the commission. [1988 c 30 § 11.]

**RCW 81.70.320 Fees--Amounts, deposit.** (1) An application for a certificate or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate, shall be accompanied by such filing fees as the commission may prescribe by rule, however the fee shall not exceed two hundred dollars.

(2) All fees paid to the commission under this chapter shall be deposited in the state treasury to the credit of the public service revolving fund.

(3) It is the intent of the legislature that all fees collected under this chapter shall reasonably approximate the cost of supervising and regulating charter party carriers and excursion service carriers subject thereto, and to that end the commission is authorized to decrease the schedule of fees provided for in RCW 81.70.350 by general order entered before November 1 of any year in which the commission determines that the moneys then in the charter party carrier and excursion service carrier account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating such carriers during the succeeding calendar year. Whenever the cost accounting records of the commission indicate that the schedule of fees previously reduced should be increased, such increase, not in any event to exceed the schedule set forth in this chapter, may be effected by a similar general order entered before November 1 of any calendar year. [1989 c 163 § 13; 1988 c 30 § 12.]

**RCW 81.70.330 Vehicle identification.** It is unlawful for a charter party carrier or excursion service carrier to operate a motor bus upon the highways of this state unless there is firmly affixed to the vehicle on both sides thereof, the name of the carrier and the certificate or permit number of such carrier. The characters composing such identification shall be of sufficient size to be clearly distinguishable at a distance of at least fifty feet from the vehicle. [1989 c 163 § 14; 1988 c 30 § 13.]

**RCW 81.70.340 Interstate or foreign carriers.** It is unlawful for a charter party carrier or excursion service carrier of passengers engaged in interstate or foreign commerce to use any of the public highways of this state for the transportation of passengers in interstate or foreign commerce, unless such carrier has identified its vehicles and registered its interstate or foreign operations with the commission.

Interstate and foreign carriers possessing operating authority issued by the interstate commerce commission shall register such authority pursuant to Public Law 89-170, as amended, and the regulations of the interstate commerce commission adopted thereunder. Interstate and foreign charter party carriers and excursion service carriers of passengers exempt from regulation by the interstate commerce commission shall register their interstate operations under regulations adopted by the commission, which shall, to the maximum extent practical, conform to the regulations promulgated by the interstate commerce commission under Public Law 89-170, as amended. All other provisions of this chapter shall be applicable to motor carriers of passengers engaged in interstate or foreign commerce insofar as the same are not prohibited under the Constitution of the United States or federal statute. [1989 c 163 § 15; 1988 c 30 § 14.]

**RCW 81.70.350 Annual regulatory fee--Delinquent fee payments.** (1) The commission shall collect from each charter party carrier and excursion service carrier holding a certificate issued pursuant to this chapter and from each interstate or foreign carrier subject to this chapter an annual regulatory fee, to be established by the commission but which in total shall not exceed the cost of supervising and regulating such carriers, for each bus used by such carrier.

(2) All fees prescribed by this section shall be due and payable on or before December 31 of each year, to cover the ensuing year beginning February 1.

(3) Any payment of the fee imposed by this section made after its due date shall include a late fee of two percent of the amount due. Delinquent fees shall accrue interest at the rate of one percent per month. [1994 c 83 § 3; 1989 c 163 § 16; 1988 c 30 § 15.]

#### **NOTES:**

Transportation of passengers in for hire vehicles: Chapter 46.72 RCW.

**RCW 81.72.200 Legislative intent.** The legislature finds and declares that privately operated taxicab transportation service is a vital part of the transportation system within the state and provides demand-responsive services to state residents, tourists, and out-of-state business people. Consequently, the safety, reliability, and economic viability and stability of privately operated taxicab transportation service are matters of statewide importance. The regulation of privately operated taxicab transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit political subdivisions of the state to regulate taxicab transportation services without liability under federal antitrust laws. [1984 c 126 § 1.]

**RCW 81.72.210 Local regulatory powers listed.** To protect the public health, safety, and welfare, cities, towns, counties, and port districts of the state may license, control, and regulate privately operated taxicab transportation services operating within their respective jurisdictions. The power to regulate includes:

(1) Regulating entry into the business of providing taxicab transportation services;

(2) Requiring a license to be purchased as a condition of operating a taxicab and the right to revoke, cancel, or refuse to reissue a license for failure to comply with regulatory requirements;

(3) Controlling the rates charged for providing taxicab transportation service and the manner in which rates are calculated and collected, including the establishment of zones as the basis for rates;

(4) Regulating the routes of taxicabs, including restricting access to airports;

(5) Establishing safety, equipment, and insurance requirements; and

(6) Any other requirements adopted to ensure safe and reliable taxicab service. [1984 c 126 § 2.]

**RCW 81.72.220 Cooperative agreements--Joint regulation.** A city, town, county, or port district may enter into cooperative agreements with any other city, town, county, or port district for the joint regulation of taxicabs. Cooperative agreements may provide for, but are not limited to, the granting, revocation, and suspension of joint taxicab licenses. [1984 c 126 § 3.]

**RCW 81.75.010    Authorization to own and operate--Purpose.**

It is desirable to a transportation system that convenient and comfortable terminals be established and maintained with the services of all modes of public transportation available to the public at such a center to the extent feasible. It is proper that cities, towns, counties, public transportation benefit area authorities, and municipal corporations of this state be authorized to own and operate transportation centers. [1977 ex.s. c 217 § 1.]

**RCW 81.75.020    Method of acquisition and operation prescribed--Grants--Consolidation of activities.** Through its council or other legislative body, any city, town, county, public transportation benefit area authority, or other municipal corporation, authorized to operate public transportation services, may construct or otherwise acquire intermodal transportation centers by donation, lease, or purchase and may operate or let for purposes of leasing space at fair market value for the services set forth in RCW 81.75.030, and to perform other functions permitted by law, the centers or portions of the centers, for public or private purposes or for compensation or rental upon such conditions as its council or other legislative body shall from time to time prescribe. The city, town, county, public transportation benefit area authority, or municipal corporation, may apply for and receive grants from the federal government for purposes of funding a transportation center and may consolidate a transportation center with other lawful city or town activities. [1977 ex.s. c 217 § 2.]

**RCW 81.75.030    Services available--Terms of usage.** To the extent feasible, the services available to the public at any transportation center may include taxi, auto rental, passenger trains, motor buses, travel agents, restrooms, food, telegraph, baggage handling, transfer and delivery of light freight and packages, commercial airlines, air charter, place of temporary rest for citizens and travelers (but not overnight), mail, private auto parking for users of public transportation through the transportation center, local transit, limousine, and any other use necessary to the foregoing.

Any city, town, county, public transportation benefit area authority, or municipal corporation, which elects to operate a

transportation center shall operate the center for the general public good. The operator may establish the terms of usage for the various modes of transportation and for others that utilize its facilities, may make reasonable rules concerning public and private use, and may exclude all persons therefrom who refuse to comply with the terms or rules of use. The operator may own, operate, maintain, and manage a transportation center, but shall not engage in providing a transportation or other related service at the center unless otherwise authorized by law. [1977 ex.s. c 217 § 3.]

**RCW 81.75.900 Severability--1977 ex.s. c 217.** If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 217 § 5.]

(8) Solid waste collection does not include collecting or transporting recyclable materials from a drop-box or recycling buy-back center, nor collecting or transporting recyclable materials by or on behalf of a commercial or industrial generator of recyclable materials to a recycler for use or reclamation. Transportation of these materials is regulated under chapter 81.80 RCW; and

(9) "Solid waste" means the same as defined under RCW 70.95.030, except for the purposes of this chapter solid waste does not include recyclable materials except for source separated recyclable materials collected from residences. [1989 c 431 § 17; 1961 c 295 § 2.]

**RCW 81.77.015 Construction of phrase "garbage and refuse."** Whenever in this chapter the phrase "garbage and refuse" is used as a qualifying phrase or otherwise it shall be construed as meaning "garbage and/or refuse." [1965 ex.s. c 105 § 5.]

**RCW 81.77.020 Compliance with chapter required--Exemption for cities.** No person, his lessees, receivers, or trustees, shall engage in the business of operating as a solid waste collection company in this state, except in accordance with the provisions of this chapter: PROVIDED, That the provisions of this chapter shall not apply to the operations of any solid waste collection company under a contract of solid waste disposal with any city or town, nor to any city or town which itself undertakes the disposal of solid waste. [1989 c 431 § 18; 1961 c 295 § 3.]

**RCW 81.77.0201 Jurisdiction of commission upon discontinuation of jurisdiction by municipality.** A city, town, or combined city-county may at any time reverse its decision to exercise its authority under RCW 81.77.020. In such an event, the commission shall issue a certificate to the last holder of a valid commission certificate of public convenience and necessity, or its successors or assigns, for the area reverting to commission jurisdiction. If there was no certificate existing for the area, or the previous holder was compensated for its certificate property right, the commission shall consider applications for authority under RCW 81.77.040. [1997 c 171 § 4.]

**NOTES:**

**Severability--1997 c 171:** See note following RCW 35.02.160.

**RCW 81.77.030 Supervision and regulation by commission.**

The commission shall supervise and regulate every solid waste collection company in this state,

(1) By fixing and altering its rates, charges, classifications, rules and regulations;

(2) By regulating the accounts, service, and safety of operations;

(3) By requiring the filing of annual and other reports and data;

(4) By supervising and regulating such persons or companies in all other matters affecting the relationship between them and the public which they serve;

(5) By requiring compliance with local solid waste management plans and related implementation ordinances;

(6) By requiring certificate holders under chapter 81.77 RCW to use rate structures and billing systems consistent with the solid waste management priorities set forth under RCW 70.95.010 and the minimum levels of solid waste collection and recycling services pursuant to local comprehensive solid waste management plans. The commission may order consolidated billing and provide for reasonable and necessary expenses to be paid to the administering company if more than one certificate is granted in an area.

The commission, on complaint made on its own motion or by an aggrieved party, at any time, after the holding of a hearing of which the holder of any certificate has had notice and an opportunity to be heard, and at which it shall be proven that the holder has wilfully violated or refused to observe any of the commission's orders, rules, or regulations, or has failed to operate as a solid waste collection company for a period of at least one year preceding the filing of the complaint, may suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter. [1989 c 431 § 20; 1987 c 239 § 1; 1965 ex.s. c 105 § 1; 1961 c 295 § 4.]

**RCW 81.77.040 Certificate of convenience and necessity required--Procedure when applicant requests certificate for existing service area.** No solid waste collection company shall hereafter operate for the hauling of solid waste for compensation without first having obtained from the commission a certificate declaring that public convenience and necessity require such operation. A condition of operating a solid waste company in the unincorporated areas of a county shall be complying with the solid waste management plan prepared under chapter 70.95 RCW applicable in the company's franchise area.

Issuance of the certificate of necessity shall be determined upon, but not limited to, the following factors: The present service and the cost thereof for the contemplated area to be served; an estimate of the cost of the facilities to be

utilized in the plant for solid waste collection and disposal, sworn to before a notary public; a statement of the assets on hand of the person, firm, association or corporation which will be expended on the purported plant for solid waste collection and disposal, sworn to before a notary public; a statement of prior experience, if any, in such field by the petitioner, sworn to before a notary public; and sentiment in the community contemplated to be served as to the necessity for such a service.

Except as provided in \*RCW 81.77.150, when an applicant requests a certificate to operate in a territory already served by a certificate holder under this chapter, the commission may, after hearing, issue the certificate only if the existing solid waste collection company or companies serving the territory will not provide service to the satisfaction of the commission.

In all other cases, the commission may, with or without hearing, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require.

Any right, privilege, certificate held, owned, or obtained by a solid waste collection company may be sold, assigned, leased, transferred, or inherited as other property, but only upon authorization by the commission.

Any solid waste collection company which upon July 1, 1961 is operating under authority of a common carrier or contract carrier permit issued under the provisions of chapter 81.80 RCW shall be granted a certificate of necessity without hearing upon compliance with the provisions of this chapter. Such solid waste collection company which has paid the plate fee and gross weight fees required by chapter 81.80 RCW for the year 1961 shall not be required to pay additional like fees under the provisions of this chapter for the remainder of such year.

For purposes of issuing certificates under this chapter, the commission may adopt categories of solid wastes as follows: Garbage, refuse, recyclable materials, and demolition debris. A certificate may be issued for one or more categories of solid waste. Certificates issued on or before July 23, 1989, shall not be expanded or restricted by operation of this chapter. [1989 c 431 § 21; 1987 c 239 § 2; 1961 c 295 § 5.]

#### **NOTES:**

**\*Reviser's note:** RCW 81.77.150 expired June 30, 1991.

**RCW 81.77.050 Filing fees.** Any application for a certificate issued under this chapter or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate issued under this chapter or any interest therein, shall be accompanied by such filing fee as the commission may prescribe

by rule: PROVIDED, That such fee shall not exceed two hundred dollars. [1989 c 431 § 22; 1973 c 115 § 9; 1961 c 295 § 6.]

**RCW 81.77.060 Liability and property damage insurance--Surety bond.** The commission, in granting certificates to operate a solid waste collection company, shall require the owner or operator to first procure liability and property damage insurance from a company licensed to make liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each motor propelled vehicle used or to be used in transporting solid waste for compensation in the amount of not less than twenty-five thousand dollars for any recovery for personal injury by one person, and not less than ten thousand dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury by reason of one act of negligence, and not less than ten thousand dollars for damage to property of any person other than the assured, and to maintain such liability and property damage insurance or surety bond in force on each motor propelled vehicle while so used. Each policy for liability or property damage insurance or surety bond required herein shall be filed with the commission and kept in full force and effect and failure so to do shall be cause for revocation of the delinquent's certificate. [1989 c 431 § 23; 1961 c 295 § 7.]

**RCW 81.77.070 Public service company law invoked.** In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for writs of review, to the superior court filed therewith, appeals or mandate filed with the supreme court of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally. [1961 c 295 § 8.]

**RCW 81.77.080 Companies to file reports of gross operating revenue and pay fees--Legislative intent--Disposition of revenue.** Every solid waste collection company shall, on or before the date specified by the commission for filing annual reports under RCW 81.04.080, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of gross operating revenue: PROVIDED, That the commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by

rule waive any or all of the minimum fee established pursuant to this section.

It is the intent of the legislature that the fees collected under the provisions of this chapter shall reasonably approximate the cost of supervising and regulating motor carriers subject thereto, and to that end the utilities and transportation commission is authorized to decrease the schedule of fees provided in this section by general order entered before March 1st of any year in which it determines that the moneys then in the solid waste collection companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating such carriers.

All fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be by it transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund. [2003 c 296 § 5; 1989 c 431 § 24; 1971 ex.s. c 143 § 3; 1969 ex.s. c 210 § 11; 1963 c 59 § 12; 1961 c 295 § 9.]

**RCW 81.77.090 Penalty.** Every person who violates or fails to comply with, or who procures, aids, or abets in the violation of any provisions of this chapter, or who fails to obey, or comply with any order, decision, rule, regulation, direction, demand, or requirement of the commission, or any part or provision thereof, is guilty of a gross misdemeanor. [1961 c 295 § 10.]

**RCW 81.77.100 Scope of chapter with respect to foreign or interstate commerce--Regulation of solid waste collection companies.** Neither this chapter nor any provision thereof shall apply, or be construed to apply, to commerce with foreign nations or commerce among the several states except insofar as the same may be permitted under the provisions of the Constitution of the United States and the acts of congress.

However, in order to protect public health and safety and to ensure solid waste collection services are provided to all areas of the state, the commission, in accordance with this chapter, shall regulate all solid waste collection companies conducting business in the state. [1989 c 431 § 25; 1985 c 436 § 2; 1961 c 295 § 11.]

**RCW 81.77.110 Temporary certificates.** The commission may with or without a hearing issue temporary certificates to engage in the business of operating a solid waste collection company, but only after it finds that the issuance of such temporary certificate is consistent with the public interest. Such temporary certificate may be issued for a period up to one hundred eighty days where the area or territory covered thereby

is not contained in the certificate of any other solid waste collection company. In all other cases such temporary certificate may be issued for a period not to exceed one hundred twenty days. The commission may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter. The commission shall collect a fee of twenty-five dollars for an application for such temporary certificate. [1989 c 431 § 26; 1965 ex.s. c 105 § 2.]

**RCW 81.77.120 Service to unincorporated areas of counties.**

A county legislative authority shall periodically comment to the commission in writing concerning the authority's perception of the adequacy of service being provided by regulated franchisees serving the unincorporated areas of the county. The county legislative authority shall also receive and forward to the commission all letters of comment on services provided by regulated franchise holder(s) serving unincorporated areas of the county. Any such written comments or letters shall become part of the record of any rate, compliance, or any other hearing held by the commission on the issuance, revocation, or reissuance of a certificate provided for in RCW 81.77.040. [1987 c 239 § 3.]

**RCW 81.77.130 Application of chapter to collection or transportation of source separated recyclable materials.** The provisions of chapter 81.77 RCW shall not apply to the collection or transportation of source separated recyclable materials from residences under a contract with any county, city, or town, nor to any city or town which itself undertakes the collection and transportation of source separated recyclable materials from residences. [1989 c 431 § 19.]

**RCW 81.77.140 Application of chapter--Collection and transportation of recyclable materials by recycling companies or nonprofit entities--Reuse or reclamation.** Nothing in this chapter shall prevent a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buy-back center, drop-box, or from a commercial or industrial generator of recyclable materials, or upon agreement with a solid waste collection company.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation. [1989 c 431 § 31.]

**RCW 81.77.160 Pass-through rates--Rules.** (1) The commission, in fixing and altering collection rates charged by every solid waste collection company under this section, shall include in the base for the collection rates:

(a) All charges for the disposal of solid waste at the facility or facilities designated by a local jurisdiction under a local comprehensive solid waste management plan or ordinance; and

(b) All known and measurable costs related to implementation of the approved county or city comprehensive solid waste management plan.

(2) If a solid waste collection company files a tariff to recover the costs specified under this section, and the commission suspends the tariff, the portion of the tariff covering costs specified in this section shall be placed in effect by the commission at the request of the company on an interim basis as of the originally filed effective date, subject to refund, pending the commission's final order. The commission may adopt rules to implement this section.

(3) This section applies to a solid waste collection company that has an affiliated interest under chapter 81.16 RCW with a facility, if the total cost of disposal, including waste transfer, transport, and disposal charges, at the facility is equal to or lower than any other reasonable and currently available option. [1997 c 434 § 1; 1989 c 431 § 30.]

**NOTES:**

**Section captions not law--1989 c 431:** See RCW 70.95.902.

**RCW 81.77.170 Fees, charges, or taxes--Normal operating expense.** For rate-making purposes, a fee, charge, or tax on the disposal of solid waste shall be considered a normal operating expense of the solid waste collection company. [1989 c 431 § 36.]

**NOTES:**

**Section captions not law--1989 c 431:** See RCW 70.95.902.

**RCW 81.77.180 Recyclable materials collection--Processing and marketing.** (1) A solid waste collection company collecting recyclable materials from residences shall utilize one or more private recycling businesses when arranging for the processing and marketing of such materials, if the following conditions are met:

(a) A recycling business is located within the county at the time the collection program commences or at any time that the solid waste collection company changes its existing processor;

(b) A local private recycling business is capable and competent to provide the processing and marketing service; and

(c) A local private recycling business offers to pay a price for the recyclable materials which is equal to or greater than the price offered by out-of-county private recyclers, or proposes a charge for the processing and marketing service which is equal to or less than the charge for the service available from an out-of-county private recycler.

(2) This section shall not apply to:

(a) Cities or towns who exercise their authority under RCW 81.77.130 to provide residential curbside collection of recyclable materials;

(b) A solid waste collection company that is directed by a city, town, or county to utilize a publicly owned recyclable processing facility located within such city, town, or county; or

(c) Counties which exercise their authority under RCW 36.58.040 to contract for the residential curbside collection of source separated recyclables.

This section shall not apply to programs for the collection of source separated recyclable materials where rates to implement the programs have been filed with the commission prior to May 21, 1991.

(3) For the purposes of this section, "private recycling business" means any private for-profit or private not-for-profit firm that engages in the processing and marketing of recyclable materials.

(4) This section is not enforceable by complaint filed with the commission. [1991 c 319 § 403.]

#### **NOTES:**

**Severability--Part headings not law--1991 c 319:** See RCW 70.95F.900 and 70.95F.901.

**RCW 81.77.185 Recyclable materials collection--Revenue sharing.** (1) The commission shall allow solid waste collection companies collecting recyclable materials to retain up to thirty percent of the revenue paid to the companies for the material if the companies submit a plan to the commission that is certified by the appropriate local government authority as being consistent with the local government solid waste plan and that demonstrates how the revenues will be used to increase recycling. The remaining revenue shall be passed to residential customers.

(2) By December 2, 2005, the commission shall provide a report to the legislature that evaluates:

(a) The effectiveness of revenue sharing as an incentive to increase recycling in the state; and

(b) The effect of revenue sharing on costs to customers.  
[2002 c 299 § 6.]

**RCW 81.77.190 Curbside recycling--Reduced rate.** (1) If the commission authorizes a surcharge or reduced rate incentive based on a customer's participation in a company's curbside residential recycling program, customers participating in any other noncurbside recycling program approved by the jurisdiction shall be eligible for such incentives.

(2) For the purpose of this section, "reduced rate" means a residential solid waste collection rate incorporating a rebate, refund, or discount. It does not include any residential solid waste collection rate based on the volume or weight of solid waste set out for collection. [1991 c 319 § 406.]

Taxation of motor carriers of freight for hire--Allocation of gross receipts: RCW 35.21.840.

**RCW 81.80.010 Definitions.** The definitions set forth in this section apply throughout this chapter.

(1) "Person" means and includes an individual, firm, copartnership, corporation, company, or association or their lessees, trustees, or receivers.

(2) "Motor vehicle" means any truck, trailer, semitrailer, tractor, dump truck which uses a hydraulic or mechanical device to dump or discharge its load, or any self-propelled or motor-driven vehicle used upon any public highway of this state for the purpose of transporting property, but not including baggage, mail, and express transported on the vehicles of auto transportation companies carrying passengers.

(3) "Public highway" means every street, road, or highway in this state.

(4) "Common carrier" means any person who undertakes to transport property for the general public by motor vehicle for compensation, whether over regular or irregular routes, or regular or irregular schedules, including motor vehicle operations of other carriers by rail or water and of express or forwarding companies.

(5) "Contract carrier" includes all motor vehicle operators not included under the terms "common carrier" and "private carrier" as herein defined in paragraph (4) and paragraph (6), and further includes any person who under special and individual contracts or agreements transports property by motor vehicle for compensation.

(6) A "private carrier" is a person who transports by his own motor vehicle, with or without compensation therefor,

property which is owned or is being bought or sold by such person, or property of which such person is the seller, purchaser, lessee, or bailee where such transportation is incidental to and in furtherance of some other primary business conducted by such person in good faith.

(7) "Motor carrier" means and includes "common carrier," "contract carrier," "private carrier," and "exempt carrier" as herein defined.

(8) "Exempt carrier" means any person operating a vehicle exempted from certain provisions of this chapter under RCW 81.80.040.

(9) "Vehicle" means every device capable of being moved upon a public highway and in, upon, or by which any person or property is or may be transported or drawn upon a public highway, excepting devices moved by human or animal power or used exclusively upon stationary rail or tracks.

(10) "Commercial zone" means an area encompassing one or more cities or towns and environs adjacent thereto established pursuant to RCW 81.80.400.

(11) "Terminal area" means an area including one or more cities or towns and environs adjacent thereto established pursuant to RCW 81.80.400.

(12) "Common carrier" and "contract carrier" includes persons engaged in the business of providing, contracting for, or undertaking to provide transportation of property for compensation over the public highways of the state of Washington as brokers or forwarders. [1989 c 60 § 1; 1988 c 31 § 1; 1982 c 71 § 1; 1967 c 69 § 1; 1961 c 14 § 81.80.010. Prior: 1937 c 166 § 2; 1935 c 184 § 2; RRS § 6382-2.]

#### **NOTES:**

**Severability--1982 c 71:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1982 c 71 § 5.]

**Severability--1967 c 69:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 69 § 4.]

**RCW 81.80.020 Declaration of policy.** The business of operating as a motor carrier of freight for compensation along the highways of this state is declared to be a business affected with a public interest. The rapid increase of motor carrier freight traffic and the fact that under the existing law many motor trucks are not effectively regulated have increased the dangers and hazards on public highways and make it imperative

that more complete regulation should be employed to the end that the highways may be rendered safer for the use of the general public; that the wear of such highways may be reduced; that congestion on highways may be minimized; that the shippers of the state may be provided with a stabilized service and rate structure; that sound economic conditions in such transportation and among such carriers may be fostered in the public interest; that adequate, economical, and efficient service by motor carriers, and reasonable charges therefor, without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices may be promoted; that the common carriage of commodities by motor carrier may be preserved in the public interest; that the relations between, and transportation by and regulation of, motor carriers and other carriers may be improved and coordinated so that the highways of the state of Washington may be properly developed and preserved, and the public may be assured adequate, complete, dependable and stable transportation service in all its phases. [1961 c 14 § 81.80.020. Prior: 1937 c 166 § 1; 1935 c 184 § 1; RRS § 6382-1.]

**RCW 81.80.030 Hidden transportation charges.** Operators of motor vehicles excluded from the term "private carrier," other than "common carriers" shall not be compelled to dedicate their property to the business of public transportation and subject themselves to all the duties and burdens imposed by this chapter upon "common carriers," but where they recover the cost of transportation through price differentials or in any other direct or indirect manner and such transportation cost recovery unreasonably endangers the stability of rates and the essential transportation service involving the movement of commodities over the same route or routes by other types of carriage, then such transportation costs, attempted to be recovered, shall not be less than the rate, fare or charge regularly established by the department for such transportation service if given by other types of carriers, it being the intention of the legislature to foster a stable rate structure free of discriminations for the shippers of the state of Washington. [1961 c 14 § 81.80.030. Prior: 1937 c 166 § 3; RRS § 6382-2a.]

**RCW 81.80.040 Exempt vehicles.** The provisions of this chapter, except where specifically otherwise provided, and except the provisions providing for licenses, shall not apply to:

(1) Motor vehicles when operated in transportation exclusively within the corporate limits of any city or town of less than ten thousand population unless contiguous to a city or town of ten thousand population or over, nor between contiguous cities or towns both or all of which are less than ten thousand population;

(2) Motor vehicles when operated in transportation wholly within the corporate limits of cities or towns of ten thousand or more but less than thirty thousand population, or between such cities or towns when contiguous, as to which the commission, after investigation and the issuance of an order thereon, has determined that no substantial public interest exists which requires that such transportation be subject to regulation under this chapter;

(3) Motor vehicles when transporting exclusively the United States mail or in the transportation of newspapers or periodicals;

(4) Motor vehicles owned and operated by the United States, the state of Washington, or any county, city, town, or municipality therein, or by any department of them, or either of them;

(5) Motor vehicles specially constructed for towing not more than two disabled, unauthorized, or repossessed motor vehicles, wrecking, or exchanging an operable vehicle for a disabled vehicle and not otherwise used in transporting goods for compensation. For the purposes of this subsection, a vehicle is considered to be repossessed only from the time of its actual repossession through the end of its initial tow;

(6) Motor vehicles normally owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market, or in the infrequent or seasonal transportation by one farmer for another farmer, if their farms are located within twenty miles of each other, of products of the farm, orchard, or dairy, including livestock and plant or animal wastes, or of supplies or commodities to be used on the farm, orchard, or dairy;

(7) Motor vehicles when transporting exclusively water in connection with construction projects only;

(8) Motor vehicles of less than 8,000 pounds gross vehicle weight when transporting exclusively legal documents, pleadings, process, correspondence, depositions, briefs, medical records, photographs, books or papers, cash or checks, when moving shipments of the documents described at the direction of an attorney as part of providing legal services. **RCW 81.80.045 Exemption--Freight consolidators. (1)**

Except as provided in subsections (2) and (3) of this section, the provisions of this chapter shall not apply to the operations of a shipper or a group or association of shippers in consolidating or distributing freight for themselves or for their members on a nonprofit basis for the purpose of securing the benefits of carload, truckload, or other volume rates, when

the services of a common carrier are used for the transportation of such shipments.

(2) Every shipper or group or association of shippers claiming this exemption shall file with the commission on an annual basis a statement of nonprofit status and such proof of that status as the commission may by rule require.

(3) The commission may examine the books and records of any shipper or group or association of shippers claiming exemption under this section solely for the purpose of investigating violations of this section. [1979 ex.s. c 138 § 1.]

**RCW 81.80.050 Compliance required.** It shall be unlawful for any person to operate as a "motor carrier" on any public highway of this state except in accordance with the provisions of this chapter. [1961 c 14 § 81.80.050. Prior: 1935 c 184 § 4; RRS § 6382-4.]

**RCW 81.80.060 Combination of services.** Every person who engages for compensation to perform a combination of services a substantial portion of which includes transportation of property of others upon the public highways shall be subject to the jurisdiction of the commission as to such transportation and shall not engage upon the same without first having obtained a common carrier or contract carrier permit to do so. An example of such a combination of services shall include, but not be limited to, the delivery of household appliances for others where the delivering carrier also unpacks or uncrates the appliances and makes the initial installation thereof. Every person engaging in such a combination of services shall advise the commission what portion of the consideration is intended to cover the transportation service and if the agreement covering the combination of services is in writing, the rate and charge for such transportation shall be set forth therein. The rates or charges for the transportation services included in such combination of services shall be subject to control and regulation by the commission in the same manner that the rates of common and contract carriers are now controlled and regulated. Any person engaged in extracting and/or processing and, in connection therewith, hauling materials exclusively for the maintenance, construction or improvement of a public highway shall not be deemed to be performing a combination of services. [1969 ex.s. c 210 § 17; 1969 c 33 § 1. Prior: 1967 ex.s. c 145 § 77; 1967 c 69 § 2; 1965 ex.s. c 170 § 40; 1961 c 14 § 81.80.060; prior: 1937 c 166 § 5; RRS § 6382-4a.]

**NOTES:**

**Severability--1967 c 69:** See note following RCW 81.80.010.

**RCW 81.80.070 Grant or denial of permit--Cease and desist orders--Penalty.** (1) No "common carrier," "contract carrier," or "temporary carrier" shall operate for the transportation of property for compensation in this state without first obtaining from the commission a permit so to do. Permits heretofore issued or hereafter issued to any carrier, shall be exercised by said carrier to the fullest extent so as to render reasonable service to the public. Applications for common or contract carrier permits or extensions thereof shall be on file for a period of at least thirty days prior to the granting thereof unless the commission finds that special conditions require the earlier granting thereof.

(2) A permit or extension thereof shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is fit, willing, and able properly to perform the services proposed and conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, and that such operations will be consistent with the public interest, and, in the case of common carriers, that the same are or will be required by the present or future public convenience and necessity, otherwise such application shall be denied.

(3) Nothing contained in this chapter shall be construed to confer upon any person or persons the exclusive right or privilege of transporting property for compensation over the public highways of the state.

(4) A common carrier, contract carrier, or temporary carrier operating without the permit required in subsection (1) of this section, or who violates a cease and desist order of the commission issued under RCW 81.04.510, is subject to a penalty, under the process set forth in RCW 81.04.405, of one thousand five hundred dollars.

(5) Notwithstanding RCW 81.04.510, the commission may, in conjunction with issuing the penalty set forth in subsection (4) of this section, issue cease and desist orders to carriers operating without the permit required in subsection (1) of this section, and to all persons involved in the carriers' operations. [1999 c 79 § 1; 1963 c 242 § 1; 1961 c 14 § 81.80.070. Prior: 1953 c 95 § 17; 1947 c 264 § 2; 1941 c 163 § 1; 1937 c 166 § 6; 1935 c 184 § 5; Rem. Supp. 1947 § 6382-5.]

**RCW 81.80.080 Application for permit.** Application for permits shall be made to the commission in writing and shall state the ownership, financial condition, equipment to be used and physical property of the applicant, the territory or route or routes in or over which the applicant proposes to operate, the nature of the transportation to be engaged in and such other information as the commission may require, and in case such application is that of a "contract carrier" shall have attached thereto photocopies of all contracts to furnish transportation

covered by such application. [1991 c 41 § 1; 1961 c 14 § 81.80.080. Prior: 1935 c 184 § 6; RRS § 6382-6.]

**RCW 81.80.090 Form of application--Filing fees.** The commission shall prescribe forms of application for permits and for extensions thereof for the use of prospective applicants, and for transfer of permits and for acquisition of control of carriers holding permits, and shall make regulations for the filing thereof. Any such application shall be accompanied by such filing fee as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed five hundred fifty dollars. [1993 c 97 § 5; 1973 c 115 § 10; 1961 c 14 § 81.80.090. Prior: 1941 c 163 § 2; 1937 c 166 § 7; 1935 c 184 § 7; RRS § 6382-7.]

**RCW 81.80.100 Form and contents of permit.** Permits granted by the commission shall be in such form as the commission shall prescribe and shall set forth the name and address of the person to whom the permit is granted, the nature of the transportation service to be engaged in and the principal place of operation, termini or route to be used or territory to be served by the operation. No permit holder shall operate except in accordance with the permit issued to him. [1961 c 14 § 81.80.100. Prior: 1935 c 194 § 8; RRS § 6382-8.]

**RCW 81.80.110 Limitation on renewal of application.** No person whose application for a permit has been denied after hearing under any of the provisions of this chapter shall be eligible to renew the application for a period of six months from the date of the order denying such application. [1961 c 14 § 81.80.110. Prior: 1947 c 264 § 3; 1935 c 184 § 9; Rem. Supp. 1947 § 6382-9.]

**RCW 81.80.115 Fees imposed under this chapter--Procedure for contesting--Rules.** If a person seeks to contest the imposition of a fee imposed under this chapter, the person shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission. [1993 c 97 § 6.]

**RCW 81.80.120 Classification of carriers.** The commission may from time to time establish such just and reasonable classifications of the groups of carriers included in the terms "common carriers" and "contract carriers" as the special nature

of the services performed by such carriers shall require, and such just and reasonable rules, regulations and requirements, consistent with the provisions of this chapter, to be observed by the carriers so classified or grouped, as the commission deems necessary or advisable in the public interest. [1961 c 14 § 81.80.120. Prior: 1937 c 166 § 8; 1935 c 184 § 10; RRS § 6382-10.]

**RCW 81.80.130 Regulatory power of commission over common carriers.** The commission shall supervise and regulate every "common carrier" in this state; make, fix, alter, and amend, just, fair, reasonable, minimum, maximum, or minimum and maximum, rates, charges, classifications, rules, and regulations for all "common carriers"; regulate the accounts, service, and safety of operations thereof; require the filing of reports and other data thereby; and supervise and regulate all "common carriers" in all other matters affecting their relationship with competing carriers of every kind and the shipping and general public: PROVIDED, The commission may by order approve rates filed by common carriers in respect to certain designated commodities and services when, in the opinion of the commission, it is impractical for the commission to make, fix, or prescribe rates covering such commodities and services. [1961 c 14 § 81.80.130. Prior: 1957 c 205 § 5; 1937 c 166 § 9; 1935 c 184 § 11; RRS § 6382-11.]

**RCW 81.80.132 Common carriers--Estimate of charges for household goods--Penalty.** When a common carrier gives an estimate of charges for services in carrying household goods, the carrier will endeavor to accurately reflect the actual charges. The carrier is subject to a monetary penalty not to exceed one thousand dollars per violation when the actual charges exceed the percentages allowed by the commission. [1993 c 392 § 1.]

**RCW 81.80.140 Regulatory power over contract carriers.** The commission is hereby vested with power and authority, and it is hereby made its duty, to supervise and regulate every "contract carrier" in this state; to fix, alter and amend, just, fair and reasonable classifications, rules and regulations and minimum rates and charges of each such "contract carrier"; to regulate the account, service and safety of operations thereof; and require the filing of reports and of other data thereby; and to supervise and regulate such "contract carriers" in all other matters affecting their relationship with both the shipping and the general public. [1961 c 14 § 81.80.140. Prior: 1937 c 166 § 11; 1935 c 184 § 12; RRS § 6382-12.]

**RCW 81.80.150 Tariffs to be compiled and sold by commission.** The commission shall make, fix, construct, compile, promulgate, publish, and distribute tariffs containing compilations of rates, charges, classifications, rules, and regulations to be used by all common carriers. In compiling such tariffs it shall include within any given tariff compilation such carriers, groups of carriers, commodities, or geographical areas as it determines shall be in the public interest. Such compilations and publications may be made by the commission by compiling the rates, charges, classifications, rules, and regulations now in effect, and as they may be amended and altered from time to time after notice and hearing, by issuing and distributing revised pages or supplements to such tariffs or reissues thereof in accordance with the orders of the commission: PROVIDED, That the commission, upon good cause shown, may establish temporary rates, charges, or classification changes which may be made permanent only after publication in an applicable tariff for not less than sixty days, and determination by the commission thereafter that the rates, charges or classifications are just, fair, and reasonable: PROVIDED FURTHER, That temporary rates shall not be made permanent except upon notice and hearing if within sixty days from date of publication, a shipper or common carrier, or representative of either, shall file with the commission a protest alleging such temporary rates to be unjust, unfair, or unreasonable. For purposes of this proviso, the publication of temporary rates in the tariff shall be deemed adequate public notice. Nothing herein shall be construed to prevent the commission from proceeding on its own motion, upon notice and hearing, to fix and determine just, fair, and reasonable rates, charges, and classifications. Each common carrier shall purchase from the commission and post tariffs applicable to its authority. The commission shall set fees for sale of the tariffs, and supplements and corrections of them, at rates to cover all costs of making, fixing, constructing, compiling, promulgating, publishing, and distributing the tariffs. The proper tariff, or tariffs, applicable to a carrier's operations shall be available to the public at each agency and office of all common carriers operating within this state. Such compilations and publications shall be sold by the commission for the established fee. However, copies may be furnished free to other regulatory bodies and departments of government and to colleges, schools, and libraries. All copies of the compilations, whether sold or given free, shall be issued and distributed under rules and regulations to be fixed by the commission: PROVIDED FURTHER, That the commission may by order authorize common carriers to publish and file tariffs with the commission and be governed thereby in respect to certain designated commodities and services when, in the opinion of the commission, it is impractical for the commission to make, fix, construct, compile, publish, and distribute tariffs covering such commodities and services. [1993 c 97 § 4; 1981 c 116 § 2;

1973 c 115 § 11; 1961 c 14 § 81.80.150. Prior: 1959 c 248 § 5; 1957 c 205 § 6; 1947 c 264 § 4; 1941 c 163 § 3; 1937 c 166 § 10; Rem. Supp. 1947 § 6382-11a.]

**RCW 81.80.170 Temporary permits.** The commission may issue temporary permits to temporary "common carriers" or "contract carriers" for a period not to exceed one hundred eighty days, but only after it finds that the issuance of such temporary permits is consistent with the public interest. It may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter.

The commission may also issue temporary permits pending the determination of an application filed with the commission for approval of a consolidation or merger of the properties of two or more common carriers or contract carriers or of a purchase or lease of one or more common carriers or contract carriers. [1963 c 242 § 2; 1961 c 14 § 81.80.170. Prior: 1953 c 95 § 18; 1947 c 264 § 5; 1937 c 166 § 12; 1935 c 184 § 14; Rem. Supp. 1947 § 6382-14.]

**RCW 81.80.175 Permits for farm to market hauling.** A permit or extension thereof for hauling unprocessed or unmanufactured agricultural commodities and livestock for a distance not to exceed eighty miles from the point of production to primary markets shall be issued to any qualified applicant therefor, authorizing the whole or part of the operations covered by the application, if it is found that the applicant is fit, willing, and able properly to perform the services proposed and conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, and that such operations will be consistent with the public interest. [1963 c 242 § 5.]

**RCW 81.80.190 Insurance or deposit of security.** The commission shall in the granting of permits to "common carriers" and "contract carriers" under this chapter require such carriers to either procure and file liability and property damage insurance from a company licensed to write such insurance in the state of Washington, or deposit such security, for such limits of liability and upon such terms and conditions as the commission shall determine to be necessary for the reasonable protection of the public against damage and injury for which such carrier may be liable by reason of the operation of any motor vehicle.

In fixing the amount of said insurance policy or policies, or deposit of security, the commission shall give due consideration to the character and amount of traffic and the

number of persons affected and the degree of danger which the proposed operation involves.

If the commission is notified of the cancellation, revocation, or any other changes in the required insurance or security of a common carrier or contract carrier with a permit to transport radioactive or hazardous materials, the commission shall immediately notify the state radiation control agency of the change. [1986 c 191 § 5; 1961 c 14 § 81.80.190. Prior: 1935 c 184 § 16; RRS § 6382-16.]

**NOTES:**

**Construction--Severability--1986 c 191:** See RCW 43.200.905 and 43.200.906.

**RCW 81.80.195 Liability insurance requirements exclusive.** This chapter shall exclusively govern the liability insurance requirements for motor vehicle common and contract carriers. Any motor vehicle that meets the public liability requirements prescribed under RCW 81.80.190 shall not be required to comply with any ordinances of a city or county prescribing insurance requirements. [1989 c 264 § 2.]

**NOTES:**

**Policy--1989 c 264:** "The state legislature has prescribed what requirements are necessary for public liability insurance for motor vehicle common and contract carriers to adequately protect both public and private property, both real and personal. It is therefore necessary and desirable for the state to prevent each city or county from applying its own separate insurance regulations in addition to those required by the commission." [1989 c 264 § 1.]

**RCW 81.80.200 Conditions may be attached to permits.** The commission is hereby vested with power and authority in issuing permits to any of the carriers classified in accordance with RCW 81.80.120 to attach thereto such terms and conditions and to require such insurance or security as it may deem necessary for the protection of the public highways and to be for the best interest of the shipping and the general public. All such regulations and conditions shall be deemed temporary and may be revoked by the commission upon recommendation of the state or county authorities in charge of highway maintenance or safety when in the judgment of such authorities such revocation is required in order to protect the public or preserve the public highways. [1961 c 14 § 81.80.200. Prior: 1937 c 166 § 14; 1935 c 184 § 17; RRS § 6382-17.]

**RCW 81.80.211 Hours of operators--Rules and regulations.**

The commission may adopt rules and regulations relating to the hours of duty of motor carrier drivers and operators. [1961 c 14 § 81.80.211. Prior: 1953 c 95 § 23.]

**RCW 81.80.220 Tariff rates must be charged.** No "common carrier" or "contract carrier" shall collect or receive a greater, less or different remuneration for the transportation of property or for any service in connection therewith than the rates and charges which shall have been legally established and filed with the commission, or as are specified in the contract or contracts filed, as the case may be, nor shall any such carrier refund or remit in any manner or by any device any portion of the rates and charges required to be collected by each tariff or contract or filing with the commission.

The commission may check the records of all carriers under this chapter and of those employing the services of the carrier for the purpose of discovering all discriminations, under or overcharges and rebates, and may suspend or revoke permits for violations of this section.

The commission may refuse to accept any time schedule or tariff or contract that will, in the opinion of the commission, limit the service of a carrier to profitable trips only or to the carrying of high class commodities in competition with other carriers who give a complete service and thus afford one carrier an unfair advantage over a competitor. [1961 c 14 § 81.80.220. Prior: 1937 c 166 § 16; 1935 c 184 § 19; RRS § 6382-19.]

**RCW 81.80.230 Penalty for rebating--Procedures for collection.** Any person, whether carrier subject to the provisions of this chapter, shipper, or consignee, or any officer, employee, agent, or representative thereof, who shall offer, grant, or give, or solicit, accept, or receive any rebate, concession, or discrimination in violation of any provision of this chapter, or who by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, roll, account, claim, certificate, affidavit, deposition, lease, or bill of sale, or by any other means or device shall assist, suffer or permit any person or persons, natural or artificial, to obtain transportation of property subject to this chapter for less than the applicable rate, fare, or charge, or who shall fraudulently seek to evade or defeat regulation as in this chapter provided for motor carriers shall be subject to a civil penalty of not more than one hundred dollars for each violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day's continuance shall be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in

the violation shall be considered a violation under this section and subject to the penalty provided for in this section.

The penalty provided for in this section shall become due and payable when the person incurring the penalty receives a notice in writing from the commission describing the violation with reasonable particularity and advising the person that the penalty is due. The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the penalty upon such terms as the commission in its discretion deems proper. The commission has authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper. If the penalty is not paid to the commission within fifteen days after receipt of notice imposing the penalty or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of some other county in which the violator may do business, to recover the penalty. In all such actions, the procedure and rules of evidence shall be the same as in an ordinary civil action except as otherwise provided in this section. All penalties recovered under this section shall be paid into the state treasury and credited to the public service revolving fund. [1980 c 132 § 2; 1961 c 14 § 81.80.230. Prior: 1947 c 264 § 6; Rem. Supp. 1947 § 6382-19a.]

#### **NOTES:**

**Effective date--1980 c 132:** See note following RCW 81.29.020.

**RCW 81.80.240 Joint through rates.** The commission shall have power and authority to require a common carrier by motor vehicle, railroad, express or water to establish reasonable through rates with other common carriers by motor vehicle, railroad, express and water, and to provide safe and adequate service, equipment and facilities for the transportation of property; to establish and enforce just and reasonable individual and joint rates, charges and classifications, and just and reasonable regulations and practices relating thereto, and in case of such joint rates, fares and charges to establish just, reasonable and equitable divisions thereof as between the carriers participating therein, which shall not unduly prefer or prejudice any of such participating carriers. In ordering and establishing joint through rates between different types of carriers the commission shall give full effect to the lower cost of transportation of property by any type of carrier and shall reflect such lower cost by differentials under a through rate of

the higher cost carrier. [1961 c 14 § 81.80.240. Prior: 1937 c 166 § 17; 1935 c 184 § 20; RRS § 6382-20.]

**RCW 81.80.250 Bond to protect shippers and consignees.**

The commission may, under such rules and regulations as it shall prescribe, require any common carrier to file a surety bond, or deposit security, in a sum to be determined by the commission, to be conditioned upon such carrier making compensation to shippers and consignees for all money belonging to shippers and consignees, and coming into the possession of such carrier in connection with its transportation service. Any common carrier which may be required by law to compensate a shipper or consignee for any loss, damage or default for which a connecting common carrier is legally responsible shall be subrogated to the rights of such shipper or consignee under any such bond or deposit of security to the extent of the sum so paid. [1961 c 14 § 81.80.250. Prior: 1935 c 184 § 21; RRS § 6382-21.]

**RCW 81.80.260 Operation in more than one class.** It shall be unlawful for any person to operate any vehicle at the same time in more than one class of operation, except upon approval of the commission and a finding that such operation will be in the public interest.

No "exempt carrier" as such shall transport property for compensation except as hereinabove provided. [1967 c 69 § 3; 1961 c 14 § 81.80.260. Prior: 1935 c 184 § 22; RRS § 6382-22.]

**NOTES:**

**Severability--1967 c 69:** See note following RCW 81.80.010.

**RCW 81.80.270 Permits--Transfer--Assignment--Acquisition of carrier holding permit--Commission approval--Duties on cessation of operation.** No permit issued under the authority of this chapter shall be construed to be irrevocable. Nor shall such permit be subject to transfer or assignment except upon a proper showing that property rights might be affected thereby, and then in the discretion of the commission.

No person, partnership or corporation, singly or in combination with any other person, partnership or corporation, whether a carrier holding a permit or otherwise, or any combination of such, shall acquire control or enter into any agreement or arrangement to acquire control of a common or contract carrier holding a permit through ownership of its stock or through purchase, lease or contract to manage the business, or otherwise except after and with the approval and authorization of the commission: PROVIDED, That upon the dissolution of a partnership, which holds a permit, because of the death, bankruptcy, or withdrawal of a partner where such

partner's interest is transferred to his spouse or to one or more remaining partners, or in the case of a corporation which holds a permit, in the case of the death of a shareholder where a shareholder's interest upon death is transferred to his spouse or to one or more of the remaining shareholders, the commission shall transfer the permit to the newly organized partnership which is substantially composed of the remaining partners, or continue the corporation's permit without making the proceeding subject to hearing and protest. In all other cases any such transaction either directly or indirectly entered into without approval of the commission shall be void and of no effect, and it shall be unlawful for any person seeking to acquire or divest control of such permit to be a party to any such transaction without approval of the commission.

Every carrier who shall cease operation and abandon his rights under the permits issued him shall notify the commission within thirty days of such cessation or abandonment, and return to the commission the identification cards issued to him. [1973 c 115 § 12; 1969 ex.s. c 210 § 12; 1965 ex.s. c 134 § 1; 1963 c 59 § 6; 1961 c 14 § 81.80.270. Prior: 1959 c 248 § 24; 1937 c 166 § 18; 1935 c 184 § 23; RRS § 6382-23.]

**RCW 81.80.272 Transfer of decedent's interest--Temporary continuance of operations.** Except as otherwise provided in RCW 81.80.270 any permit granted to any person under this chapter and held by that person alone or in conjunction with others other than as stockholders in a corporation at the time of his death shall be transferable the same as any other right or interest of the person's estate subject to the following:

(1) Application for transfer shall be made to the commission in such form and contain such information as the commission shall prescribe. The transfer described in any such application shall be approved if it appears from the application or from any hearing held thereon or from any investigation thereof that the proposed transferee is fit, willing and able properly to perform the services authorized by the permit to be transferred and to conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, otherwise the application shall be denied.

(2) Temporary continuance of motor carrier operations without prior compliance with the provisions of this section will be recognized as justified by the public interest in cases in which the personal representatives, heirs or surviving spouses of deceased persons desire to continue the operations of the carriers whom they succeed in interest subject to such reasonable rules and regulations as the commission may prescribe.

In case of temporary continuance under this section the successor shall immediately procure insurance or deposit security as required by RCW 81.80.190.

Immediately upon any such temporary continuance of motor carrier operations and in any event not more than thirty days thereafter the successor shall give notice of the succession by written notice to the commission containing such information as the commission shall prescribe. [1973 c 115 § 13; 1965 ex.s. c 134 § 2.]

**RCW 81.80.280 Cancellation of permits.** Permits may be canceled, suspended, altered or amended by the commission upon complaint by any interested party, or upon the commission's own motion after notice and opportunity for hearing, when the permittee or his or its agent has repeatedly violated this chapter, the rules and regulations of the commission or the motor laws of this state or of the United States, or the permittee has made unlawful rebates or has not conducted his operation in accordance with the permit granted him. Any person may at the instance of the commission be enjoined from any violation of the provisions of this chapter, or any order, rule or regulation made by the commission pursuant to the terms hereof. If such suit be instituted by the commission no bond shall be required as a condition to the issuance of such injunction. [1987 c 209 § 1; 1961 c 14 § 81.80.280. Prior: 1935 c 184 § 24; RRS § 6382-24.]

(2) The holder of a certificate of public convenience and necessity granted under this chapter must initiate service within five years of obtaining the certificate, except that the holder of a certificate of public convenience and necessity for passenger-only ferry service in Puget Sound must initiate service within twenty months of obtaining the certificate. The certificate holder shall report to the commission every six months after the certificate is granted on the progress of the certificated route. The reports shall include, but not be limited to, the progress of environmental impact, parking, local government land use, docking, and financing considerations. Except in the case of passenger-only ferry service in Puget Sound, if service has not been initiated within five years of obtaining the certificate, the commission may extend the certificate on a twelve-month basis for up to three years if the six-month progress reports indicate there is significant advancement toward initiating service.

(3) The commission shall review certificates in existence as of July 25, 1993, where service is not being provided on all or any portion of the route or routes certificated. Based on progress reports required under subsection (2) of this section, the commission may grant an extension beyond that provided in subsection (2) of this section. Such additional extension may not exceed a total of two years. [2003 c 373 § 4; 2003 c 83 § 211; 1993 c 427 § 2; 1961 c 14 § 81.84.010. **RCW 81.84.020 Application--Hearing--Issuance of certificate--Determining factors.** (1) Upon the filing of an application the commission shall give reasonable notice to the department, affected cities, counties, and public transportation benefit areas and any common carrier which might be adversely affected, of the time and place for hearing on such application. The commission shall have power after hearing, to issue the certificate as prayed for, or to refuse to issue it, or to issue it for the partial exercise only of the privilege sought, and

may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require; but the commission shall not have power to grant a certificate to operate between districts and/or into any territory prohibited by RCW 47.60.120 or already served by an existing certificate holder, unless such existing certificate holder has failed or refused to furnish reasonable and adequate service or has failed to provide the service described in its certificate or tariffs after the time period allowed to initiate service has elapsed: PROVIDED, A certificate shall be granted when it shall appear to the satisfaction of the commission that the commercial ferry was actually operating in good faith over the route for which such certificate shall be sought, on January 15, 1927: PROVIDED, FURTHER, That in case two or more commercial ferries shall upon said date have been operating vessels upon the same route, or between the same districts the commission shall determine after public hearing whether one or more certificates shall issue, and in determining to whom a certificate or certificates shall be issued, the commission shall consider all material facts and circumstances including the prior operation, schedules, and services rendered by either of the ferries, and in case more than one certificate shall issue, the commission shall fix and determine the schedules and services of the ferries to which the certificates are issued to the end that duplication of service be eliminated and public convenience be furthered.

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. Issuance of a certificate shall be determined upon, but not limited to, the following factors: Ridership and revenue forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; a statement of the total assets on hand of the applicant that will be expended on the proposed operation; and a statement of prior experience, if any, in such field by the applicant. The documentation required of the applicant under this section shall comply with the provisions of RCW 9A.72.085.

(3) Subsection (2) of this section does not apply to an application for a certificate that is pending as of July 25, 1993.

(4) In granting a certificate for passenger-only ferries and determining what conditions to place on the certificate, the commission shall consider and give substantial weight to the effect of its decisions on public agencies operating, or eligible to operate, passenger-only ferry service.

(5) Until March 1, 2005, the commission shall not consider an application for passenger-only ferry service serving any county in Puget Sound, unless the public transportation benefit area authority or ferry district serving that county, by

resolution, agrees to the application. [2003 c 373 § 5; 2003 c 83 § 212; 1993 c 427 § 3; 1961 c 14 § 81.84.020. Prior: 1950 ex.s. c 6 § 1, part; 1927 c 248 § 1, part; RRS § 10361-1, part.]

**RCW 81.84.025 Certificate--Insurance or bond required--Amounts.** The commission, in granting a certificate to operate as a commercial ferry, shall require the operator to first obtain liability and property damage insurance from a company licensed to write liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each vessel or ferry to be used, in the amount of not less than one hundred thousand dollars for any recovery for personal injury by one person, and not less than one million dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury and property damage by reason of one act of negligence, and not less than fifty thousand dollars for damage to property of any person other than the insured; or combined bodily injury and property damage liability insurance of not less than one million dollars, and to maintain such liability and property damage insurance or surety bond in force on each vessel or ferry while so used. Each policy for liability or property damage insurance or surety bond required by this section must be filed with the commission and kept in full force and effect, and failure to do so is cause for revocation of the operator's certificate. [1993 c 427 § 4.]

**RCW 81.84.030 Certificate--Transfer.** No certificate or any right or privilege thereunder held, owned, or obtained under the provisions of this chapter shall be sold, assigned, leased, mortgaged, or in any manner transferred, either by the act of the parties or by operation of law, except upon authorization by the commission first obtained. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for.

The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the commission describing such violation with reasonable particularity and advising such person that the penalty is due.

The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as it in its discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper.

If the amount of such penalty is not paid to the commission within fifteen days after receipt of notice imposing the same or, if application for remission or mitigation has not been made, within fifteen days after the violator has received notice of the disposition of such application, the attorney general shall bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or of some other county in which such violator may do business. In all such actions the procedure and rules of evidence shall be the same as in ordinary civil actions except as otherwise herein provided. All penalties recovered by the state under this chapter shall be paid into the state treasury and credited to the public service revolving fund. [1993 c 427 § 6; 1961 c 14 § 81.84.050. **RCW 81.84.070 Temporary certificate--Immediate and urgent need.** The commission may, with or without a hearing, issue temporary certificates to operate under this chapter, but only after it finds that the issuance of the temporary certificate is necessary due to an immediate and urgent need and is otherwise consistent with the public interest. The certificate may be issued for a period of up to one hundred eighty days. **RCW 81.88.005 Intent--Findings.** (1) The intent of chapter 191, Laws of 2000 is to protect the health and safety of the citizens of the state of Washington and the quality of the state's environment by developing and implementing environmental and public safety measures applicable to persons transporting hazardous liquids and gas by pipeline within the state of Washington. The legislature finds that public safety and the

environment may best be protected by adopting standards that are equal to, or more stringent than, those adopted by the federal government, so long as they do not impermissibly interfere with interstate commerce.

(2) The legislature recognizes that additional federal authority is needed to implement a comprehensive pipeline safety program and by chapter 191, Laws of 2000 and other measures directs the state to seek that authority.

(3) It is also the intent of the legislature that the governor work with the state congressional delegation in seeking:

(a) To amend the federal pipeline safety act to delegate authority to qualified states to adopt and enforce standards equal to or more stringent than federal standards;

(b) State authority to administer and enforce federal requirements related to pipeline safety; and

(c) Higher levels of funding for state and federal pipeline safety activities and for states to respond to pipeline accident emergencies.

(4) While the legislature acknowledges that serious accidents have occurred for hazardous liquid and gas pipelines in this nation and elsewhere, it recognizes that there are fundamental differences between hazardous liquid pipelines and gas pipelines and that a different system of safety regulations must be applied for each kind of pipeline. [2000 c 191 § 1.]

**RCW 81.88.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Any property or interest therein acquired by any corporation under the provisions of this section by the exercise of the right of eminent domain shall be used exclusively for the purposes for which it was acquired. In all actions brought under this section to enforce the right of eminent domain, courts wherein such actions are brought may give such actions preference over all other civil actions in the matter of setting the same for hearing or trial and in hearing the same. [1961 c 14 § 81.88.020. Prior: 1951 c 94 § 2; 1915 c 132 § 2; RRS § 9965.]

The commission shall administer and enforce all laws related to hazardous liquid pipeline safety.

(2) The commission shall adopt rules for pipeline safety standards for hazardous liquid pipeline transportation that:

(a) Require pipeline companies to design, construct, operate, and maintain their pipeline facilities so they are safe and efficient;

(b) Require pipeline companies to rapidly locate and isolate all reportable releases from pipelines, that may include:

(i) Installation of remote control shut-off valves; and

(ii) Installation of remotely monitored pressure gauges and meters;

(c) Require the training and certification of personnel who operate pipelines and the associated systems;

(d) Require reporting of emergency situations, including emergency shutdowns and material defects or physical damage that impair the serviceability of a pipeline; and

(e) Require pipeline companies to submit operations safety plans to the commission once every five years, as well as any amendments to the plan made necessary by changes to the pipeline system or its operation. The safety plan shall include emergency response procedures.

(3) The commission shall approve operations safety plans if they have been deemed fit for service. A plan shall be deemed fit for service when it provides for pipelines that are designed, developed, constructed, operated, and periodically modified to provide for protection of public safety and the environment. Pipeline operations safety plans shall, at a minimum, include:

(a) A schedule of inspection and testing within the pipeline distribution system of:

- (i) All mechanical components;
- (ii) All electronic components; and
- (iii) The structural integrity of all pipelines as determined through pressure testing, internal inspection tool surveys, or another appropriate technique;
- (b) Failsafe systems;
- (c) Safety management systems; and
- (d) Emergency management training for pipeline operators.

(4) The commission shall coordinate information related to pipeline safety by providing technical assistance to local planning and siting authorities.

(2) The curricula shall include training on:

(a) Prevention of damage to hazardous liquid and gas pipelines;

(b) The danger involved if a hazardous liquid or gas pipeline is damaged;

(c) The significance of hazardous liquid or gas pipeline damage that does not cause immediate failure; and

(d) The importance of immediately reporting damage to a hazardous liquid or gas pipeline and the importance of immediately repairing a damaged hazardous liquid or gas pipeline. [2000 c 191 § 6.]

**RCW 81.88.080 Pipeline mapping system--Commission specifications and evaluations.** (1) The commission shall require hazardous liquid pipeline companies, and gas pipeline companies with interstate pipelines, gas transmission pipelines, or gas pipelines operating over two hundred fifty pounds per square inch gauge, to provide accurate maps of their pipeline to

specifications developed by the commission sufficient to meet the needs of first responders including installation depth information when known.

(2) The commission shall evaluate the sufficiency of the maps and consolidate the maps into a statewide geographic information system. The commission shall assist local governments in obtaining hazardous liquid and gas pipeline location information and maps. The maps shall be made available to the one-number locator services as provided in chapter 19.122 RCW. The mapping system shall be consistent with the United States department of transportation national pipeline mapping program.

(3) The mapping system shall be completed by January 1, 2006, and periodically updated thereafter. The commission shall develop a plan for funding the geographic information system and report its recommendations to the legislature by December 15, 2000. [2000 c 191 § 7.]

**RCW 81.88.090 Enforcement of federal hazardous liquid pipeline safety requirements--Request for federal delegation of authority.** (1) The commission shall apply for federal delegation for the state's program for the purposes of enforcement of federal hazardous liquid pipeline safety requirements. If the secretary of transportation delegates inspection authority to the state as provided in this subsection, the commission, at a minimum, shall do the following:

(a) Inspect hazardous liquid pipelines periodically as specified in the inspection program;

(b) Collect fees;

(c) Order and oversee the testing of hazardous liquid pipelines as authorized by federal law and regulation; and

(d) File reports with the United States secretary of transportation as required to maintain the delegated authority.

(2) The commission shall also seek federal authority to adopt safety standards related to the monitoring and testing of interstate hazardous liquid pipelines.

(3) Upon delegation under subsection (1) of this section or under a grant of authority under subsection (2) of this section, to the extent authorized by federal law, the commission shall adopt rules for interstate pipelines that are no less stringent than the state's laws and rules for intrastate hazardous liquid pipelines. [2001 c 238 § 10; 2000 c 191 § 9.]

#### **NOTES:**

**Intent--Finding--Effective date--2001 c 238:** See notes following RCW 80.24.060.

81.96.020           Terms and provisions.  
81.96.030           Service of secretary of transportation as state  
                    member--Execution of compact.

**RCW 81.96.010 Ratification and approval--Adherence.** The western regional short-haul air transportation compact proposed for adoption by the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming, is hereby ratified and approved and the adherence of this state to the provisions of this compact, upon its ratification and approval by at least six of the other twelve states, is hereby declared. [1972 ex.s. c 36 § 2.]

**RCW 81.96.020 Terms and provisions.** The terms and provisions of the compact referred to in RCW 81.96.010 are as follows:

#### WESTERN REGIONAL SHORT-HAUL AIR TRANSPORTATION COMPACT

##### Article I PURPOSE

The party states recognize that short-haul air transportation is essential to a balanced and efficient transportation system in the West, meeting special needs created by particular geographic and population patterns in both rural and urban areas. They further recognize that it is not economically feasible for the commercial airlines to provide a full complement of short-haul air services or to explore fully the capabilities and limitations of the various types and locations of such services. They also recognize that careful planning, experimentation, and testing are needed before appropriate short-haul air transportation can be developed for all the situations in which it would be beneficial to the economy and general welfare of the western states. To meet this need, the party states agree that a regional compact should be established for the purpose of organizing and conducting a series of demonstration programs to test the feasibility of new short-haul air transportation concepts in the West.

##### Article II REGIONAL COMMISSION

A. There is hereby established an agency of the party states to be known as the Western Regional Short-Haul Air Transportation Commission (hereinafter called the "Commission").

B. The Commission shall be composed of one member from each party state and one federal member, if authorized by federal law, who shall be the Secretary of Transportation or his designee. Each state member shall be appointed, suspended, or removed and shall serve subject to and in accordance with the laws of the state which he represents.

C. The state members shall each be entitled to one vote on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of all members representing the party states are present, and unless a majority of the total number of votes on the Commission are cast in favor thereof. The federal member shall not be entitled to a vote on the Commission unless authorized by a majority vote of the state members. The state members may provide that decisions of the Commission shall require the affirmative vote of the federal member and of a majority of the state members, if such provision is necessary in order to meet the requirements of federal law. In matters coming before the Commission, the state members shall, to the extent practicable, consult with representatives of appropriate local subdivisions within their respective states and the federal member, if any, shall consult with the federal departments and agencies having an interest in the subject matter.

D. The state members of the Commission shall elect annually, from among their number, a chairman and a vice chairman. The state members may provide that the chairman so elected shall be designated as the state cochairman and the federal member shall be designated as the federal cochairman, if such provision is necessary in order to meet the requirements of federal law.

E. Each state member shall have an alternate appointed in accordance with the laws of the state which he represents. The federal member, if any, shall have an alternate appointed in accordance with federal law. An alternate shall be entitled to vote in the event of the absence, death, disability, removal, or resignation of the state or federal member for whom he is an alternate.

### Article III FUNCTIONS OF THE COMMISSION

A. It shall be the primary function of the Commission to authorize and effect a series of demonstration programs to test the feasibility of new short-haul air transportation concepts in the West. To carry out this function, the Commission shall have power to:

(1) Establish basic regional demonstration policy and coordinate with federal policy makers where appropriate;

(2) Create a management plan and implement programs through a suitable staff;

- (3) Designate demonstration arenas and facilities;
- (4) Select demonstration operators;
- (5) Establish a funding plan for the demonstration programs selected; and
- (6) Establish means of monitoring and evaluating the demonstration programs.

Article IV  
ADMINISTRATIVE POWERS AND DUTIES  
OF THE COMMISSION

A. The Commission shall adopt bylaws, rules, and regulations for the conduct of its business and the performance of its functions, and shall have the power to amend and rescind such bylaws, rules, and regulations. The Commission shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof, and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

B. The Commission may accept, use, and dispose of gifts or donations of services or property, real, personal, or mixed, tangible or intangible, for any of its purposes and functions under this compact.

C. The Commission may enter into and perform such contracts, leases, cooperative agreements, or other transactions as may be necessary in carrying out its functions and on such terms as it may deem appropriate, with any department, agency, or instrumentality of the United States or with any state, or any political subdivision, agency, or instrumentality thereof, or with any person, firm, association, or corporation.

D. In order to obtain information needed to carry out its duties, the Commission may hold such hearings, sit and act at such times and places, take such testimony, receive such evidence, and print or otherwise reproduce and distribute so much of its proceedings and reports thereon as it may deem advisable. The chairman of the Commission, or any member designated by the Commission for the purpose, shall have authority to administer oaths when it is determined by the Commission that testimony shall be taken or evidence received under oath.

E. The Commission may arrange for the head of any federal, state, or local department or agency to furnish to the Commission such information as may be available to or procurable by such department or agency, relating to the duties and functions of the Commission.

F. The Commission annually shall make to the Governor of each party state, a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been adopted by the Commission, which report shall be transmitted to the legislature of said state. The Commission may issue such additional reports as it may deem desirable.

Article V

## FINANCES

A. The members of the Commission shall serve without compensation from the Commission, but the compensation and expenses of each state member in attending Commission meetings may be paid by the state he represents in accordance with the laws of that state. All other expenses incurred by the Commission shall be paid by the Commission.

B. The Commission shall submit periodically to the executive head or designated officer of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof. Each such budget shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The share to be paid by each party state shall be determined by a majority vote of the state members of the Commission. The federal member, if any, shall not participate or vote in such determination. The costs shall be allocated equitably among the party states in accordance with their respective interests.

C. The Commission may meet any of its obligations in whole or in part with funds available to it from the federal government or other sources under Article IV(B) of this compact, provided that the Commission takes specific action setting aside such funds prior to the incurring of any obligation to be met in whole or in part in this manner. Except where the Commission makes use of funds available to it under Article IV(B) of this compact, the Commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

## Article VI PERSONNEL

A. The Commission may appoint and fix the compensation of an Executive Director, who shall be responsible for the day-to-day management of the operations conducted by the Commission. The Executive Director shall act as secretary-treasurer for the Commission and he, together with such other personnel as the Commission may direct, shall be bonded in such amounts as the Commission may require.

B. The Executive Director shall, with the approval of the Commission, appoint and remove or discharge such technical, clerical or other personnel on a regular, part-time, or consulting basis as may be necessary for the performance of the Commission's functions.

C. Officers and employees of the Commission shall be eligible for social security coverage in respect to old age and survivors' insurance provided the Commission takes such steps as may be necessary pursuant to federal law to participate in such program of insurance as a governmental agency or unit. The Commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford the officers and employees of the Commission terms and

conditions of employment similar to those enjoyed by employees of the party states generally. The Commission shall not be bound by any statute or regulation of any party state in the employment or discharge of any officer or employee.

## Article VII RECORDS AND AUDIT

A. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become a part of the annual report of the Commission.

B. The audit authorities of each of the party states and of the appropriate federal departments and agencies, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the Commission that are pertinent.

C. The Commission shall keep books and records in compliance with federal requirements and standards where necessary to qualify for federal assistance, including records which fully disclose the amount and disposition of the proceeds of federal assistance the Commission has received, the total cost of the plan, program, or project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the plan, program, or project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

## Article VIII ELIGIBLE PARTIES, ENTRY INTO FORCE AND WITHDRAWAL

A. Any or all of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming shall be eligible to become party to this compact.

B. As to any eligible party state, this compact shall become effective when its legislature shall have enacted the same into law; provided, that it shall not become initially effective until enacted into law by 7 states.

C. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing state has given notice to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

## Article IX CONSTRUCTION AND SEVERABILITY

It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate its purposes. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1972 ex.s. c 36 § 3.]

**RCW 81.96.030 Service of secretary of transportation as state member--Execution of compact.** The secretary of transportation or his designee may serve as the Washington state member to the western regional short-haul air transportation compact and may execute the compact on behalf of this state with any other state or states legally joining therein. Use of moneys, construction priority: See 1990 c 298 § 35.

**RCW 81.100.010 Purpose.** The need for mobility, growing travel demand, and increasing traffic congestion in urban areas necessitate accelerated development and increased utilization of the high-occupancy vehicle system. RCW 81.100.030 and 81.100.060 provide taxing authority that counties or regional transportation investment districts can use in the near term to accelerate development and increase utilization of the high-occupancy vehicle system by supplementing available federal, state, and local funds. [2002 c 56 § 409; 1990 c 43 § 12.]

**NOTES:**

**Captions and subheadings not law--Severability--2002 c 56:**

**Severability--1990 c 43:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 43 § 57.]

**Headings--1990 c 43:** "Section headings, part headings, and the index as used in this act do not constitute any part of the law." [1990 c 43 § 55.]

**RCW 81.100.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Transit agency" means a city that operates a transit system, a public transportation benefit area, a county transportation authority, or a metropolitan municipal corporation.

(2) The "high occupancy vehicle system" includes high occupancy vehicle lanes, related high occupancy vehicle facilities, and high occupancy vehicle programs.

(3) "High occupancy vehicle lanes" mean lanes reserved for public transportation vehicles only or public transportation vehicles and private vehicles carrying no fewer than a specified number of passengers under RCW 46.61.165.

(4) "Related facilities" means park and ride lots, park and pool lots, ramps, bypasses, turnouts, signal preemption, and other improvements designed to maximize use of the high occupancy vehicle system.

(5) "High occupancy vehicle program" means advertising the high occupancy vehicle system, promoting carpool, vanpool, and transit use, providing vanpool vehicles, and enforcement of

driving restrictions governing high occupancy vehicle lanes.  
[1990 c 43 § 13.]

**RCW 81.100.030 Employer tax.** (1) A county with a population of one million or more, or a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, and having within its boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district for capital improvements, but only to the extent that the tax has not already been imposed by the county, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. In no event may the total taxes imposed under this section exceed two dollars per employee per month for any single employer. The county or investment district imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties or investment districts may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county or investment district shall adopt rules that exempt from all or a portion of the tax any employer that has entered into an agreement with the county or investment district that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county or investment district that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in RCW 81.100.060 is also imposed, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060. [2002 c 56 § 410; 1991 c 363 § 153; 1990 c 43 § 14.]

**NOTES:**

**Captions and subheadings not law--Severability--2002 c 56:**

**Purpose--Captions not law--1991 c 363:** See notes following  
RCW 2.32.180.

**RCW 81.100.040 Adoption of goals.** The legislature encourages counties, in conjunction with cities, metropolitan planning organizations, and transit agencies in metropolitan areas to adopt goals for reducing the proportion of commuters who drive in single-occupant vehicles during peak commuting periods. Any county imposing a tax under this chapter must adopt such goals. In adopting these goals, counties shall consider at least the following:

- (1) Existing and anticipated levels of peak-period traffic congestion on roadways used by employees in commuting to work;
- (2) Existing and anticipated levels of transit and vanpool service and carpool programs available to and from the worksite;
- (3) Variations in employment density and employer size;
- (4) Availability and cost of parking; and
- (5) Consistency of the goals with the regional transportation plan. [1990 c 43 § 15.]

**RCW 81.100.050 Survey of tax use.** The department of transportation shall include in the annual transit report under RCW 35.58.2795 and 35.58.2796 an element describing actions taken under this chapter. On at least two occasions prior to December 31, 1998, the department shall include an evaluation of the effectiveness of such actions. [1990 c 43 § 16.]

**RCW 81.100.060 Excise tax.** A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district for capital improvements, but only to the extent that the surcharge has not already been imposed by the county, may, with voter approval, impose a local surcharge of not more than three-tenths of one percent of the value on vehicles registered to a person residing within the county and not more than 13.64 percent on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county or investment district. A county may impose the surcharge only to the extent that it has not been imposed by the district. No surcharge may be imposed on vehicles licensed

under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.085, or 46.16.090.

Counties or investment districts imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to motor vehicle excise taxes, be applicable to surcharges imposed under this section. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW shall, insofar as they are applicable to state sales and use taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed, the total proceeds from tax sources imposed under this section and RCW 81.100.030 each year shall not exceed the maximum amount which could be collected under this section. [2002 c 56 § 411; 1998 c 321 § 34 (Referendum Bill No. 49, approved November 3, 1998); 1992 c 194 § 12; 1991 c 363 § 154; 1990 c 43 § 17.]

in the custody of the state treasurer. On the first day of the months of January, April, July, and October of each year, the state treasurer shall distribute the funds in the account to the counties on whose behalf the funds were received. The state treasurer shall make the distribution under this section without appropriation. [1991 sp.s. c 13 §§ 105, 119; 1990 c 43 § 18.]

**NOTES:**

**Effective dates--Severability--1991 sp.s. c 13:** See notes following RCW 18.08.240.

**RCW 81.100.080 Use of funds.** Funds collected under RCW 81.100.030 or 81.100.060 and any investment earnings accruing thereon shall be used by the county in a manner consistent with the regional transportation plan only for costs of collection, costs of preparing, adopting, and enforcing agreements under RCW 81.100.030(3), for construction of high occupancy vehicle lanes and related facilities, mitigation of environmental concerns that result from construction or use of high occupancy vehicle lanes and related facilities, payment of principal and interest on bonds issued for the purposes of this section, for high occupancy vehicle programs as defined in RCW 81.100.020(5), and for commuter rail projects in accordance with RCW 81.104.120. Not more than ten percent of the funds may be used for transit agency high occupancy vehicle programs.

Priorities for construction of high occupancy vehicle lanes and related facilities shall be as follows:

(1)(a) To accelerate construction of high occupancy vehicle lanes on the interstate highway system, as well as related facilities;

(b) To finance or accelerate construction of high occupancy vehicle lanes on the noninterstate state highway system, as well as related facilities.

(2) To finance construction of high occupancy vehicle lanes on local arterials, as well as related facilities.

Moneys received by an agency under this chapter shall be used in addition to, and not as a substitute for, moneys currently used by the agency for the purposes specified in this section.

Counties may contract with cities or the state department of transportation for construction of high occupancy vehicle lanes and related facilities, and may issue general obligation bonds to fund such construction and use funds received under this chapter to pay the principal and interest on such bonds. [1990 c 43 § 19.]

**RCW 81.100.090 Interlocal agreements.** Counties imposing a tax under this chapter shall enter into an agreement through the interlocal cooperation act with the department of transportation. The agreement shall provide an opportunity for the department of transportation, cities and transit agencies having within their boundaries a portion of the existing or planned high occupancy vehicle system as contained in the regional transportation plan, to coordinate programming and operational decisions affecting the high occupancy vehicle system. If two or more adjoining counties impose a tax under RCW 81.100.030 or 81.100.060, the counties shall jointly enter one interlocal agreement with the department of transportation. [1990 c 43 § 20.]

**NOTES:**

High capacity transportation account:    RCW 47.78.010.

**RCW 81.104.010 Purpose.** Increasing congestion on Washington's roadways calls for identification and implementation of high capacity transportation system alternatives. The legislature believes that local jurisdictions should coordinate and be responsible for high capacity transportation policy development, program planning, and implementation. The state should assist by working with local agencies on issues involving rights of way, partially financing projects meeting established state criteria including development and completion of the high occupancy vehicle lane system, authorizing local jurisdictions to finance high capacity transportation systems through voter-approved tax options, and providing technical assistance and information. [1992 c 101 § 18; 1991 c 318 § 1; 1990 c 43 § 22.]

**RCW 81.104.015 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "High-capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including interim express services and high occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose roadways.

(2) "Rail fixed guideway system" means a light, heavy, or rapid rail system, monorail, inclined plane, funicular, trolley, or other fixed rail guideway component of a high-capacity transportation system that is not regulated by the Federal Railroad Administration, or its successor. "Rail fixed guideway system" does not mean elevators, moving sidewalks or stairs, and vehicles suspended from aerial cables, unless they are an integral component of a station served by a rail fixed guideway system.

(3) "Regional transit system" means a high-capacity transportation system under the jurisdiction of one or more transit agencies except where a regional transit authority created under chapter 81.112 RCW exists, in which case "regional transit system" means the high-capacity transportation system under the jurisdiction of a regional transit authority.

(4) "Transit agency" means city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas. [1999 c 202 § 9; 1992 c 101 § 19.]

**NOTES:**

**Effective date--1999 c 202:** See note following RCW 35.21.228.

**RCW 81.104.020 State policy roles.** The department of transportation's current policy role in transit is expanded to include other high capacity transportation development as part of a multimodal transportation system.

(1) The department of transportation shall implement a program for high capacity transportation coordination, planning, and technical studies with appropriations from the high capacity transportation account.

(2) The department shall assist local jurisdictions and regional transportation planning organizations with high capacity transportation planning efforts. [1991 c 318 § 2; 1990 c 43 § 23.]

**RCW 81.104.030 Policy development outside central Puget Sound--Voter approval.** (1) In any county that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders, except for any county having a population of more than one million or a county that has a population more than four hundred thousand and is adjacent to a county with a population of more than one million, transit agencies may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation, or such agencies may use the designated metropolitan planning organization as the regional policy committee.

Transit agencies participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and financing plan. For transit agencies in counties adjoining state or international boundaries where the high capacity transportation system plan and financing plan propose a bi-state or international high capacity transportation system, such voter

approval shall be required from only those voters residing within the service area in the state of Washington.

(2) Transit agencies in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or Canadian province. [1995 2nd sp.s. c 14 § 541; 1993 c 428 § 1; 1992 c 101 § 20; 1991 c 318 § 3; 1991 c 309 § 2; (1991 c 363 § 155 repealed by 1991 c 309 § 6); 1990 c 43 § 24.]

**NOTES:**

**Severability--1995 2nd sp.s. c 14:** See note following RCW 43.105.017.

**RCW 81.104.040 Policy development in central Puget Sound--Voter approval.** Transit agencies in each county with a population of one million or more, and in each county with a population of from two hundred ten thousand to less than one million bordering a county with a population of one million or more that are authorized on January 1, 1991, to provide high capacity transportation planning and operating services must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(1) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(2) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation implementation program, which shall include the system plan, project plans, and a financing plan. This program shall be in conformance with the regional transportation planning organization's regional transportation plan and consistent with RCW 81.104.080.

(3) The joint regional policy committee shall present an adopted high capacity transportation system plan and financing plan to the boards of directors of the transit agencies within the service area or to the regional transit authority, if such authority has been formed. The authority shall proceed as prescribed in RCW 81.112.030. [1992 c 101 § 21; 1991 c 318 § 4; 1990 c 43 § 25.]

**RCW 81.104.050 Expansion of service.** Regional high capacity transportation service may be expanded beyond the established district boundaries through interlocal agreements among the transit agencies and any regional transit authorities

in existence. [1992 c 101 § 22; 1991 c 318 § 5; 1990 c 43 § 26.]

**RCW 81.104.060 State role in planning and implementation.**

(1) The state's planning role in high capacity transportation development as one element of a multimodal transportation system should facilitate cooperative state and local planning efforts.

(2) The department of transportation may serve as a contractor for high capacity transportation system and project design, administer construction, and assist agencies authorized to provide service in the acquisition, preservation, and joint use of rights of way.

(3) The department and local jurisdictions shall continue to cooperate with respect to the development of high occupancy vehicle lanes and related facilities, associated roadways, transfer stations, people mover systems developed either by the public or private sector, and other related projects.

(4) The department in cooperation with local jurisdictions shall develop policies which enhance the development of high speed interregional systems by both the private and the public sector. These policies may address joint use of rights of way, identification and preservation of transportation corridors, and joint development of stations and other facilities. [1991 c 318 § 6; 1990 c 43 § 27.]

**RCW 81.104.070 Responsibility for system implementation.**

(1) The state shall not become an operating agent for regional high capacity transportation systems.

(2) Agencies providing high capacity transportation service are responsible for planning, construction, operations, and funding including station area design and development, and parking facilities. Agencies may implement necessary contracts, joint development agreements, and interlocal government agreements. Agencies providing service shall consult with affected local jurisdictions and cooperate with comprehensive planning processes. [1990 c 43 § 28.]

**RCW 81.104.080 Regional transportation planning.** Where applicable, regional transportation plans and local comprehensive plans shall address the relationship between urban growth and an effective high capacity transportation system plan, and provide for cooperation between local jurisdictions and transit agencies.

(1) Regional high capacity transportation plans shall be included in the designated regional transportation planning organization's regional transportation plan review and update process to facilitate development of a coordinated multimodal transportation system and to meet federal funding requirements.

(2) Interlocal agreements between transit authorities, cities, and counties shall set forth conditions for assuring land uses compatible with development of high capacity transportation systems. These include developing sufficient land use densities through local actions in high capacity transportation corridors and near passenger stations, preserving transit rights of way, and protecting the region's environmental quality. The implementation program for high capacity transportation systems shall favor cities and counties with supportive land use plans. In developing local actions intended to carry out these policies cities and counties shall insure the opportunity for public comment and participation in the siting of such facilities, including stations or transfer facilities. Agencies providing high capacity transportation services, in cooperation with public and private interests, shall promote transit-compatible land uses and development which includes joint development.

(3) Interlocal agreements shall be consistent with state planning goals as set forth in chapter 36.70A RCW. Agreements shall also include plans for concentrated employment centers, mixed-use development, and housing densities that support high capacity transportation systems.

(4) Agencies providing high capacity transportation service and other transit agencies shall develop a cooperative process for the planning, development, operations, and funding of feeder transportation systems. Feeder systems may include existing and future intercity passenger systems and alternative technology people mover systems which may be developed by the private or public sector.

(5) Cities and counties along corridors designated in a high capacity transportation system plan shall enter into agreements with their designated regional transportation planning organizations, for the purpose of participating in a right of way preservation review process which includes activities to promote the preservation of the high capacity transportation rights of way. The regional transportation planning organization shall serve as the coordinator of the review process.

(a) Cities and counties shall forward all development proposals for projects within and adjoining to the rights of way proposed for preservation to the designated regional transportation planning organizations, which shall distribute the proposals for review by parties to the right of way preservation review process.

(b) The regional transportation planning organizations shall also review proposals for conformance with the regional transportation plan and associated regional development strategies. The designated regional transportation planning organization shall within ninety days compile local and regional agency comments and communicate the same to the originating jurisdiction and the joint regional policy committee. [1991 c 318 § 7; 1990 c 43 § 29.]

**RCW 81.104.090 Department of transportation responsibilities--Funding of planning projects.** The department of transportation shall be responsible for distributing amounts appropriated from the high capacity transportation account, which shall be allocated by the department of transportation based on criteria in subsection (2) of this section. The department shall assemble and participate in a committee comprised of transit agencies eligible to receive funds from the high capacity transportation account for the purpose of reviewing fund applications.

(1) State high capacity transportation account funds may provide up to eighty percent matching assistance for high capacity transportation planning efforts.

(2) Authorizations for state funding for high capacity transportation planning projects shall be subject to the following criteria:

(a) Conformance with the designated regional transportation planning organization's regional transportation plan;

(b) Local matching funds;

(c) Demonstration of projected improvement in regional mobility;

(d) Conformance with planning requirements prescribed in RCW 81.104.100, and if five hundred thousand dollars or more in state funding is requested, conformance with the requirements of RCW 81.104.110; and

(e) Establishment, through interlocal agreements, of a joint regional policy committee as defined in RCW 81.104.030 or 81.104.040.

(3) The department of transportation shall provide general review and monitoring of the system and project planning process prescribed in RCW 81.104.100. [1995 c 269 § 2602; 1993 c 393 § 2; 1991 c 318 § 8; 1990 c 43 § 30.]

**NOTES:**

**Effective date--1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law--Severability--1995 c 269:** See notes following RCW 13.40.005.

**Effective date--1993 c 393:** See RCW 47.66.900.

**RCW 81.104.100 Planning process.** To assure development of an effective high capacity transportation system, local authorities shall follow the following planning process:

(1) Regional, multimodal transportation planning is the ongoing urban transportation planning process conducted in each urbanized area by its regional transportation planning

organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The process provides a comprehensive view of the region's transportation needs but does not select specified modes to serve those needs. The process shall identify a priority corridor or corridors for further study of high capacity transportation facilities if it is deemed feasible by local officials.

(2) High capacity transportation system planning is the detailed evaluation of a range of high capacity transportation system options, including: Do nothing, low capital, and ranges of higher capital facilities. To the extent possible this evaluation shall take into account the urban mass transportation administration's requirements identified in subsection (3) of this section.

High capacity transportation system planning shall proceed as follows:

(a) Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the system planning process.

(b) Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider a range of capital expenditures for several candidate technologies shall be developed.

(c) Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

(d) The system plan submitted to the voters pursuant to RCW 81.104.140 shall address, but is not limited to the following issues:

(i) Identification of level and types of high capacity transportation services to be provided;

(ii) A plan of high occupancy vehicle lanes to be constructed;

(iii) Identification of route alignments and station locations with sufficient specificity to permit calculation of costs, ridership, and system impacts;

(iv) Performance characteristics of technologies in the system plan;

(v) Patronage forecasts;

(vi) A financing plan describing: Phasing of investments; capital and operating costs and expected revenues; cost-effectiveness represented by a total cost per system rider and new rider estimate; estimated ridership and the cost of service

for each individual high capacity line; and identification of the operating revenue to operating expense ratio.

The financing plan shall specifically differentiate the proposed use of funds between high capacity transportation facilities and services, and high occupancy vehicle facilities;

(vii) Description of the relationship between the high capacity transportation system plan and adopted land use plans;

(viii) An assessment of social, economic, and environmental impacts; and

(ix) Mobility characteristics of the system presented, including but not limited to: Qualitative description of system/service philosophy and impacts; qualitative system reliability; travel time and number of transfers between selected residential, employment, and activity centers; and system and activity center mode splits.

(3) High capacity transportation project planning is the detailed identification of alignments, station locations, equipment and systems, construction schedules, environmental effects, and costs. High capacity transportation project planning shall proceed as follows: The local transit agency shall analyze and produce information needed for the preparation of environmental impact statements. The impact statements shall address the impact that development of such a system will have on abutting or nearby property owners. The process of identification of alignments and station locations shall include notification of affected property owners by normal legal publication. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

In order to increase the likelihood of future federal funding, the project planning processes shall follow the urban mass transportation administration's requirements as described in "Procedures and Technical Methods for Transit Project Planning", published by the United States department of transportation, urban mass transportation administration, September 1986, or the most recent edition. Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.

The department of transportation shall provide system and project planning review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies. [1992 c 101 § 23; 1991 sp.s. c 15 § 68; 1991 c 318 § 9; 1990 c 43 § 31.]

#### **NOTES:**

**Construction--Severability--1991 sp.s. c 15:** See note following RCW 46.68.110.

**RCW 81.104.110 Independent system plan oversight.** The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

(1) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(2) The expert review panel shall be selected cooperatively by the chair of the legislative transportation committee, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(3) The chair of the expert review panel shall be designated by the appointing authorities.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to chapter 43.03 RCW.

(5) The panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.

(6) The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

(7) The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

(8) The legislative transportation committee shall contract for consulting services for expert review panels. The amount of

consultant support shall be negotiated with each expert review panel by the legislative transportation committee and shall be paid from appropriations for that purpose from the high capacity transportation account. [1998 c 245 § 165. Prior: 1991 c 318 § 10; 1991 c 309 § 3; 1990 c 43 § 32.]

**RCW 81.104.115 Rail fixed guideway system--Safety and security program plan.** (1) The department may collect and review the system safety and security program plan prepared by each owner or operator of a rail fixed guideway system. In carrying out this function, the department may adopt rules specifying the elements and standard to be contained in a system safety and security program plan, and the content of any investigation report, corrective action plan, and accompanying implementation schedule resulting from a reportable accident, unacceptable hazardous condition, or security breach. These rules may include due dates for the department's timely receipt of and response to required documents.

(2) The security section of the system safety and security plan as described in subsection (1)(d) of RCW 35.21.228, 35A.21.300, 36.01.210, 36.57.120, 36.57A.170, and 81.112.180 are exempt from public disclosure under chapter 42.17 RCW by the department when collected from the owners and operators of fixed railway systems. However, the activities and plans as described in subsection (1)(a), (b), and (c) of RCW 35.21.228, 35A.21.300, 36.01.210, 36.57.120, 36.57A.170, and 81.112.180 are not exempt from public disclosure.

(3) The department shall audit each system safety and security program plan at least once every three years. The department may contract with other persons or entities for the performance of duties required by this subsection. The department shall provide at least thirty days' advance notice to the owner or operator of a rail fixed guideway system before commencing the audit. The owner or operator of each rail fixed guideway system shall reimburse the reasonable expenses of the department in carrying out its responsibilities of this subsection within ninety days after receipt of an invoice. The department shall notify the owner or operator of the estimated expenses at least six months in advance of when the department audits the system.

(4) In the event of a reportable accident, unacceptable hazardous condition, or security breach, the department shall review the investigation report, corrective action plan, and accompanying implementation schedule, submitted by the owner or operator of the rail fixed guideway system to ensure that it meets the goal of preventing and mitigating a recurrence of the reportable accident, unacceptable hazardous condition, or security breach.

(a) The department may, at its option, perform a separate, independent investigation of a reportable accident, unacceptable hazardous condition, or security breach. The department may

contract with other persons or entities for the performance of duties required by this subsection.

(b) If the department does not concur with the investigation report, corrective action plan, and accompanying implementation schedule, submitted by the owner or operator, the department shall notify that owner or operator in writing within forty-five days of its receipt of the complete investigation report, corrective action plan, and accompanying implementation schedule.

(5) The secretary may adopt rules to implement this section and RCW 35.21.228, 35A.21.300, 36.01.210, 36.57.120, 36.57A.170, and 81.112.180, including rules establishing procedures and timelines for owners and operators of rail fixed guideway systems to comply with RCW 35.21.228, 35A.21.300, 36.01.210, 36.57.120, 36.57A.170, and 81.112.180 and the rules adopted under this section. If noncompliance by an owner or operator of a rail fixed guideway system results in the loss of federal funds to the state of Washington or a political subdivision of the state, the owner or operator is liable to the affected entity or entities for the amount of the lost funds.

(6) The department may impose sanctions upon owners and operators of rail fixed guideway systems, but only for failure to meet reasonable deadlines for submission of required reports and audits. The department is expressly prohibited from imposing sanctions for any other purposes, including, but not limited to, differences in format or content of required reports and audits.

(7) The department and its employees have no liability arising from the adoption of rules; the review of or concurrence in a system safety and security program plan; the separate, independent investigation of a reportable accident, unacceptable hazardous condition, or security breach; and the review of or concurrence in a corrective action plan for a reportable accident, unacceptable hazardous condition, or security breach. [2001 c 127 § 1; 1999 c 202 § 7.]

#### **NOTES:**

**Effective date--1999 c 202:** See note following RCW 35.21.228.

**RCW 81.104.120 Commuter rail service--Voter approval.** (1) Transit agencies and regional transit authorities may operate or contract for commuter rail service where it is deemed to be a reasonable alternative transit mode. A reasonable alternative is one whose passenger costs per mile, including costs of trackage, equipment, maintenance, operations, and administration are equal to or less than comparable bus, entrained bus, trolley, or personal rapid transit systems.

(2) A county may use funds collected under RCW 81.100.030 or 81.100.060 to contract with one or more transit agencies or

regional transit authorities for planning, operation, and maintenance of commuter rail projects which: (a) Are consistent with the regional transportation plan; (b) have met the project planning and oversight requirements of RCW 81.104.100 and 81.104.110; and (c) have been approved by the voters within the service area of each transit agency or regional transit authority participating in the project. For transit agencies in counties adjoining state or international boundaries where the high capacity transportation system plan and financing plan propose a bi-state or international high capacity transportation system, such voter approval shall be required from only those voters residing within the service area in the state of Washington. The phrase "approved by the voters" includes specific funding authorization for the commuter rail project.

(3) The utilities and transportation commission shall maintain safety responsibility for passenger rail service operating on freight rail lines. Agencies providing passenger rail service on lines other than freight rail lines shall maintain safety responsibility for that service. [1993 c 428 § 2; 1992 c 101 § 24; 1990 c 43 § 33.]

**RCW 81.104.130 Financial responsibility.** Agencies providing high capacity transportation service shall determine optimal debt-to-equity ratios, establish capital and operations allocations, and establish fare-box recovery return policy. [1990 c 43 § 34.]

**RCW 81.104.140 Dedicated funding sources.** (1) Agencies authorized to provide high capacity transportation service, including transit agencies and regional transit authorities, and regional transportation investment districts acting with the agreement of an agency, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority or a regional transportation investment district. Regional transportation investment districts may, with the approval of the regional transit authority within its boundaries, impose the taxes authorized under this chapter, but only upon approval of the voters and to the extent that the maximum amount of taxes authorized under this chapter have not been imposed.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

(a) Employer tax as provided in RCW 81.104.150, other than by regional transportation investment districts;

(b) Special motor vehicle excise tax as provided in RCW 81.104.160; and

(c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title shall reference the document identified in subsection (8) of this section.

(8) Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the

relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet shall be produced as provided in \*chapter 29.81A RCW.

(10) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses. [2002 c 56 § 202; 1992 c 101 § 25. Prior: 1991 c 318 § 11; 1991 c 309 § 4; (1991 c 363 § 157 repealed by 1991 c 309 § 6); 1990 c 43 § 35.]

#### **NOTES:**

**\*Reviser's note:** Chapter 29.81A RCW was recodified as chapter 29A.32 RCW pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**Captions and subheadings not law--Severability--2002 c 56:**  
See RCW 36.120.900 and 36.120.901.

**RCW 81.104.150 Employer tax.** Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved may impose an excise tax of up to two dollars per month per employee on all employers located within the agency's jurisdiction, measured by the number of full-time equivalent employees, solely for the purpose of providing high capacity transportation service. The rate of tax shall be approved by the voters. This tax may not be imposed by: (1) A transit agency when the county within which it is located is imposing an excise tax pursuant to RCW 81.100.030; or (2) a regional transit authority when any county within the authority's boundaries is imposing an excise tax pursuant to RCW 81.100.030. The agency imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate. [1992 c 101 § 26; 1990 c 43 § 41.]

**RCW 81.104.160 Motor vehicle excise tax--Sales and use tax on car rentals. (Effective if Initiative Measure No. 776 is declared unconstitutional by pending court action.)** (1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.085, or 46.16.090.

(2) An agency imposing a tax under subsection (1) of this section may also impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the agency's jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall not exceed 2.172 percent. The rate of tax imposed under this subsection shall bear the same ratio to the 2.172 percent rate authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection shall be used in the same manner as excise taxes under subsection (1) of this section. [1998 c 321 § 35 (Referendum Bill No. 49, approved November 3, 1998). Prior: 1992 c 194 § 13; 1992 c 101 § 27; 1991 c 318 § 12; 1990 c 43 § 42.]

**RCW 81.108.010 Purpose.** State and national policy directs that the management of low-level radioactive waste be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded.

When these events occur, to protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there will be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site. This chapter is adopted pursuant to section 8, chapter 21, Laws of 1990. [1991 c 272 § 1.]

**RCW 81.108.020 Definitions.** Definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to RCW 81.108.040.

(3) "Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

(4) "Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in RCW 81.108.070.

(5) "Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

(6) "Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in RCW 81.108.040.

(7) "Initial rate proceeding" means the proceeding described in RCW 81.108.040.

(8) "Maximum disposal rate" means the rate described in RCW 81.108.050.

(9) "Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

(10) "Site operator" means a low-level radioactive waste site operating company as defined in RCW 81.04.010.

(11) "Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site. [1991 c 272 § 2.]

**RCW 81.108.030 Commission--Powers.** (1) The commission shall have jurisdiction over the sites and site operators as set forth in this chapter.

(2)(a) The commission shall establish rates to be charged by site operators. In establishing the rates, the commission shall assure that they are fair, just, reasonable, and sufficient considering the value of the site operator's leasehold and license interests, the unique nature of its business operations, the site operator's liability associated with the site, its investment incurred over the term of its operations, and the rate of return equivalent to that earned by comparable enterprises. The rates shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100.

(b) In exercising the power in this subsection the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing fair, just, reasonable, and

sufficient rates. The relation of site operator expenses to site operator revenues may be deemed the proper test of a reasonable return.

(3) In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for review to the superior court filed therewith, appeals filed with the appellate courts of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally.

(4) At any time after January 1, 1992, the commission may: (a) Prescribe a system of accounts for site operators using as a starting point the existing system used by site operators; (b) audit the books of site operators; (c) obtain books and records from site operators; (d) assess penalties; and (e) require semiannual reports regarding the results of operations for the site.

(5) The commission may adopt rules necessary to carry out its functions under this chapter. [1991 c 272 § 4.]

**RCW 81.108.040 Rates--Initial determination--Fees.** (1) On or before March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The filing shall include, at a minimum, testimony, exhibits, workpapers, summaries, annual reports, cost studies, proposed tariffs, and other documents as required by the commission in rate cases generally under its jurisdiction.

(2) After receipt of a request, the commission shall set the request for a hearing and require the site operator to provide for notice to all known customers that ship or deliver waste to the site. The proceedings before the commission shall be conducted in accordance with chapter 34.05 RCW and rules of procedure established by the commission.

(3) No later than January 1, 1993, the commission shall establish the initial maximum disposal rates that may be charged by site operators.

(4) In the initial rate proceeding the commission also shall determine the factors necessary to calculate the inflation, volume, and extraordinary volume adjustments.

(5) The commission also shall determine the administrative fee, which shall be a percentage or an amount that represents increased administrative costs associated with acceptance of small volumes of waste by a site operator. The administrative fee may be revised by the commission from time to time upon its own motion or upon the petition of an interested person.

(6) The rates specified in this section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 5.]

**RCW 81.108.050 Maximum rates--Revisions.** (1) The maximum disposal rates that a site operator may charge generators shall be determined in accordance with this section. The rates shall include all charges for disposal services at the site.

(2) Initially, the maximum disposal rates shall be the initial rates established pursuant to RCW 81.108.040.

(3) Subsequently, the maximum disposal rates shall be adjusted in January of each year to incorporate inflation and volume adjustments. Such adjustments shall take effect thirty days after filing with the commission unless the commission authorizes that the adjustments take effect earlier, or the commission contests the calculation of the adjustments, in which case the commission may suspend the filing. A site operator shall provide notice to its customers concurrent with the filing.

(4)(a) Subsequently, a site operator may also file for revisions to the maximum disposal rates due to:

(i) Changes in any governmentally imposed fee, surcharge, or tax assessed on a volume or a gross revenue basis against or collected by the site operator, including site closure fees, perpetual care and maintenance fees, business and occupation taxes, site surveillance fees, leasehold excise taxes, commission regulatory fees, municipal taxes, and a tax or payment in lieu of taxes authorized by the state to compensate the county in which a site is located for that county's legitimate costs arising out of the presence of that site within that county; or

(ii) Factors outside the control of the site operator such as a material change in regulatory requirements regarding the physical operation of the site.

(b) Revisions to the maximum disposal rate shall take effect thirty days after filing with the commission unless the commission suspends the filing or authorizes the proposed adjustments to take effect earlier.

(5) Upon establishment of a contract rate pursuant to RCW 81.108.060 for a disposal fee, the site operator may not collect a disposal fee that is greater than the effective rate. The effective rate shall be in effect so long as such contract rate remains in effect. Adjustments to the maximum disposal rates may be made during the time an effective rate is in place. Contracts for disposal of extraordinary volumes pursuant to RCW 81.108.070 shall not be considered in determining the effective rate.

(6) The site operator may petition the commission for new maximum disposal rates at any time. Upon receipt of such a petition, the commission shall set the matter for hearing and shall issue an order within seven months of the filing of the petition. The petition shall be accompanied by the documents required to accompany the filing for initial rates. The hearing

on the petition shall be conducted in accordance with the commission's rules of practice and procedure.

(7) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1997 c 243 § 1; 1991 c 272 § 6.]

**RCW 81.108.060 Contracted disposal rates.** (1) At any time, a site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate.

(2) A contract or contract amendment shall be submitted to the commission for approval at least thirty days before its effective date. The commission may approve the contract or suspend the contract and set it for hearing. If the commission takes no action within thirty days of filing, the contract or amendment shall go into effect according to its terms. Each contract filing shall be accompanied with documentation to show that the contract does not result in discrimination between generators receiving like and contemporaneous service under substantially similar circumstances and provides for the recovery of all costs associated with the provision of the service.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 7.]

**RCW 81.108.070 Extraordinary volume adjustment.** (1) In establishing the extraordinary volume adjustment, unless the site operator and generator of the extraordinary volume agree to a contract disposal rate, one-half of the extraordinary volume delivery shall be priced at the maximum disposal rate and one-half shall be priced at the site operator's incremental cost to receive the delivery. Such incremental cost shall be determined in the initial rate proceeding.

(2) For purposes of the subsequent calculation of the volume adjustment, one-half of the total extraordinary volume shall be included in the calculation.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 8.]

**RCW 81.108.080 Complaint--Hearing.** (1) At any time, the commission or an interested person may file a complaint against a site operator alleging that the rates established pursuant to RCW 81.108.040 or 81.108.050 are not in conformity with the standards set forth in RCW 81.108.030 or that the site operator is otherwise not acting in conformity with the requirements of this chapter. Upon filing of the complaint, the commission shall cause a copy of the complaint to be served upon the site operator. The complaining party shall have the burden of

proving that the maximum disposal rates determined pursuant to RCW 81.108.050 are not just, fair, reasonable, or sufficient. The hearing shall conform to the rules of practice and procedure of the commission for other complaint cases.

(2) The commission shall encourage alternate forms of dispute resolution to resolve disputes between a site operator and any other person regarding matters covered by this chapter. [1991 c 272 § 9.]

**RCW 81.108.090 Revenue statement--Fees--Delinquent fee payments.** (1) A site operator shall, on or before May 1, 1992, and each year thereafter, file with the commission a statement showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of the gross operating revenue, exclusive of site surveillance fees, perpetual care and maintenance fees, site closure fees, and state or federally imposed out-of-region surcharges.

(2) Fees collected under this chapter shall reasonably approximate the cost of supervising and regulating site operators. The commission may order a decrease in fees by March 1st of any year in which it determines that the moneys then in the radioactive waste disposal companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating site operators.

(3) Fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

(4) Any payment of a fee imposed by this chapter made after its due date shall include a late fee of two percent of the amount due. Delinquent fees shall accrue interest at the rate of one percent per month. [1994 c 83 § 5; 1991 c 272 § 10.]

**RCW 81.108.100 Exemptions--Monopolies--Hearings--Rates.** (1) A low-level waste disposal site operator is exempt as specified in RCW 81.108.030(2)(a), 81.108.040(6), 81.108.050(7), 81.108.060(3), and 81.108.070(3) unless a monopoly situation exists with respect to the site operated by such site operator. A monopoly situation exists if either of the following is present:

(a) No disposal facility is available to Northwest compact generators of low-level radioactive waste other than the site or sites operated by such site operator or its affiliates; or

(b) Disposal rates at other sites are not reasonable alternatives for Northwest compact generators, considering: Disposal rates at other facilities; current disposal rates charged by the site operator; historic relationships between the

site operator's rates and rates at other facilities; and changes in the operator's rates considering changes in waste volumes, taxes, and fees. A monopoly situation does not exist if either of the following facilities operates or is projected to operate after December 31, 1992:

(i) Any existing low-level radioactive waste disposal site outside the state of Washington, other than facilities operated by affiliates of a site operator, provided that such site or sites do not charge disposal rates that discriminate against Northwest compact generators, except to the extent, through December 31, 1994, such discrimination is authorized by amendment of current federal law.

(ii) An existing facility within the Northwest compact not receiving low-level radioactive waste offers to receive such waste under substantially similar terms and conditions.

(2) The exemption shall be in effect until such time as the commission finds, after notice and hearing, upon motion by the commission or upon petition by any interested party, that a monopoly situation exists or will exist as of January 1, 1993. The finding shall be based upon application of the criteria set forth in this section. The commission may assess a site operator for all of the commission's costs of supervision and regulation prior to and relative to determining whether the exemption applies to the site operator. If the commission determines that a site operator is not subject to the exemption, it shall collect its costs of supervision and regulation under RCW 81.108.090.

(3) When an exemption is in effect, any increase in the rates charged by the operator effective January 1, 1993, for services other than the base rate for disposal of solid material in packages of twelve cubic feet or less shall be no more than the percentage increase in the base rate in effect on January 1, 1993. [1991 c 272 § 11.]

**RCW 81.108.110 Competitive companies--Exemptions.** (1) At any time after this chapter has been implemented with respect to a site operator, such site operator may petition the commission to be classified as competitive. The commission may initiate classification proceedings on its own motion. The commission shall enter its final order with respect to classification within seven months from the date of filing of a company's petition or the commission's motion.

(2) The commission shall classify a site operator as a competitive company if the commission finds, after notice and hearing, that the disposal services offered are subject to competition because the company's customers have reasonably available alternatives. In determining whether a company is competitive, the commission's consideration shall include, but not be limited to:

(a) Whether the system of interstate compacts and regional disposal sites established by federal law has been implemented

so that the Northwest compact site located near Richland, Washington is the exclusive site option for disposal by customers within the Northwest compact states;

(b) Whether waste generated outside the Northwest compact states is excluded; and

(c) The ability of alternative disposal sites to make functionally equivalent services readily available at competitive rates, terms, and conditions.

(3) The commission may reclassify a competitive site operator if reclassification would protect the public interest as set forth in this section.

(4) Competitive low-level radioactive waste disposal companies shall be exempt from commission regulation and fees during the time they are so classified. [1991 c 272 § 12.]

**RCW 81.108.900 Construction.** Nothing in this chapter shall be construed to affect the jurisdiction of another state agency. [1991 c 272 § 13.]

**RCW 81.108.901 Effective dates--1991 c 272.** (1) Sections 1 through 15 and 22 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions. Sections 1 through 14 and 22 of this act shall take effect July 1, 1991, and section 15 of this act shall take effect immediately [May 20, 1991].

(2) Sections 16 through 21 and 23 of this act shall take effect January 1, 1993. [1991 c 272 § 24.]

**RCW 81.112.010 Findings--Intent.** The legislature recognizes that existing transportation facilities in the central Puget Sound area are inadequate to address mobility needs of the area. The geography of the region, travel demand growth, and public resistance to new roadways combine to further necessitate the rapid development of alternative modes of travel.

The legislature finds that local governments have been effective in cooperatively planning a multicounty, high capacity transportation system. However, a continued multijurisdictional approach to funding, construction, and operation of a multicounty high capacity transportation system may impair the successful implementation of such a system.

The legislature finds that a single agency will be more effective than several local jurisdictions working collectively at planning, developing, operating, and funding a high capacity transportation system. The single agency's services must be carefully integrated and coordinated with public transportation services currently provided. As the single agency's services are established, any public transportation services currently provided that are duplicative should be eliminated. Further, the single agency must coordinate its activities with other agencies providing local and state roadway services, implementing comprehensive planning, and implementing transportation demand management programs and assist in developing infrastructure to support high capacity systems including but not limited to feeder systems, park and ride facilities, intermodal centers, and related roadway and operational facilities. Coordination can be best achieved through common governance, such as integrated governing boards.

It is therefore the policy of the state of Washington to empower counties in the state's most populous region to create a local agency for planning and implementing a high capacity transportation system within that region. The authorization for such an agency, except as specifically provided in this chapter, is not intended to limit the powers of existing transit agencies. [1992 c 101 § 1.]

**RCW 81.112.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Authority" means a regional transit authority authorized under this chapter.

(2) "Board" means the board of a regional transit authority.

(3) "Service area" or "area" means the area included within the boundaries of a regional transit authority.

(4) "System" means a regional transit system authorized under this chapter and under the jurisdiction of a regional transit authority.

(5) "Facilities" means any lands, interest in land, air rights over lands, and improvements thereto including vessel terminals, and any equipment, vehicles, vessels, and other components necessary to support the system.

(6) "Proof of payment" means evidence of fare prepayment authorized by a regional transit authority for the use of trains, including but not limited to commuter trains and light rail trains. [1999 c 20 § 2; 1992 c 101 § 2.]

#### **NOTES:**

**Purpose--Intent--1999 c 20:** See note following RCW 81.112.210.

**RCW 81.112.030 Regional transit authority.** Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(6) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is

submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan approved by the authority's board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(9) If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice. The authority

may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation.

If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority. [1994 c 44 § 1; 1993 sp.s. c 23 § 62; 1992 c 101 § 3.]

#### **NOTES:**

**Effective dates--1993 sp.s. c 23:** See note following RCW 43.89.010.

**RCW 81.112.040 Board appointments--Voting--Expenses.** (1)  
The regional transit authority shall be governed by a board consisting of representatives appointed by the county executive and confirmed by the council or other legislative authority of each member county. Membership shall be based on population from that portion of each county which lies within the service area. Board members shall be appointed initially on the basis of one for each one hundred forty-five thousand population within the county. Such appointments shall be made following consultation with city and town jurisdictions within the service area. In addition, the secretary of transportation or the secretary's designee shall serve as a member of the board and may have voting status with approval of a majority of the other members of the board. Only board members, not including alternates or designees, may cast votes.

Each member of the board, except the secretary of transportation or the secretary's designee, shall be:

(a) An elected official who serves on the legislative authority of a city or as mayor of a city within the boundaries of the authority;

(b) On the legislative authority of the county, if fifty percent of the population of the legislative official's district is within the authority boundaries; or

(c) A county executive from a member county within the authority boundaries.

When making appointments, each county executive shall ensure that representation on the board includes an elected city official representing the largest city in each county and assures proportional representation from other cities, and representation from unincorporated areas of each county within the service area. At least one-half of all appointees from each county shall serve on the governing authority of a public transportation system.

Members appointed from each county shall serve staggered four-year terms. Vacancies shall be filled by appointment for

the remainder of the unexpired term of the position being vacated.

The governing board shall be reconstituted, with regard to the number of representatives from each county, on a population basis, using the official office of financial management population estimates, five years after its initial formation and, at minimum, in the year following each official federal census. The board membership may be reduced, maintained, or expanded to reflect population changes but under no circumstances may the board membership exceed twenty-five.

(2) Major decisions of the authority shall require a favorable vote of two-thirds of the entire membership of the voting members. "Major decisions" include at least the following: System plan adoption and amendment; system phasing decisions; annual budget adoption; authorization of annexations; modification of board composition; and executive director employment.

(3) Each member of the board is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation as provided in RCW 43.03.250. [1994 c 109 § 1; 1992 c 101 § 4.]

**RCW 81.112.050 Area included--Elections--Expiration of subsection.** (1) At the time of formation, the area to be included within the boundary of the authority shall be that area set forth in the system plan adopted by the joint regional policy committee. Prior to submitting the system and financing plan to the voters, the authority may make adjustments to the boundaries as deemed appropriate but must assure that, to the extent possible, the boundaries: (a) Include the largest-population urban growth area designated by each county under chapter 36.70A RCW; and (b) follow election precinct boundaries. If a portion of any city is determined to be within the service area, the entire city must be included within the boundaries of the authority.

(2) After voters within the authority boundaries have approved the system and financing plan, elections to add areas contiguous to the authority boundaries may be called by resolution of the regional transit authority, after consultation with affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated, or with the concurrence of the county legislative authority if the area is unincorporated. Only those areas that would benefit from the services provided by the authority may be included and services or projects proposed for the area must be consistent with the regional transportation plan. The election may include a single ballot proposition providing for annexation to the authority boundaries and imposition of the taxes at rates already imposed within the authority boundaries.

(3) Upon receipt of a resolution requesting exclusion from the boundaries of the authority from a city whose municipal

boundaries cross the boundaries of an authority and thereby result in only a portion of the city being subject to local option taxes imposed by the authority under chapters 81.104 and 81.112 RCW in order to implement a high-capacity transit plan, and where the vote to approve the city's incorporation occurred simultaneously with an election approving the local option taxes, then upon a two-thirds majority vote of the governing board of the authority, the governing board shall redraw the boundaries of the authority to exclude that portion of the city that is located within the authority's boundaries, and the excluded area is no longer subject to local option taxes imposed by the authority. This subsection expires December 31, 1998. [1998 c 192 § 1; 1992 c 101 § 5.]

**RCW 81.112.060 Powers.** An authority shall have the following powers:

(1) To establish offices, departments, boards, and commissions that are necessary to carry out the purposes of the authority, and to prescribe the functions, powers, and duties thereof.

(2) To appoint or provide for the appointment of, and to remove or to provide for the removal of, all officers and employees of the authority.

(3) To fix the salaries, wages, and other compensation of all officers and employees of the authority.

(4) To employ such engineering, legal, financial, or other specialized personnel as may be necessary to accomplish the purposes of the authority.

(5) To determine risks, hazards, and liabilities in order to obtain insurance consistent with these determinations. This insurance may include any types of insurance covering, and for the benefit of, one or more parties with whom the authority contracts for any purpose, and insurance for the benefit of its board members, authority officers, and employees to insure against liability for acts or omissions while performing or in good faith purporting to perform their official duties. All insurance obtained for construction of authority projects with a total project cost exceeding one hundred million dollars may be acquired by bid or by negotiation through December 31, 2006. In order to allow the authority flexibility to secure appropriate insurance by negotiation, the authority is exempt from RCW 48.30.270. [2000 2nd sp.s. c 4 § 32; 1992 c 101 § 6.]

**RCW 81.112.070 General powers.** In addition to the powers specifically granted by this chapter an authority shall have all powers necessary to implement a high capacity transportation system and to develop revenues for system support. An authority may contract with the United States or any agency thereof, any state or agency thereof, any public transportation benefit area, any county, county transportation authority, city, metropolitan

municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm, or corporation for: (1) The purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies; (2) the design, construction, or operation of high capacity transportation system facilities; or (3) the provision or receipt of services, facilities, or property rights to provide revenues for the system. An authority shall have the power to contract pursuant to RCW 39.33.050. In addition, an authority may contract with any governmental agency or with any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands and rights of way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, constructing, or operating any facility or performing any service that the authority may be authorized to operate or perform, on such terms as may be agreed upon by the contracting parties. Before any contract for the lease or operation of any authority facilities is let to any private person, firm, or corporation, a general schedule of rental rates for equipment with or without operators applicable to all private certificated carriers shall be publicly posted, and for other facilities competitive bids shall first be called upon such notice, bidder qualifications, and bid conditions as the board shall determine. This shall allow use of negotiated procurements. [1992 c 101 § 7.]

**RCW 81.112.080 Additional powers--Acquisition of facilities--Disposal of property--Rates, tolls, fares, charges.**  
An authority shall have the following powers in addition to the general powers granted by this chapter:

(1) To carry out the planning processes set forth in RCW 81.104.100;

(2) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of high capacity transportation facilities and properties within authority boundaries including surface, underground, or overhead railways, tramways, busways, buses, bus sets, entrained and linked buses, ferries, or other means of local transportation except taxis, and including escalators, moving sidewalks, personal rapid transit systems or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger, vehicular, and vessel access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights of way, property, equipment, and accessories necessary for such high capacity transportation systems. When developing specifications for high capacity transportation system operating equipment, an authority shall take into account efforts to establish or sustain a domestic

manufacturing capacity for such equipment. The right of eminent domain shall be exercised by an authority in the same manner and by the same procedure as or may be provided by law for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter. Public transportation facilities and properties which are owned by any city, county, county transportation authority, public transportation benefit area, or metropolitan municipal corporation may be acquired or used by an authority only with the consent of the agency owning such facilities. Such agencies are hereby authorized to convey or lease such facilities to an authority or to contract for their joint use on such terms as may be fixed by agreement between the agency and the authority.

The facilities and properties of an authority whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings that are required by \*RCW 35.58.273 for mass transit facilities operating on a separate right of way;

(3) To dispose of any real or personal property acquired in connection with any authority function and that is no longer required for the purposes of the authority, in the same manner as provided for cities of the first class. When an authority determines that a facility or any part thereof that has been acquired from any public agency without compensation is no longer required for authority purposes, but is required by the agency from which it was acquired, the authority shall by resolution transfer it to such agency;

(4) To fix rates, tolls, fares, and charges for the use of such facilities and to establish various routes and classes of service. Fares or charges may be adjusted or eliminated for any distinguishable class of users. [1992 c 101 § 8.]

#### **NOTES:**

**\*Reviser's note:** RCW 35.58.273 was repealed by 2002 c 6 § 2.

**RCW 81.112.086 Maintenance plan.** As a condition of receiving state funding, a regional transit authority shall submit a maintenance and preservation management plan for certification by the transportation commission or its successor entity. The plan must inventory all transportation system assets within the direction and control of the transit authority, and provide a plan for preservation of assets based on lowest life-cycle cost methodologies. [2003 c 363 § 306.]

#### **NOTES:**

**Finding--Intent--2003 c 363:** See note following RCW 35.84.060.

**Part headings not law--Severability--2003 c 363:** See notes following RCW 47.28.241.

**RCW 81.112.090 Agreements with operators of high capacity transportation services.** Except in accordance with an agreement made as provided in this section, upon the date an authority begins high capacity transportation service, no person or private corporation may operate a high capacity transportation service within the authority boundary with the exception of services owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

The authority and any person or corporation legally operating a high capacity transportation service wholly within or partly within and partly without the authority boundary on the date an authority begins high capacity transportation service may enter into an agreement under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such high capacity transportation service will be required to cease to operate within the authority boundary, the authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, an authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with this chapter.

Wherever a privately owned public carrier operates wholly or partly within an authority boundary, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law. [1992 c 101 § 9.]

**RCW 81.112.100 Transfer of local government powers to authority.** An authority shall have and exercise all rights with respect to the construction, acquisition, maintenance, operation, extension, alteration, repair, control and management of high capacity transportation system facilities that are identified in the system plan developed pursuant to RCW 81.104.100 that any city, county, county transportation authority, metropolitan municipal corporation, or public transportation benefit area within the authority boundary has been previously empowered to exercise and such powers shall not thereafter be exercised by such agencies without the consent of the authority. Nothing in this chapter shall restrict

development, construction, or operation of a personal rapid transit system by a city or county.

An authority may adopt, in whole or in part, and may complete, modify, or terminate any planning, environmental review, or procurement processes related to the high capacity transportation system that had been commenced by a joint regional policy committee or a city, county, county transportation authority, metropolitan municipality, or public transportation benefit area prior to the formation of the authority. [1992 c 101 § 10.]

**RCW 81.112.110 Acquisition of existing system--Components.**

If an authority acquires any existing components of a high capacity transportation system, it shall assume and observe all existing labor contracts relating to the transportation system and, to the extent necessary for operation of facilities, all of the employees of such acquired transportation system whose duties are necessary to operate efficiently the facilities acquired shall be appointed to comparable positions to those which they held at the time of such transfer, and no employee or retired or pensioned employee of such transportation systems shall be placed in any worse position with respect to pension seniority, wages, sick leave, vacation or other benefits that he or she enjoyed as an employee of the transportation system prior to such acquisition. At such times as may be required by such contracts, the authority shall engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired transportation system and may enter into labor contracts with such employee labor organization. Facilities and equipment which are acquired after July 1, 1993, related to high capacity transportation services which are to be assumed by the authority as specifically identified in the adopted system plan shall be acquired by the authority in a manner consistent with RCW 81.112.070 through 81.112.100. [1992 c 101 § 11.]

**RCW 81.112.120 Treasurer--Funds--Auditor--Bond.** The board of an authority, by resolution, shall designate a person having experience in financial or fiscal matters as treasurer of the authority. The board may designate, with the concurrence of the treasurer, the treasurer of a county within which the authority is located. Such a treasurer shall possess all of the powers, responsibilities, and duties the county treasurer possesses for a public transportation benefit area authority related to investing surplus authority funds. The board shall require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions the board, by resolution, from time to time finds will protect the authority against loss. The premium on any such bond shall be paid by the authority.

All authority funds shall be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the authority upon orders or vouchers approved by the board.

The treasurer shall establish a special fund, into which shall be paid all authority funds, and the treasurer shall maintain such special accounts as may be created by the authority into which shall be placed all money as the board may, by resolution, direct.

If the treasurer of the authority is the treasurer of a county, all authority funds shall be deposited with the county depository under the same restrictions, contracts, and security as provided for county depositories. If the treasurer of the authority is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state that have qualified for insured deposits under any federal deposit insurance act as the board, by resolution, shall designate.

The authority may by resolution designate a person having experience in financial or fiscal matters, as the auditor of the authority. Such auditor shall possess all of the powers, responsibilities, and duties related to creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The board may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond. [1992 c 101 § 12.]

**RCW 81.112.130 General obligation bonds.** Notwithstanding RCW 39.36.020(1), an authority may at any time contract indebtedness or borrow money for authority purposes and may issue general obligation bonds in an amount not exceeding, together with any existing indebtedness of the authority not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the authority; and with the assent of three-fifths of the voters therein voting at an election called for that purpose, may contract indebtedness or borrow money for authority purposes and may issue general obligation bonds therefor, provided the total indebtedness of the authority shall not exceed five percent of the value of the taxable property therein. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW.

The term "value of the taxable property" shall have the meaning set forth in RCW 39.36.015. [1992 c 101 § 13.]

**RCW 81.112.140 Revenue bonds.** (1) An authority may issue revenue bonds to provide funds to carry out its authorized functions without submitting the matter to the voters of the authority. The authority shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the

authority may obligate itself to pay such amounts of the gross revenue of the high capacity transportation system constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the authority shall determine and may obligate the authority to pay such amounts out of otherwise unpledged revenue that may be derived from the ownership, use, or operation of properties or facilities owned, used, or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes, or other sources of payment lawfully authorized for such purpose, as the authority shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such high capacity transportation system or any other revenue, fees, tolls, charges, tariffs, fares, special taxes, or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the authority.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1992 c 101 § 14.]

**RCW 81.112.150 Local improvement districts authorized--  
Special assessment bonds.** (1) An authority may form a local improvement district to provide any transportation improvement it has the authority to provide, impose special assessments on all property specially benefited by the transportation improvements, and issue special assessment bonds or revenue bonds to fund the costs of the transportation improvement. Local improvement districts shall be created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.51, 35.53, and 35.54 RCW.

(2) The board shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The

maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the authority issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund that the authority has created. The owner or bearer of a special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the authority arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the authority has created. The authority issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) Assessments shall reflect any credits given by the authority for real property or property right donations made pursuant to RCW 47.14.030.

(4) The board may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the authority. [1992 c 101 § 15.]

**RCW 81.112.160 County assessor's duties.** It shall be the duty of the assessor of each component county to certify annually to a regional transit authority the aggregate assessed valuation of all taxable property within the boundaries of the authority as the same appears from the last assessment roll of the county. [1992 c 101 § 16.]

(2) Each regional transit authority shall implement and comply with its system safety and security program plan. The regional transit authority shall perform internal safety and security audits to evaluate its compliance with the plan, and submit its audit schedule to the department of transportation no later than December 15th each year. **NOTES:**

**Purpose--Intent--1999 c 20:** See note following RCW 81.112.210.

**RCW 81.112.300 Sale and leaseback, similar transactions--Authorized.** (1) In order to enable regional transit authorities to acquire or finance equipment or facilities, or reduce the cost of equipment or facilities, regional transit authorities may enter into sale and leaseback, leaseout and leaseback, and other similar transactions with respect to equipment, facilities, and other real and personal property. In connection with any such transaction, a regional transit authority may execute, as it considers appropriate, contracts, agreements, notes, security agreements, conveyances, bills of sale, deeds,

leases as lessee or lessor, and currency hedges, defeasance arrangements, interest rate, currency or other swap transactions, one or more payment undertaking agreements, and agreements relating to foreign and domestic currency. These agreements or instruments must have terms, maturities, durations, provisions as to governing laws, grants of security interests, and other provisions that are approved by the board of the regional transit authority.

(2) "Payment undertaking agreement" means one or more agreements, undertakings or arrangements under which all or a portion of the funds generated by a sale and leaseback, leaseout and leaseback, or other similar transaction are directed or paid over to a financial institution, insurance company, or other entity that agrees to meet or fulfill, in consideration for the funds, some or all of the obligations of the regional transit authority, or any public corporation or other entity created under RCW 81.112.320, to make future rent, debt service, or purchase price installment payments in connection with the transaction. [2000 2nd sp.s. c 4 § 18.]

#### **NOTES:**

**Findings--2000 2nd sp.s. c 4 §§ 18-30:** "The legislature finds that additional funds or other benefits can be made available to Washington regional transit authorities by facilitating their entry into sale and leaseback, leaseout and leaseback, and similar transactions that provide to private parties, in consideration for the funds or other benefits obtained by the regional transit authorities, tax benefits that are not otherwise available to regional transit authorities. The legislature further finds that such transactions have been encouraged by agencies of the federal government as ways to provide additional funds for public facilities. To facilitate such transactions for regional transit authorities, the legislature has determined that while regional transit authorities may currently have the necessary statutory authority and may currently enjoy exemptions from Washington state taxes for such transactions, an explicit statement of statutory authority and exemption from Washington state taxes is necessary and helpful for the parties to such transactions. In recognition of the complexity of such transactions, the legislature desires that the authority and exemptions provided by RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 be subject to certain limitations and be granted for a period as specified in RCW 81.112.330." [2000 2nd sp.s. c 4 § 17.]

**Construction--2000 2nd sp.s. c 4 §§ 18-30:** "The authority granted by RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 is in addition

and supplemental to any authority previously granted and does not limit nor is limited by any other powers or authority previously granted to regional transit authorities or any public corporation, or restrictions on such powers or authority. Nothing in RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 limits other statutory authority previously granted to regional transit authorities or public corporations or other tax exemptions granted to regional transit authorities or public corporations. Nothing in RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 limits the authority of the state, any political subdivision thereof, or any other public or municipal corporation to undertake the activities described in RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 as expressly or impliedly authorized by other provisions of law. Nothing in RCW 81.112.300, 81.112.310, 81.112.320, 82.08.834, 82.12.834, 82.04.050, 82.04.4201, 82.29A.134, 82.45.010, 84.36.605, 35.21.756, 35.21.755, and 81.112.330 is an authorization to provide indemnification to the extent the indemnification is prohibited or restricted by other provisions of law or the Constitution of the state of Washington." [2000 2nd sp.s. c 4 § 31.]

**RCW 81.112.310 Sale and leaseback--Conditions.**

Transactions undertaken under RCW 81.112.300 are subject to the following conditions:

(1) The financial institution, insurance company, or other entity that enters into a payment undertaking agreement with the regional transit authority or public development corporation or entity created under RCW 81.112.320 as a counterparty must have a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the payment undertaking agreement, that is within the two highest long-term investment grade rating categories, without regard to subcategories, or the obligations of the counterparty must be guaranteed by a financial institution, insurance company, or other entity with that credit rating. The payment undertaking agreement must require that the obligations of the counterparty or the guarantor, as the case may be, must be collateralized by collateral of a type and in an amount specified by the governing body of the regional transit authority if the credit ratings of the counterparty or its guarantor fall below the level required by this subsection.

(2) The amount to be paid by the counterparties under payment undertaking agreements for a transaction under the terms of the agreements, when combined with the amount of securities, deposits, and investments set aside by the regional transit

authority for payment in respect of the transactions, together with interest or other earnings on the securities, deposits, or investments, must be sufficient to pay when due all amounts required to be paid by the regional transit authority, or public corporation or entity created under RCW 81.112.320, as rent, debt service, or installments of purchase price, as the case may be, over the full term of the transaction plus any optional purchase price due under the transaction. A certification by an independent financial expert, banker, or certified public accountant, who is not an employee of the regional transit authority or public corporation or entity created under RCW 81.112.320, certifying compliance with this requirement is conclusive evidence that the arrangements, by their terms, comply with the requirement under this subsection on the sufficiency of the amount.

(3) The payment undertaking agreements, and all other basic and material agreements entered into in connection with the transactions, must specify that the parties to the agreements consent to the jurisdiction of state courts of Washington for disputes arising out of the agreements and agree not to contest venue before such courts. Regardless of the choice of law specified in the foregoing agreements, the agreements must acknowledge that the regional transit authority or public development corporation or entity created under RCW 81.112.320 that is a party to the agreements is an entity created under the laws of the state of Washington whose power and authority and limitations and restrictions on the power and authority are governed by the laws of the state of Washington.

Payment undertaking agreements that meet the foregoing requirement must be treated for all relevant purposes as agreements under which future services are performed for a present payment and shall not be treated as payment agreements within the meaning of chapter 39.96 RCW. [2000 2nd sp.s. c 4 § 19.]
