NARUC Statement on the Passing of New Jersey BPU President Joe Fiordaliso

WASHINGTON (September 8, 2023) — The following statement was issued by National Association of Regulatory Utility Commissioners Executive Director Greg White on the passing of New Jersey BPU President Joe Fiordaliso:

We were all shocked and saddened to learn of the passing of our longtime member, New Jersey Board of Public Utilities President Joe Fiordaliso. Joe's decades-long tenure was marked by his enthusiastic dedication to serving the public interest, as evidenced by his participation in national dialogues and a forthright approach to matters affecting his state. Joe was especially passionate about his service to the people of New Jersey.

He was considered a star among regulators and one who would not shrink from a spirited debate; yet remained a gentleman and a friend to everyone.

His commitment will always be appreciated; his friendship will always remain; and his legacy is exemplary. Our sincerest thoughts and prayers are with his family.

About NARUC

NARUC is a non-profit organization founded in 1889 whose members include the governmental agencies that are engaged in the regulation of utilities and carriers in the fifty states, the District of Columbia, Puerto Rico and the Virgin Islands. NARUC's member agencies regulate telecommunications, energy, and water utilities. NARUC represents the interests of state public utility commissions before the three branches of the federal government.
