Utility Commissioners

## **PA PUC Vice Chair Barrow Appointed to NARUC Board of Directors**

**WASHINGTON** (May 9, 2024) — Pennsylvania Public Utility Commission Vice Chair Kimberly M. Barrow was appointed to the National Association of Regulatory Utility Commissioners Board of Directors.

Barrow has served as a PUC commissioner since 2023 and served previously as chief of staff and staff attorney. Her experience also includes legal counsel to the Pennsylvania Telecommunications Relay Service Board and a law clerk for the Workers' Compensation Appeal Board. She was also a member of the Joint Federal State Task Force on Electric Transmission and serves on NARUC's Committee on Electricity.

"I look forward to being part of NARUC's leadership team as it continues to promote strong collaboration and information-sharing among state public utility commissions, federal agencies, other policymakers and regulated utilities as we all work to deliver safe, reliable, and affordable utility service to consumers," said Barrow.

"Vice Chair Barrow's breadth of experience gives her insights into the challenges faced by regulators, knowledge of relevant federal policies and stakeholder engagement," said NARUC President Julie Fedorchak of North Dakota. "We look forward to her participation to advance the mission of the Association."

The Board consists of 20 members, plus the Association's president, the first and second vice presidents, and each past president who is still an active NARUC member. The chair of each standing committee is also a member of the Board. Members are appointed by the current NARUC president and serve four-year terms. As the supervisory body, the Board oversees the Association's general and financial functions and approves resolutions that serve as the Association's policy.

### **About NARUC**

*NARUC is a non-profit organization founded in 1889 whose members include the governmental agencies that are engaged in the regulation of utilities and carriers in the fifty states, the District of Columbia, Puerto Rico and the Virgin Islands. NARUC's member agencies regulate telecommunications, energy, and water utilities. NARUC represents the interests of state public utility commissions before the three branches of the federal government.*
