WASHINGTON (August 19, 2025) — The National Association of Regulatory Utility Commissioners has issued a statement in response to President Donald Trump’s selection of Commissioner David Rosner as chairman of the Federal Energy Regulatory Commission.

“NARUC congratulates Chairman Rosner on this well-deserved appointment to lead FERC. We appreciate his active engagement with NARUC and ongoing participation in the Federal-State Current Issues Collaborative,” said NARUC President Tricia Pridemore of Georgia. “Through these dialogues, we are better able to address the significant challenges faced by federal and state utility regulators. We look forward to working with Chairman Rosner and the other FERC commissioners and their staff.”
