

The Intersection of COVID, the Recession, and Race and Their Impact on Utility Regulation

Sponsor Opportunities

We are pleased to present opportunities for individuals and organizations to partner with NARUC as we seek to facilitate meaningful dialogues and produce resources that will lead to more inclusive environments across the utility and energy spectrum.

Share Your Story on Diversity and Inclusion

The webinar includes a 15-minute transition/break between Part I and Part II. During this time, we have opportunities for you to help tell your organization's story on building an inclusive culture, addressing racial and social inequities, and creating a commitment to diversity.

As an **Executive Suite** or **Roundtable Sponsor**, provide a short video that responds to **one** of the statements below, which reflects:

1. How [your organization] has created an inclusive culture.
2. How [your organization] has addressed racial and social inequities in the communities we serve.
3. How [your organization's] leadership has demonstrated a commitment to diversity and inclusion.

Discussion Leader Sponsors can address **one** of the questions on its website through a written statement. We'll include a link to your statement on our website, in marketing e-blasts, and the NARUC newsletter.

All Sponsors

- Your logo will be featured on the webinar page and in all e-blasts to members and subscribers.
- You will be recognized during the webinar.
- Videos will be featured on NARUC's YouTube channel.
